FEDERAL GRANTS INFORMATION

Disclaimer: The federal grants funded under the Strengthening Career and Technical Education for the 21st Century Act of 2018 (Perkins V) are awarded based on the availability of funds.

Please refer to the **Guidelines for Use of Perkins V Funds** for further clarification on budgeting Perkins Funds. **Note:** a clear and detailed description must be provided for each budget entry made on the budget tab of each grant. The product(s) or service(s) that will be purchased must be clearly identified along with the CTAE pathway(s) that will be served.

Guidance for completing the “Local Board of Education Approved Funds by Object Code” located in the Program Improvement Grant on the GaDOE Consolidated Application on the Local Maintenance of Effort TAB.

Object Code (100) - Include total salaries to be paid from Quality Based Education (QBE) or Local Funds within Object code 100 for all Careers, Technical and Agricultural Education teachers, administrators, and support staff. Include personnel in grades 6 through 12 and system level for all Job Codes and Subject Codes under Career, Technical and Agricultural Education. Do not include salaries paid from Perkins or other career and technical education grant funds. Only include the portion of salaries for the time assigned to Career, Technical and Agricultural Education courses and responsibilities for personnel assigned to other activities for part of the day.

Object Code (200) - Include employer cost for employee benefits to be paid for from QBE or Local Funds for all Career, Technical and Agricultural Education personnel as described above.

Object Code (300) through (800) - Include all anticipated expenditures to be paid from QBE or Local Funds for Career, Technical and Agricultural Education programs under Broad Object Categories 300 Professional Purchased Services, 400 Purchased Property Services, 500 Other Purchased Services (Travel), 600 Supplies (includes Expendable Equipment), 700 Property (Equipment) and 800 Other.

Object Code Totals – The total QBE and Local funds budgeted for FY 2021-22 must equal or exceed the amount from the Local Plan for FY 2020-21 to comply with the Federal Maintenance of Effort Requirement. Enter this total in the Local Maintenance of Effort chart in the Local Plan/Consolidated Application.

Supplanting with Perkins Funds

Sec. 211-Fiscal Requirements of the Perkins V Guidelines indicate that “funds made available under this Act for career and technical education activities shall supplement, and shall not supplant, non-Federal funds (local or state funds) expended to carry out career and technical education activities.”

The intent is always to demonstrate that the expenditure of funds improves or expands career education. In both cases, **the expenditure of funds must be above normal operational expenses.** Therefore, the Eligible Recipient must provide all state and local funds needed to operate the program in the absence of federal funds (i.e. routine operating expenses such as building maintenance and repairs, landscaping and custodial service, basic teacher and student equipment and supplies). Grantees **may not use federal funds to pay** for services, staff, programs, or materials **that would otherwise be paid for with state or local funds.**

Supplanting **occurs when federal dollars replace what is typically paid for by local/state dollars** to support career education programs and activities. Grant recipients must monitor expenditures to ensure that Perkins funds are not supplanting the general requirements of the Eligible Recipient. This law is designed to ensure that Perkins funds pay for something extra, not the day-to-day operational costs.

Perkins grant funds must not result in a reduction to state or local funding that would have been available to conduct the Activity had these funds not been received. This means that Perkins funds may not free up state or local dollars for other purposes but should create or augment programs to an extent not possible without Perkins dollars. The Eligible Recipient must be able to demonstrate that Perkins funds are added to the amount of state and local funds that would, in the absence of Perkins funds, be made available for uses specified in the Eligible Recipient’s Local Application.

Comparison Categories for Federal Non-Supplanting Issue – The total funds for Object Codes 300/400, 500, 600, 700 and 800 expended for Career and Technical Education and Agricultural Education programs from QBE and Local Funds must equal or exceed *the combined total* amounts expended from Perkins funds for Object Codes 100, 200, 300, 400, 500, 600, 700 and 800. However, systems do not have to match local funds dollar for dollar by object code category. This is to ensure non-supplanting of state/local funds with federal funds.

CTAE FUNCTION CODES/DESCRIPTIONS

The following are the only Function Codes that can be used for CTAE related activities.

Function Code 1000-Instruction

Instruction includes activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) that assist in the instructional process.

