

Georgia CRCT-M

Criterion-Referenced Competency Tests - Modified

Summer 2014

RETEST

Test Examiner's Manual

READING - GRADES 3, 5, 8

MATHEMATICS - GRADES 5, 8

Dr. John D. Barge, State School Superintendent
"Making Education Work for All Georgians"

Secure Test Materials—Do Not Copy

All test booklets and supporting materials associated with the Criterion-Referenced Competency Tests-Modified (CRCT-M) are confidential and secure. No part of any test booklet may be reproduced or transmitted in any form or by any means, including but not limited to electronic, mechanical, manual, or verbal (i.e., photocopying, recording, paraphrasing—rewording or creating mirror items for instruction—and/or copying). To protect the validity of the test, CRCT-M materials must remain secure at all times and (excluding the *School and System Test Coordinator's Manual* and the *Test Examiner's Manual*) cannot be viewed by any individual or entity prior to or after testing. To do so is a direct violation of testing policies and procedures established by Georgia law (§20-2-281) and the State Board of Education (Rule 160-3-1-.07(2)(i)3) in addition to copyright laws and Georgia professional ethics for educators. CRCT-M materials may not be provided to any persons except those participating in test administration and those being tested. **All** test booklets (used and unused) and all supporting materials must be accounted for and returned at the completion of the test administration and in the manner prescribed in the *School and System Test Coordinator's Manual*.

INTRODUCTION

Georgia's Criterion-Referenced Competency Tests–Modified (CRCT-M) are designed to measure student acquisition of the knowledge and skills set forth in the state-mandated content standards. The CRCT-M program has been developed for those students with disabilities who are receiving special education services and whose Individualized Education Program (IEP) documents that they would be best assessed through an alternate assessment based on modified academic achievement standards. The primary purpose of the CRCT-M is to provide a valid measure of the quality of educational services provided throughout the state.

The CRCT-M Retest is offered in grades 3, 5 and 8 in Reading, and in grades 5 and 8 in Mathematics. All items are multiple-choice (40 Reading items and 60 Mathematics items). Each *Student Test Booklet* contains a single content area test. Student responses to all content areas are to be recorded on the **same** *Student Answer Sheet*.

Students will work through the test independently, using no resource materials during testing. **Students may write in their test booklets, but only answers marked on the *Student Answer Sheet* will be scored.** Students should use only No. 2 pencils on the answer sheets; highlighters may not be used to mark words or passages in the *Student Test Booklet* unless this is an accommodation in the student's Individualized Education Program (IEP). Scratch paper, provided by the Test Examiner, may be distributed to students during the Mathematics portion only and must be collected and returned to the School Test Coordinator. Calculators may not be used on the test unless their use is listed as an accommodation in the student's Individualized Education Program (IEP).

CAUTION: ONLY USE CRCT-M RETEST *STUDENT TEST BOOKLETS* AND *STUDENT ANSWER SHEETS* FOR THE CRCT-M RETEST ADMINISTRATION. THESE DOCUMENTS SHOULD ONLY BE SENT TO THE GEORGIA CENTER FOR ASSESSMENT FOR SCORING. THIS IS A DIFFERENT VENDOR FROM THE CRCT RETEST.

PURPOSE OF THIS MANUAL

This *Retest Test Examiner's Manual* provides procedural information for the Test Examiner (i.e., certified educators), as well as directions for administering the retests. Before beginning the administration, read this manual thoroughly. It is imperative that the test be administered according to the directions in this manual. If you have any questions, contact your School or System Test Coordinator.

Uniform test administration is needed to ensure high-quality assessment data. To ensure this uniformity, the Test Examiner's responsibilities are clearly outlined and detailed in this manual. Step-by-step instructions for administering the test are designed to protect its integrity and security and must be followed exactly. It is required that Test Examiners read this manual and become thoroughly familiar with all CRCT-M administrative procedures before administering the tests.

