Welcome To Ms. Moore's Class!

Academic parent teacher team Session #1

Please make sure to sign in on the sign in sheet located on the desk by the classroom door.

What we plan on doing tonight

- Icebreaker
- Review of Grade Level Skill
- Review of Your Child's Progress
- Activities You Can Do At Home
- Set Goals for Your Student

Survey

- Please take a moment to fill out a quick survey located inside your red folder.

Icebreaker Activity

Lets get to know one another

Hot dogs anybody? The world of hot dog eaters is often divided into 3 categories:

- Only Mustard
- Only Ketchup
- Both!

Please discuss your preferences and place yourself into one of the 3 groups.

The Grade Level Skill

- The Grade Level Skill we will work on is multiplication facts….because…they are the foundation for being successful with division and 4th grade math.
- We used a timed test of 100 multiplication problems to assess this skill.
- Our Class Goal is 100% accuracy in 5 minutes over 100 problems. We will concentrate on basic facts 0-9.

Our Class Graph

How You Can Help At Home

Practice Activity #1:

- Flash cards are the fastest way to build fluency. Practice daily for just 5-10 minutes each night. This builds the skills quickly.

Multiplication Facts Grid:

- This is a handy graphic organizer to keep track of your child's progress toward their individual goal.

Let's Model The Activity

- Flash Cards

Track progress with color grid.

~Mastery is reached when the problem is answered in 3 seconds or less.

~Only use basic fact flashcards 0 – 9 for this activity.

~I will send home a blank grid at the beginning of every month so you can track your child's progress.

How You Can Help At Home

Other Resources:

- Google "math magician" the first search result is the one to use from Oswego Schools. It features timed 1 minute multiplication tests.

Moby Max:

- Moby Max is a new online program that we will be using at our school. It covers all academic areas, however, you will use it for fact fluency.

Let's Model The Activities

- Math Magician

- How to use the basic fact grid for multiplication.

Let's Model The Activities

- Moby Max
- Student login information is in the red folder.
- Please keep this in a handy place for your child.
- Login information is also in your child's classroom binder (in protective sleeve).

Set Goals

- Let's Set Goals for Our Next Meeting

Thank You For Coming

- We will set up Individual Student Conferences Soon
- Students Need to Attend
