### Sample Performance Task

The students will analyze of the consequences for not following school bus safety instructions. (e.g., stay seated on the bus, going into the school bus danger zone, horseplay at the bus stop, pushing during a emergency evacuation)

#### **Description:**

Have the students in groups of 4. The students are to create a power point or poster showing the consequences for not following the school bus safety instructions. Students must show the consequences for not following school bus safety instructions: at the school bus stop, on the school bus, during an emergency evacuation, getting on and off the school bus.

Students will share their creations with the class.

## Grades 2 & 3

### Modifications:

Allow students to share their project with the teacher in private.

Allow students to do their projects with a partner (and not a group).

*\*\*Since teachers and students may not be well versed on consequences of certain bus related behaviors, Georgia Department of Education Pupil Transportation is providing an additional resource, "School Bus Rules and Consequences", for teachers to better know what consequences could result from a student's failure to carry out a safe behavior. This will better equip a teacher to provide guidance in assigning, assisting and assessing.*

*\*\*This lesson asks for students to create a poster or PowerPoint showing the consequences for not following school bus safety rules. A frequent consequence is that you get hit by the bus or a passing car. Teachers will need to monitor and use caution, as a group of four 7, 8, and 9 year old students (especially the boys) could go down a counterproductive path of being too morbid with their depictions of kids getting hit by a bus/car...*

### Assessment

#### Content Rubric for Performance Task:

#### CRITERIA:

Explain the consequences when a student does not follow safety procedures at the school bus stop; on the school bus; during an emergency evacuation; and going to/from the bus.

#### DOES NOT MEET

Student is not able to provide a power point or project showing consequences of not following school bus safety procedures.

#### NEEDS IMPROVEMENT

Student only provides 2-3 consequences of not following school bus safety procedures.

#### MEETS STANDARD

Student provides 4 consequences of not following school bus safety procedures.

#### EXCEEDS STANDARD

Student provides 5 or more consequences of not following school bus safety procedures.

# School Bus Rules and Consequences

Note - This is a reference document is for use with the Grades 2 & 3 Lesson Plan.

The following rules have a potential consequence (if not followed) of **the school bus driver not seeing the student and placing them in danger of being hit by the school bus:**

- Arrive at the bus stop five minutes before the bus is scheduled to come. Do not be running late and do not try to get on the bus as it starts to move.
- Have all items in your book bag before you leave home so you do not drop anything.
- NEVER chase after the bus.
- NEVER walk to another bus stop.
- NEVER allow your parents to drive you to another bus stop.
- Wait in an orderly group. Form an orderly line as the bus approaches, with the 1<sup>st</sup> student in line standing 12 feet away from the road.
- When you are getting on the bus and have to cross the road:
  - Cross 12 feet in front of the bus.
  - Make sure you can see the driver.
- If you drop something, leave it and move to a point out of the Danger Zone. Do not pick it up without getting the attention of and instruction from the bus driver.
- Always stay away from the front and rear bus tires.
- When you are getting off the bus and have to cross the road:
  - Walk straight away from the right front of the bus, in the bus driver's full view.
  - Always be able to see the bus driver (so they can see you).
- Anytime you are getting off the bus, make sure book bag straps, purses, clothing drawstrings, etc. do not get caught on the handrail or in the door.
- When unloading at school:
  - Walk (don't run) straight towards the school.
  - Stay away from the bus, so your driver can see you.
  - Keep walking until you get out of the danger zone, 12 feet away from the bus.
- When loading at school:
  - Walk straight towards the bus door and be sure your driver can see you.
  - Stay away from the front and rear bus tires and board the bus quickly.
  - Never chase after a moving bus. Once the buses start moving – you should stop moving.

The following rules have a potential consequence (if not followed) of **the student being hit by a passing car:**

- Wait at the bus stop in a safe place, 12 feet away from the road.
- Stay on your side of the road until the bus comes.

- When getting on the bus, always look for moving cars.
- When the danger signal (blowing of the bus horn) is given, look for the danger of passing cars that do not stop.
- If you DO have to cross the road to GET ON the bus:
  - Wait for the bus to stop and for the driver's signal for when it is safe to cross from where you are standing.
  - Stop at the edge of the road and look both ways to be sure that any moving cars come to a stop.
  - Look both ways for moving cars while walking straight across the road.
- When going home wait in the bus aisle for the driver to tell you it is OK to begin to leave the bus.
- When going home, look for moving cars in all directions, especially to your right, before stepping off the bus.
  - If you DO NOT have to cross the road to GET OFF the bus:
  - Look for cars in both directions as you walk straight away from the bus, in full view of the driver.
  - Keep walking until you are out of the danger zone, 12 feet away from the bus.
- If you DO have to cross the road to GET OFF the bus:
  - Wait for the driver's signal that it is safe to cross 2 different times
    - At the end of the crossing gate
    - At the center of the road
  - Look for cars to your left and right while walking quickly across & exiting 12 feet off the road.
  - NEVER cross behind the bus.
- Never get mail from a roadside mailbox. If a car is coming and loses control, it might run off the road.
- When unloading at school, never run between parked cars and buses.

The following rules have varied consequences (if not followed):

R - Go directly to an available or assigned seat when entering the bus.

C - Others cannot be seated if you are in the aisle and if you are standing up when the bus moves you might fall.

- R - Remain in an orderly group and wait for further instruction from your driver or a student helper.  
C - Your driver might not be able to find you and tell you what to do next.