This manual contains instructions for the Test Examiner, as well as directions to be read aloud to students. The information to be read aloud to students is printed in **bold** type. Instructions for the Test Examiner, interspersed in the spoken material, are bracketed and printed in italics. Other information appears in regular type. It is required that the Test Examiner read through these directions and become familiar with the test administration procedures before giving the assessment.

TEST MATERIALS

In addition to this manual, Test Examiners will receive all test materials from the School Test Coordinator. *Student Test Booklets* must remain secure until their distribution to Test Examiners. It is important that the *Student Answer Sheets* remain free of stray pencil marks or loose eraser bits and that they are not folded, clipped, stapled, rubber-banded, taped, or torn. They may be banded with adding machine tape.

Each test consists of multiple-choice questions. Students will use one *Student Answer Sheet* to record their answers. In order to acquaint students with the correct procedures for recording answers, sample questions are provided, and directions for filling in answers are provided on the *Student Answer Sheet*.

NOTE: Materials will be shipped to arrive two weeks prior to the system's/school's four day testing window.

TEST SECURITY

The CRCT-M Retests are secure tests. Maintaining security of all test materials is crucial to obtaining valid and reliable test results. Therefore, test materials must be kept in locked storage, except during the actual test administration. Access to secure materials must be restricted to authorized individuals only (e.g., Test Examiners and the School Test Coordinator). It is the direct responsibility of all individuals who administer the test to follow security procedures.

Student Test Booklets and the items therein are to be used solely for test purposes and may not be disclosed or used for any other purpose. *Student Test Booklets* must remain individually sealed until test administration begins.

The CRCT-M Retests must be administered by a certified educator. During test sessions, Test Examiners are directly responsible for the security of the tests and must account for all test materials at all times. When the materials are not in use, they must be kept in locked storage. At the conclusion of each testing session, Test Examiners must return all used and unused test materials to the School Test Coordinator. For additional information, refer to the Roles and Responsibilities section of the *2013–2014 Student Assessment Handbook*, which can be downloaded at <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Assessment/Pages/Information-for-Educators.aspx>.

When it is necessary to transpose student responses and demographic information onto an answer document (due to a soiled answer document or required by an accommodation), this action must be completed by certified personnel in the presence of a witness who also holds a PSC-issued certificate. An administrator should also be present and may transpose student responses or serve as the certificated witness. All transposition of student responses must be coordinated by the School Test Coordinator.

NOTE: The completion of the transposition must be documented in writing on the **Validation Form for Transposing Answer Documents** located on page 177 of the *2013–2014 Student Assessment Handbook* and the documentation maintained by the School and System Test Coordinators. If transposition is not completed, students will not receive a score.

Students must be instructed to write their names on the cover of their *Student Test Booklets* (and on their scratch paper for the Mathematics test) to help account for materials at the end of each test session. **Students may write in their test booklets (e.g., underline and/or circle key words, or work problems), but only answers marked on *Student Answer Sheets* will be scored.**

Testing conditions, especially supervision and seating arrangements of students, should be designed to minimize the potential for cheating. The Test Examiner must supervise the test administration at all times. Further, test examiners should review pages 29-30 of the *2013–2014 Student Assessment Handbook* relative to electronic devices. **All instances of test security breaches and testing irregularities must be reported to the School Test Coordinator immediately.** If questions arise, or if any situations occur that could cause any part of the test administration to be compromised, please have your System Test Coordinator contact Assessment and Accountability as soon as possible at (800) 634-4106 or (404) 656-2668.

PREPARING FOR THE RETESTS

This *Retest Test Examiner's Manual* will be used to administer the CRCT-M Retest in Reading and Mathematics. Each content area test consists of multiple-choice items. Each content area test is in a separate test booklet. Students will use one *Student Answer Sheet* to record their answers for all content areas.

The use of a proctor for each test session is recommended. When 30 or more students are to be tested in one location, the assistance of an administration proctor is **required**. Proctors may assist the Test Examiners in preparing the room and monitoring, as well as assisting students with the completion of student demographic information on the first page of the *Student Answer Sheet*.

