NOW THEREFORE, in consideration of the promises, mutual agreements, and covenants contained herein and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Definitions. The terms below will be interpreted in accordance with the following definitions, unless and until federal or state law, or the state accountability system, is amended otherwise:
 - a. Adequate Yearly Progress (AYP): Adequate Yearly Progress is a measurement based on a series of performance goals that every school, Local Educational Agency, and state must achieve within specified timeframes in order to meet the 100% proficiency goal established by the federal No Child Left Behind Act of 2001 (“NCLB”), subject to any amendment, waiver or reauthorization thereof.
 - b. Annual Measurable Objectives (AMOs): In defining Adequate Yearly Progress, each state sets the minimum levels of improvement, based on student performance on state standardized tests that school districts and schools must achieve within time frames specified in law in order to meet the 100% proficiency goal under No Child Left Behind. These levels of improvement are known as Annual Measurable Objectives, and they ensure that all student groups, schools, school districts, and the State as a whole reach the 100% proficiency goal by 2013-2014, subject to any amendment, waiver or reauthorization of NCLB.

- c. Elementary and Secondary Education Act as Amended (ESEA as Amended): The federal education statute, originally passed by the U.S. Congress in 1965, that defines the role of the federal government in public education and authorizes many of the major federal education programs, including Title I. This Act was reauthorized by Congress in 2001 as the No Child Left Behind Act.
- d. College and Career Academy: A specialized charter school established by a partnership which demonstrates a collaboration between business, industry, and community stakeholders to advance workforce development between one or more local boards of education, a private individual, a private organization, or a state or local public entity in cooperation with one or more postsecondary institutions and approved by the State Board of Education in accordance with Article 31 of Chapter 2 of Title 20 or the Georgia Charter Schools Commission in accordance with Article 31A of Chapter 2 of Title 20.
- e. College and Career Ready Performance Index (CCRPI): A comprehensive school improvement, accountability, and communication platform for all educational stakeholders that will promote college and career readiness for all Georgia public school students. CCRPI currently replaces AYP.
- f. Criterion-Referenced Competency Tests (CRCT): The Criterion-Referenced Competency Tests are state-required tests to measure student acquisition of the knowledge and skills set forth in the state curriculum. Georgia law requires that these tests be administered to students in grades three through eight in the content areas of Reading, English/Language Arts, Mathematics, Science and Social Studies.
- g. End of Course Test (EOCT): The EOCT program was created to improve student achievement through effective instruction and assessment of the state curriculum standards in associated EOCT core high school courses. The EOCT program also helps to ensure that all Georgia students have access to a rigorous curriculum that meets high performance standards. The purpose of the EOCT is to provide diagnostic data that can be used to enhance the effectiveness of the schools' instructional programs.
- h. Georgia Department of Education (GaDOE or Department): The Georgia Department of Education is the state agency charged with the fiscal and administrative management of certain aspects of K – 12 public education, including the implementation of federal and state mandates. Such

management is subject to supervision and oversight by the State Board of Education.

- i. Local Educational Agency (LEA): A Local Educational Agency is a local system pursuant to local board of education control and management.
 - j. No Child Left Behind of 2001 (NCLB): No Child Left Behind is a reauthorization of the Elementary and Secondary Education Act (ESEA) of 1965 – the principal law affecting education from kindergarten through high school. NCLB is designed to improve student achievement and close achievement gaps. States are required to develop challenging academic standards, to educate all students to 100 percent proficiency by 2014, and to create and implement a single, statewide accountability system. NCLB is subject to amendment, waiver or reauthorization.
 - k. State Board of Education (SBOE or State Board): The State Board of Education is the constitutional authority which defines education policy for public K – 12 education agencies in Georgia.
 - l. State Performance Target: The state performance target is set using all students with the goal of decreasing the percentage of students who are not proficient by 50% by 2016-2017.
 - m. Subgroup: A Subgroup under No Child Left Behind is defined as one of the following subsets of students: race/ethnicity (American Indian/Alaskan native, Asian/Pacific Islander, Black, Hispanic, Multiracial, and White); disability; limited English proficiency (LEP); and socioeconomic status. To constitute a Subgroup in Georgia for a school’s Adequate Yearly Progress determination, the Subgroup must have at least 40 students or constitute 10% of the assessed student population, whichever is greater, but not to exceed a total number of 75 students. The assessed student population is the total number of children whose test results are used to determine Adequate Yearly Progress.
 - n. Subgroup Performance Target: Individual subgroup performance targets set for each content area, statewide.

Appendices to Charter for Randolph County Schools

Appendix A

The State Board shall hold the Charter System accountable for the full performance of each of the academic goals listed below.

Goal 1: During each year of its first five-year charter term, the Charter System shall “beat the odds” as determined by a formula measuring expected CCRPI.

The Beating the Odds analysis is a cross-sectional, random effects regression model that currently uses school-based factors from the CCRPI school-level dataset, GaDOE student record file, and the Governor’s Office of Student Achievement Report Card. Note that the factors may change during the charter term. The factors in the current model include such things as:

- a. Poverty Level
- b. Race/Ethnicity
- c. Students with Disabilities
- d. English Language Learners
- e. School Size (FTE)
- f. School Grade Configuration

Goal 2: During each year of its first five-year charter term, each Charter System School shall “beat the odds” as determined by a formula measuring expected CCRPI. If each Charter System School fails to beat the odds in Year 1 of the charter, the Charter System shall decrease the number of Charter System Schools not beating the odds during Years 2 and 3 at a rate so that all Charter System Schools will beat the odds in Year 4.

Goal 3: The Charter System will demonstrate proficiency and/or improvement on the CCRPI.

1. Measure 1: Year 1 of the charter term will establish a CCRPI baseline. Randolph County School District’s CCRPI score shall be equal to or better than the State in Year 2, and better than the State in Years 3-5 of the charter contract.
2. Measure 2: If Randolph County School District’s first year CCRPI score is lower than the State, it shall have until the end of Year 2 of the charter term to close the gap between the district and the State.
3. Measure 3: In Years 3-5 of the charter term, the Charter System’s CCRPI score shall be better than the State.