Function Code 2210- Improvement of Instructional Services

Technical and logistical support activities designed to aid teachers in developing the curriculum, preparing, and using special curriculum materials, and understanding the various techniques that stimulate and motivate students. These services facilitate, sustain, and enhance instruction techniques. Includes costs associated with technology personnel (Technology Specialists), contracted support services, systems planning and analysis, systems application development, network support services, and other technology-related costs that relate to the support of instructional activities. **Effective FY 2018 – All CTAE Instructional Staff Training (professional development) costs will be reported using Function 2213.** Training and professional development for other, non-instructional employees should be reported in their respective functions.

Function Code 2213 – Instructional Staff Training

Activities associated with the professional development and training of CTAE instructional personnel. These include such activities as in-service training (including mentor teachers), workshops, conferences, demonstrations, and other activities related to the ongoing growth and development of instructional personnel. Training that supports the use of technology for instruction should be included in this code. The incremental costs associated with providing substitute teachers in the classroom (while regular teachers attend training) should be captured in this function code. All costs should be charged to this code regardless of whether training services are provided internally or purchased from external vendors. **It should be noted that the salary or compensation of a teacher who is attending training would still be reported in function 1000.**

Function Code 2230- Federal Grant Administration

Costs associated with the administration of federal grants. **Expenses incurred by the CTAE Director should be budgeted under this function code.**

Function Code 2300- General Administration at the District Level

Activities concerned with establishing and administering policy for operating the LUA (Local Unit of Administration). These include the activities of the members of the Board of Education. Local activities in interpretation of the laws and statutes and general liability situations are charged here, as are the activities of external auditors. Also recorded here are activities performed by the superintendent, administrative support personnel and deputy, associate, or assistant superintendent having overall administrative responsibility. **Only the cost of Single Audit Fees and Federal Indirect Cost should be budgeted under this function code.**

Function Code 2400- School Administration

Activities concerned with overall CTAE administrative responsibility for school operations.

FEDERAL GRANTS

Program ID 3324 CTAE Perkins V Program Improvement Grant

1. Broad Budget Guidelines

The funds allocated by the Perkins V-Program Improvement Grant must be budgeted for activities to **improve** Career and Technical Education programs as provided for in the 2018 Strengthening Career and Technical Education for the 21st Century Act (Perkins V). Each eligible recipient that receives funds under the Perkins V Act shall use such funds to **develop, coordinate, implement, or improve CTAE pathways** to meet the needs identified in the Comprehensive Local Needs Assessment (CLNA).

The following CAP has been placed on the Program Improvement Award:

Five percent (**5%**) or less of the Program Improvement Grant allocation can be budgeted for the total *Administrative Cost* in Function Codes 2230, 2300 and/or 2400.

2. Allowable Budget Codes

A. Function Codes: For this funding source, **only** the following **function codes** are allowable:

- ❖ 1000 – Instruction
- ❖ 2210 – Improvement of Instructional Services
- ❖ 2213 – Instructional Staff Training
- ❖ 2230 – Federal Grant Administration
- ❖ 2300 – General Administration at the district level
- ❖ 2400 – School Administration

B. Coding Budget Items for Overarching Needs: Every budget line item (except for the five percent (5%) or less *Administrative Cost* allowance) must reference the overarching need(s) it supports. A code will be placed in the Description area of the Consolidated Application budget to indicate the overarching need to be addressed. The following name convention will be used in the Consolidated Application: For Overarching Need #1, begin the description with **OAN1**. For Overarching Need #2, begin the description with **OAN2**, etc.

C. Please include the related pathway(s), as well as any applicable specific CTSO, with each budgeted item (except for the five percent (5%) or less *Administrative Cost* allowance).