Before administering the CRCT-M, make sure that you have the following materials:

- A copy of this *Test Examiner's Manual*
- One *Student Test Booklet* for each student
- One *Student Answer Sheet* for each student
- Two No. 2 pencils with functional erasers for each student
- Blank scratch paper for the Mathematics test (at least two sheets per student). This is only to be distributed when the Mathematics test is administered.
- A timing device, such as a clock or watch, to keep track of time during testing
- A "Testing—Do Not Disturb" sign to post on the classroom door

NOTE: The Test Examiner should have a list of the student identification numbers for all students in the class or group, in case questions arise while filling in the student information on the *Student Answer Sheet*. This list should be considered secure personal information. In addition, schools and districts may find it advantageous to have a list of students that are to be tested on the CRCT-M. This list should include which subject test(s) the student is to take on the CRCT-M, as well as accommodations for each student.

Arrange test materials so that distribution is organized and efficient. Become familiar with the *Student Answer Sheet*; you may want to have some of this information written on the board prior to the beginning of the testing session.

Before beginning the test, make sure that each student has the following:

- One CRCT-M *Student Test Booklet*
- One CRCT-M *Student Answer Sheet*
- Two No. 2 pencils with functional erasers
- Two sheets of blank scratch paper for the Mathematics test only

Workspace for each student should be large enough to accommodate an open *Student Test Booklet* and a *Student Answer Sheet*. Workspaces should be cleared of all other materials. During testing, students should be separated by a reasonable distance to encourage independent work and to prevent collaboration. **Posters, charts, and other instructional material related to the content being tested**

and displayed in the classroom should not be available to students during test administration. Take down or cover all such material.

You may want to plan an activity for those students who finish early. For example, you may want to tell students to have a book to read or some other work to do if they finish the test early. This work must be unrelated to the content being tested, and students may not be permitted to open their *Student Test Booklets* again after they have had access to non-test related material.

STUDENT DEMOGRAPHIC INFORMATION

Pre-ID labels are not provided for the CRCT-M Retest. Schools will have two options for entering student demographic information on the Student Answer Sheet.

- 1) It can be entered by students at the beginning of the testing period. Directions are provided in the examiner's script. (See page 17 of this manual.)
- 2) It can be entered prior to testing by certified personnel in the presence of the Testing coordinator or other certified administrator in keeping with the directions provided in this manual. These persons must be trained regarding the proper handling of secure test materials (receipt, distribution, pre- and post-administration activities, etc.). Once demographic information or student answer choices have been entered, the Student Answer Sheet is considered secure and may only be handled by certified personnel under the direct supervision of the School Test Coordinator or other certified administrator.

SCHEDULING THE CRCT-M RETESTS

The Reading and Mathematics CRCT-M Retests will be administered to students within the state Retest testing window of May 12 – July 25, 2014. To accommodate the varying school schedules of elementary and middle schools (or both at one time), each system must choose one or two testing periods of four consecutive school days within the Retest window for all schools to administer all regular and makeup tests. Makeup tests are required, except for students who are absent during all four days or who transfer into the system after the state retest window.

All students should be tested in surroundings that will provide them with the opportunity to do their best work on the test. In schools where students in several classes are being tested, each classroom of students should take the same content area at the same time.

The CRCT-M Retests must be administered in the prescribed order: Reading and then Mathematics. Each content area test consists of two sections and is designed to be administered in one block of time on the same day. Both sections of a content area test must be scheduled for the same day. **Under no circumstances may a content area test be scheduled on multiple days – to do so is a direct violation of test security.**

Halfway through the administration of each content area test (between sections 1 and 2), students should be given a 10-minute break. It is highly recommended that Test Examiners administer only one content area test per day.

The administration time for the CRCT-M Retests, as indicated in the following table, should be sufficient for students to complete each test section. The administration of each section of the test should allow for up to 70 minutes. **All** students should be given at least 45 minutes to complete each section of a content area test. If all students finish the section before 70 minutes have passed, the Test Examiner may end the session early. However, if there are students who are still productively engaged in completing the section, testing should continue until all students have finished or for the full 70 minutes. Unless specified in an IEP, IAP or EL/TPC Plan, students should have a minimum of 45 minutes and a maximum of 70 minutes to complete each section of a content area test.

CRCT-M RETEST ADMINISTRATION SCHEDULE		
CONTENT AREA	TASK	TIME ALLOTTED
Reading	Distribute <i>Student Test Booklets</i> , <i>Student Answer Sheets</i> , and read directions Complete the student demographic information Code Reading Form	15-20 minutes
	Test Administration, Section 1	45-70 minutes
	Break	(10 minutes)
	Test Administration, Section 2	45-70 minutes
	Total Administration Time	115 - 170 minutes
Mathematics	Distribute <i>Student Test Booklets</i> , <i>Student Answer Sheets</i> , and read directions Complete the student demographic information Code Mathematics Form	15-20 minutes
	Test Administration, Section 1	45-70 minutes
	Break	(10 minutes)
	Test Administration, Section 2	45-70 minutes
	Total Administration Time	115 - 170 minutes

ADMINISTERING THE CRCT-M RETESTS

This *Retest Test Examiner's Manual* should be used to administer the Reading and Mathematics CRCT-M. Before you administer the CRCT-M Retests, make sure you have extra No. 2 pencils available and that students' desks are cleared of all other materials.

On the first day of testing, it is very important that students complete the following steps:

- Write their names on the *Student Test Booklet*. There is a separate test booklet for each content area, but students will use the same *Student Answer Sheet* (with their name on it) for every day of testing.

Some students may not be familiar with how to fill in answers. To familiarize students with the correct procedure, sample items are provided at the beginning of each of the test's content areas. Sample question areas are provided in each area of the answer document. Verify that students do not mark the sample question response as their response to Item 1 on the *Student Answer Sheet*. During each test session, circulate around the room to see that students are recording answers in the correct section of the answer sheets. This process will be referred to as "circulate and check."

Students may underline and circle key words or work problems in their test booklets (using a No. 2 pencil), but only answers marked on *Student Answer Sheets* will be scored.

It is required that Test Examiners adhere to the script provided in this manual for administering the Reading and Mathematics Retests. You may repeat any part of these directions as many times as needed, but you should not modify the words used. Use your professional judgment in responding to student questions that arise during the testing session. **You may clarify directions; however, under no circumstances should you reword or re-order test items, suggest answers, or evaluate student work during the testing session.** Read, word-for-word, the material that is printed in **bold type** and preceded by the word "**Say.**" The material in both regular type and *italics* is information for you and should not be read to the students.

For the Mathematics test, students should be given at least two sheets of blank scratch paper. Students must print their names in the upper right-hand corner of each sheet of scratch paper they receive. Students may ask for more scratch paper during the test administration, if necessary. All scratch paper must be accounted for (used and unused) and returned to the School Test Coordinator with the other test materials. **Unless specified by a student's IEP, calculators are not allowed on the Mathematics test.**

For students whose IEPs clearly specify a reading accommodation, use a *Student Test Booklet* to administer the accommodation. It is prohibited to test any student with any accommodation other than those explicitly listed in the student's IEP.

If testing is interrupted at any time during the test session (by a fire alarm or a student becoming ill, for example), note the time the interruption begins so that you can calculate the amount of reserved time students will need to complete the test session. If students must leave the room during testing, be sure to lock the door to ensure the security of the test materials. Should you have any questions about an individual situation, please contact your School Test Coordinator.