D. For Function Code **1000 Instruction** only the following **object codes** are allowable:

- ✦ 113 – Substitute: Serves as temporary replacement on a daily basis for any CTAE certified teachers participating in a CTAE related Activity. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**

- ✦ 199 – Other Salaries and Compensation: Salaries associated with job codes and duties not classified elsewhere. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 300 – Purchased Professional and Technical Services: Services that can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided. **Systems may use this object code to budget for the cost of tests related to the End of Pathway Assessment or when purchasing substitute services from an outside agency.**
- ✦ 430 – Repair and Maintenance Services – Expenditures for repairs and maintenance on equipment originally purchased with Perkins funds. **Service agreements may not include replacement of the item being serviced. In the budget description, please indicate the fiscal year the equipment to be repaired/maintained was purchased with Perkins funds. In the budget description, please include the year the equipment was purchased with Perkins funds.**
- ✦ 432 – Repair and Maintenance Services – **Technology Related:** Expenditures for repairs and maintenance services for technology equipment that are not directly provided by school district personnel. Equipment must have been originally purchased with Perkins funds. **Service agreements may not include replacement of the item being serviced. In the budget description, please indicate the fiscal year the equipment to be repaired/maintained was purchased with Perkins funds.** (e.g. Personal computers and servers, main frames...).
- ✦ 443 – Rental of Computer Equipment: Expenditures for leasing or renting of computer equipment including CPUs, storage devices, printers, input devices, word processors, or other equipment needed for electronic computing for improving CTAE programs.
- ✦ 532 – Communications: Web-based licenses and annual subscriptions for software via the internet. This does not include virtual curriculum.
- ✦ 580 – Travel (Employees accompanying students): Expenditures for transportation, meals, hotel, and other expenses associated with staff travel for the LUAs. **Consultant travel is recorded in object 300.**
- ✦ 610 – Supplies: All supply items that cannot be properly classified as technology supplies, computer software, textbooks, or books and periodicals, *as defined in objects 611, 612, 641, and 642.* This would include small tools or items that are not repairable. Also, printing cost, when the supplies are a major part of the expense, would be recorded here.
- ✦ 611 – Supplies: Technology Related, included are supplies that are typically used in conjunction with technology related hardware or software (Examples: Flash Drives, SD cards, calculators, batteries, data cords, small hard drives, etc.).

- ✦ 612 – Computer Software: Expenditures for the purchase of perpetual computer software that has already been developed (one time installation – owned by the LUA). This does not include virtual curriculum. **Contracted services for developing software should be recorded in object 300.**
- ✦ 615 – Expendable Equipment: Items with a *per-unit cost less than \$5000*, that might otherwise be classified as “equipment” rather than “supplies.” Examples: welders, table saws, stand mixers, etc. **An inventory of these items should be maintained for control/audit purposes for a minimum of five years.**
- ✦ 616 – Expendable Computer Equipment: Items purchased with a *per-unit cost less than \$5000*. Examples: iPads/tablets, computers (assembled), printers, scanners, digital and video cameras, 3D printers, projectors, interactive boards, or other computer related items. **An inventory of these items should be maintained for control/audit purposes for a minimum of five years.**
- ✦ 642– Books and Periodicals (Other than state approved textbooks): Expenditures for the purchase of all books and periodicals (other than textbooks) available for general use, including reference books.
- ✦ 730 – Purchase of Equipment (*Cost of \$5,000 or more per assembled unit*): Expenditures for initial, additional, and replacement items of large equipment. **An inventory of these items should be maintained for control/audit purposes for a minimum of five years.**

To be charged to 730 equipment, an item must meet the following criteria:

- the cost must be \$5,000 or more per unit,
- must be repairable, and
- the life expectancy must be more than one year.

- ✦ 734 – Purchase or Lease-Purchase of Computers (*Cost of \$5,000 or more per assembled unit*): Expenditures for the purchase or lease-purchase of computers including CPUs, storage devices, printers, 3D printers, digital and video cameras, interactive boards, input devices, word processing, or other equipment needed for electronic computing. Items charged here must meet the three criteria noted in object code 730. **An inventory of these items should be maintained for control/audit purposes for a minimum of five years.**
- ✦ 810 – Dues and Fees: Expenditures for individual registration fees and system level membership dues in professional organizations paid by the Eligible Recipient. Note: Grant funds cannot be expended for individual staff memberships (example: to professional associations), or student memberships and fees (example: to student organizations). **Systems may use this object code to budget for the cost of tests related to the End of Pathway Assessment. Registration for a state or national conference affiliated with a program area will be paid at the member rate.**

E. For Function Code **2210 Improvement of Instructional Services** (see page 6) only the following **object codes** are allowable:

- ✦ 113 – Substitute: Serves as temporary replacement on a daily basis for any non-instructional staff, such as a paraprofessional participating in a CTAE related Activity. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 116 – Professional Development Stipends: Funds awarded to qualified certified personnel for having successfully completed formal educational opportunities occurring at any time during the fiscal year outside of an employee's normal contract hours and for which either professional learning units (PLUs) or college credits, earned in a regionally-accredited institution, are awarded in accordance with an approved professional development plan. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 190 – Other Management Personnel: **This object code to be used only for purpose of budgeting the Transition and Career Partnership Coordinator's cost - if funds are used for this purpose.** This is for the purpose of coordinating the transition and career partnership activities for the system. **This Activity must have existed in prior years to be considered for approval. BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 199 – Other Salaries and Compensation: Salaries associated with job codes and duties not classified elsewhere. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 230 – Employee Benefits: Employer share of TRS paid on behalf of employee. System may use grant funds to pay employer teachers retirement cost for benefits for any salaries eligible under broad object category 100 (use in function code 2210 only if object code 190 is used). FY22 employer rate is 19.81%.

- ✦ 300 – Purchased Professional and Technical Services: Services that can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.
- ✦ 530 – Communication: Services provided by persons or businesses to assist in transmitting and receiving messages or information. This category includes telephone and telegraph services, postage machine rental, postage, and fax services.
- ✦ 532 – Communications: Web-based licenses and annual subscriptions for software via the internet. This does not include virtual curriculum.
- ✦ 580 – Travel (Employees): Expenditures for transportation, meals, hotel, and other expenses associated with staff travel for the LUAs. **Consultant travel is recorded in object 300. School Counselor travel should be budgeted here under Function 2210.**
- ✦ 610 – Supplies: All supply items that cannot be properly classified as technology supplies, computer software, textbooks, or books and periodicals, *as defined in objects 611, 612, 641, and 642*. This would include small tools or items that are not repairable. Also, printing cost, when the supplies are a major part of the expense, would be recorded here.
- ✦ 611 – Supplies: Technology Related, included are supplies that are typically used in conjunction with technology related hardware or software (Examples: Flash Drives, SD cards, calculators, batteries, data cords, etc.).

Program ID 3325 CTAE Perkins V Perkinsplus Reserves Grant (Budget must be specific to the Grant requirements).

1. Broad Budget Guidelines

To meet the intent of the new Perkins V legislation, the Georgia Department of Education has developed the Perkins V- Perkinsplus Reserve Fund grant. The Reserve grant is designed to supplement the resources of local school systems in rural areas, areas with high percentages of career education students; or areas with high numbers of career and technology education students and was adversely affected by the change in the Perkins V funding formula. Funds must be spent in order to foster innovation through the identification and promotion of promising and proven career and technical education programs, practices, and strategies, which may include programs, practices, and strategies that prepare individuals for nontraditional fields; or promote the development, implementation, and adoption of programs of study or career pathways aligned with State-identified high-skill, high-wage, or in-demand occupations or industries. **Prior approval is required before creating a budget amendment. System directors must email LPlan@doe.k12.ga.us to seek prior approval.**

2. Allowable Budget Codes

A. Function Codes: For this funding source only the following function codes are allowable:

- ❖ 1000 – Instruction
- ❖ 2210 – Improvement of Instructional Services
- ❖ 2213 – Instructional Staff Training

B. For Function Code **1000 Instruction** only the following **object codes** are allowable:

- ✦ 113 – Substitute: Serves as temporary replacement on a daily basis for any CTAE certified teachers participating in a CTAE related activity. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 199 – Other Salaries and Compensation: Salaries associated with job codes and duties not classified elsewhere. **BENEFITS NOT ALLOWED. Requires a Personnel Activity Report (PAR).**
- ✦ 300 – Purchased Professional and Technical Services: Services that can be performed only by persons or firms with specialized skills and knowledge. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided. **Systems may use this object code to budget for the cost of tests related to the End of Pathway Assessment or when purchasing substitute services from an outside agency.**
- ✦ 532 – Communications: Web-based licenses and annual subscriptions for software via the internet. This does not include virtual curriculum.

- ✦ 580 – Travel (Employees accompanying students): Expenditures for transportation, meals, hotel, and other expenses associated with staff travel for the LUAs.