ADMINISTERING THE BRAILLE VERSION

The directions in this manual also apply to the administration of the Braille version of the CRCT-M Retest. Additional Braille instructions are as follows:

- Braille test books will be individually packaged, including a *Student Test Booklet* for reference.
- References to specific page numbers in the standard *Student Test Booklet* may be incorrect for the Braille version. To supply the correct page numbers and other references, Test Examiners should review - prior to testing - all test materials that accompany the Braille test book, including the supplemental instructions and the standard *Student Test Booklet* for that content area.
- Follow the procedures in the **Preparing for the Retests** section on page 7 of this manual regarding bubbling demographic information and other coding. The Test Examiner must also print the student's name on the front cover of each Braille test book.
- Indicate on the *Student Answer Sheet* that the student was administered the Braille version by filling in the circle next to "Braille" in Section 15.
- Because extra time may be needed for administering the Braille version, it is recommended that students be tested individually or in a small-group setting.
- Test Examiners who administer the Braille version will use the included *Student Test Booklet* throughout testing.
- Depending on the manner in which responses are provided by the student, the student responses must be transposed onto the *Student Answer Sheet* exactly as provided by the student. When a Braille student responds by pointing to the answers or giving a response in English, the Test Examiner is permitted during the course of test administration to fill in student responses on the *Student Answer Sheet*. When a Braille student responds by using a Braille writer or marking answers in the test booklet, the procedures for transposing student responses located in the Test Security section on page 6 of this manual should be followed. In each instance, the Test Examiner must provide written affirmation to the School Test Coordinator that student responses have been completed on the *Student Answer Sheet* with fidelity. Under no circumstances should a student's answer be altered or edited - **to do so is a direct violation of test security**.
- If it is necessary to transpose student responses to a *Student Answer Sheet*, responses must be transposed exactly as they appear in the Braille test book. For guidance about transposing students' answers, refer to page 44 of the *2013–2014 Student Assessment Handbook*, which can be downloaded at <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Assessment/Pages/Information-For-Educators.aspx>. This process must be documented (form located on page 177 of the *2013–2014 Student Assessment Handbook*).
- Keep the transposed *Student Answer Sheet* with the other used *Student Answer Sheets* from the student's class. The School Test Coordinator should return the Braille test books with the other nonscorable materials.

ADMINISTERING THE LARGE PRINT VERSION

The directions in this manual also apply to the administration of the Large Print version of the CRCT-M Retest. Additional Large Print instructions are as follows:

- Large Print test books will be shipped to correspond with the system's form of the test. A regular *Student Test Booklet* may be utilized when necessary for read-aloud administrations.
- Follow the procedures in the **Preparing for the Retests** section on page 7 of this manual regarding bubbling demographic information and other coding. The Test Examiner must also print the student's name on the front cover of the Large Print test book.
- Indicate on the *Student Answer Sheet* that the student was administered the Large Print version by filling in the circle next to "Large Print" in Section 15.
- Because extra time may be needed for administering the Large Print version, it is recommended that students be tested individually or in a small-group setting.
- Students who use a Large Print version are typically prescribed a testing accommodation to record their answers directly in the Large Print test booklet by circling the letters for their selected answers, writing their responses, or using a similar marking system.
- If it is necessary to transpose student responses to a *Student Answer Sheet*, responses must be transposed exactly as they appear in the Large Print test book. For guidance about transposing students' answers, refer to page 44 of the *2013–2014 Student Assessment Handbook*, which can be downloaded at <http://www.gadoe.org/Curriculum-Instruction-and-Assessment/Assessment/Pages/Information-For-Educators.aspx>. This process must be documented (form located on page 177 of the *2013–2014 Student Assessment Handbook*).
- If the Test Examiner must fill in the student response on the *Student Answer Sheet*, it should be recorded exactly as the student dictates. Under no circumstances should a student's answer be altered or edited - **to do so is a direct violation of test security**.
- Keep the transposed *Student Answer Sheet* with the other used *Student Answer Sheets* from the student's class. The School Test Coordinator should return the Large Print test books with the other nonscorable materials.

ADMINISTERING TESTS TO STUDENTS WITH A READ-ALoud ACCOMMODATION

Test items may only be read aloud to students if this accommodation is clearly specified in their IEP, IAP, or EL/TPC Plan. Follow the guidelines below to administer tests to students with a read aloud accommodation.

General Guidelines

- Read all test items exactly as they are printed in the *Student Test Booklet*. **Test items may not be explained, translated, or interpreted.** The read-aloud accommodation is **not** a substitute for the student interacting with the text; rather, it is simply a means of facilitating the student's access to the test. Therefore, the student should read along as the test items are being read.
- While oral reading of test items is a standard accommodation, **oral reading of reading passages is a conditional accommodation** and must be restricted to students who meet the specific guidelines outlined in the *2013-2014 Student Assessment Handbook*.
- All text must be read word for word exactly as written. The Test Examiner may not provide any assistance to the student regarding the meaning of words, the intent of test items, or the student's responses to test items. The Test Examiner may not rearrange the order of text in any way (e.g., reading the questions or answer choices before reading the passage). The student must be instructed to follow along in his or her test booklet as the Test Examiner reads the text aloud.
- For students with a read-aloud accommodation, it is permissible to read text in tables, charts, and graphs. If necessary, orient students to the table, chart, or graph before reading the content. However, it is not permissible to describe or interpret information contained in the table, chart, or graph in any way.
- **Each test item may be read twice** during a standard read-aloud accommodation. Test items may also be read twice during a conditional read-aloud accommodation, **but reading passages may only be read once.**
- Caution must be taken to minimize the impact of inflection, word emphasis, or reading style. Voice inflection can clue students in to the correct response or make answer choices more confusing. Read all test items at a normal pace and in a normal tone of voice. If necessary, take time before administration to practice reading appropriately.
- Some CRCT-M items have a Hint Box or Thought Bubble. These should be read in the following order:
 1. Read the question.
 2. Say "Hint Box" or "Hint" and then read what is in the box or bubble in accordance with other specific rules.
 3. Then read the answer choices.

Specific Guidelines for the Reading CRCT-M

- For students with a *standard* read-aloud accommodation, read the test items **only**; do **not** read the reading passages or describe any pictures that accompany the passages. Test items may be read twice.
- For students with a *conditional* read-aloud accommodation, read the reading passage **first**, then read each of the test items. Test items may be read twice, **but the reading passage may only be read once**.
- For items that ask a question about a specific sentence or sentences, read the question first, then the sentence or sentences (presented inside a box), and then the four answer choices.

Specific Guidelines for the Mathematics CRCT-M

- For students with a read-aloud accommodation, it is permissible to read text in tables, charts, and graphs. If necessary, orient the students to the table, chart, or graph before reading content. However, it is not permissible to describe or interpret information contained in the table, chart, or graph in any way.
- Use the table on the following page for examples of reading mathematical symbols, numbers, formulas, and abbreviations.

DESCRIPTION	EXAMPLE	READ AS:
Symbols	+	"plus"
	-	"minus"
	×	"times"
	•	"times"
	∠	"angle"
	π	"pi"
	÷	"divided by"
	>	"is greater than"
	<	"is less than"
	≤	"is less than or equal to"
	≥	"is greater than or equal to"
	≈	"is approximately equal to"
	≅	"is congruent to"
	5	"the absolute value of five"
	°F	"degrees Fahrenheit"
	°C	"degrees Celsius"
	\$1,800	"dollar sign, one thousand eight hundred"
	\$13.50, \$45.00	"dollar sign, thirteen point fifty; dollar sign, forty-five point zero zero"
-5	"negative five"	
Large whole numbers	453,562,908	"four five three comma five six two comma nine zero eight"
Decimal numbers	0.002, 0.30	"zero point zero zero two, zero point three zero"
Fractions	$\frac{3}{4}, \frac{45}{16}$	"three over four, forty-five over sixteen"
	$2\frac{3}{4} + 7\frac{8}{10}$	"two and three over four plus seven and eight over ten"
Powers and roots	$8^2, 4^3, 6^4, 3^{-4}$	"eight squared, four cubed, six to the fourth power, three to the negative fourth power"
	$\sqrt{8}$	"radical eight"
Parentheses	$4(x \div 8)$	"four open parenthesis 'x' divided by eight closed parenthesis"
	$(6^4 - 2^{12})$	"open parenthesis six to the fourth power minus two to the twelfth power closed parenthesis"
	$(x - 3)^2$	"open parenthesis 'x' minus three closed parenthesis squared"
Formulas	$A = bh$	"capital A equals b h"
Abbreviations	km, cm, ft	"kilometer, centimeter, feet (foot)"
Operations with boxes or shapes	$\square + \triangle = 26$	"box plus triangle equals twenty-six"

Refer to the *2013–2014 Student Assessment Handbook* for additional information on standard and conditional read-aloud accommodations and testing students with IEP, IAP or EL/TPC Plans.

COMPLETING THE STUDENT DEMOGRAPHIC INFORMATION

Follow these directions to complete the student demographic information on the *Student Answer Sheets*.

Students or a certified administrator should fill in this information on their first day of testing. Remember that each content area may be taken by a different group of students, so these directions may need to be repeated on each day of testing.

1. Write your name, the name of your school, and the name of your system on the board.

2. **Say** **During the next few days, you will be taking tests in Reading and Mathematics. Some of the questions may be easy, and some may be difficult. You are expected to do your best to answer each question. You must fill in your answers on the *Student Answer Sheet* with a No. 2 pencil. If you do not have a sharpened No. 2 pencil, please raise your hand.**

[Supply sharpened No. 2 pencils to students who need them.]

I am now going to give you your answer sheet. Please do not write on your answer sheet until I instruct you to do so.

[Distribute the Student Answer Sheets to each student. Monitor students to make sure they do not write on their Student Answer Sheet.]

3. **Say** **Look at the front cover of your answer sheet. Look at Section 1. Using your No. 2 pencil, print your last name, first name, first letter of your middle name if you have one, grade, the school name and system name in the spaces provided. The information that you need to complete this section is written on the board.**

[Circulate and check.]

[If students are not completing demographic information, proceed to the "Administering the Reading CRCT-M" section of these directions on p. 22.]

4.

Say

Look at Section 2, “LAST NAME” and “FIRST NAME.” In the boxes below “LAST NAME,” print the letters of your last name. Do not leave any spaces between the letters in your last name. If your last name does not fit, write as many letters as you can.

[Pause to allow students time to write their last names.]

In the boxes below “FIRST NAME,” print the letters of your first name. This should be your full first name, not a nickname. Do not leave any spaces between the letters in your first name.

[Pause to allow students time to write their first names.]

In the box below “M,” print the first letter of your middle name, if you have a middle name.

[Pause to allow students time to write the initial letter of their middle names.]

Now, finish this section by completely filling in the corresponding circles under the letters that you printed. For example, if you wrote “R,” you should fill in the circle containing “R.”

[Circulate and check.]

5.

Say

Look at Section 3: "GTID." Print your ten-digit GTID number starting in the first box on the left. Fill in the corresponding circles under the numbers you printed. If you do not know your GTID number, please raise your hand.

[Circulate and check, providing the GTID numbers to the students who have their hands raised.]

Look at Section 4: "FTE Student ID." Print your nine-digit FTE ID number starting in the first box on the left. Fill in the corresponding circles under the numbers you printed. If you do not know your FTE ID number, please raise your hand.

[Circulate and check, providing the FTE Student ID numbers to the students who have their hands raised.]

Look at Section 5: "DATE OF BIRTH." Fill in the circle beside the month you were born. Then, fill in the circles next to the year you were born. Use the last two digits of the year.

[Circulate and check.]

Look at Section 6: "GENDER." Fill in the circle next to "Female" if you are a female or the circle next to "Male" if you are a male.

[Circulate and check.]

6. **Say**

Look at Section 7: “GRADE.” Fill in the circle next to your current grade. You must enter your grade correctly or your test will not be scored correctly.

[Circulate and check.]

Look at Section 8: “ETHNICITY.” Fill in the circle next to the ethnicity that best describes you. You should fill in only one circle.

[Circulate and check.]

Look at Section 9: “RACE.” Fill in the circle next to all racial categories that apply to you: American Indian or Alaskan Native, Asian, Black or African American, Native Hawaiian or Other Pacific Islander, and White. You may fill in more than one circle in Section 9. If you have any questions about which circles you should fill in, please raise your hand.

[Circulate and check.]

Leave the rest of the boxes on this page blank. I will complete these sections for you.

[Complete sections 10–16 after the testing of all content areas has been completed. Directions for completing these sections begin on page 36 of this manual.]

Are there any questions before we continue?

7. Answer all questions. Walk around the room to see if students have completed the identifying information correctly.

NOTE for Sections 3 and 4: A GTID (Section 3) is the Georgia Testing Identifier that is used to track and maintain a student’s data within the Georgia Department of Education’s data warehouse and the local Student Information System. All PK-12 students who attend a public school in Georgia must have a GTID. The GTID is the key identifier used in all state data collections.

For the FTE Student ID (Section 4), it is imperative that students use the same student ID number here that the school or system uses to report FTE-type information to the state. Locally assigned student ID numbers should **not** be used if they do not correspond with state-reported information.

ADMINISTERING THE READING CRCT-M RETEST

Reading—Section 1

Estimated time: 45–70 minutes (plus 10 minutes for the break)

Materials needed:

- Reading *Student Test Booklets* and *Student Answer Sheets*.
NOTE: Follow the directions on pages 17-20 to complete the student demographic information on the *Student Answer Sheets* if needed.
- Sharpened No. 2 pencils with erasers

1. Make sure that all desks are cleared and that each student has his/her own answer sheet.

2. Say

The testing period has begun. Please do not talk until after you have been dismissed. It is important that you understand that cell phones, smartphones, tablets or other electronic devices are NOT allowed in the testing room at any time during testing. It is also important that I share with you that the use, or intended use, of an electronic device to look up correct answers, take pictures of test materials, or share information with others will result in an invalidation of your test and possible disciplinary action. Invalidation means that you would not receive a test score for this content area test. Before we move forward, are there any devices in the room that I need to collect?

[If applicable, collect any devices and store them in a secure location in keeping with your school's/system's procedures.]

3.

Say

[Distribute Student Test Booklets. Make sure each student has a Reading test booklet.]

Now look at the test booklet. Print your name on the line provided on the front cover of your test booklet. In the upper right corner of your test booklet there is a Form Code, 1 or 2. Now open your *Student Answer Sheet* to the Reading section. Look at section 17, "Form" in the upper right corner of the Reading page of the *Student Answer Sheet*. Bubble in the form number that matches the form number on your test booklet.

[Circulate and check.]

Do not open your test booklet until you are instructed to do so.

[Pause.]

When you have finished, set your test booklet to the side.

I will now read some opening instructions to you.

The Reading Criterion-Referenced Competency Test-Modified will be administered in two sections. Both sections of the test are made up of multiple-choice questions. When answering the questions, select the best answer and fill in the circle for the answer you have chosen. Do your best to answer each question.

Now break the seal and open your Reading test booklet to page 2.

[Pause.]

Read the General Instructions silently as I read them aloud.

Today you will be taking the Reading Criterion-Referenced Competency Test-Modified. The Reading test is made up of multiple-choice questions. A sample question has been included. The sample question will show you how to mark your answers.

4.

Say

There are several important things to remember.

- **Read each passage carefully.**
- **Some passages may have been broken up into smaller parts.**
- **Read each question carefully and think about the answer. You may look back to the reading passage as often as necessary.**
- **Answer all questions on your answer sheet, not in your test booklet. You may write in your test booklet, but only answers marked on your answer sheet will be scored.**
- **For each question, choose the one best answer, and fill in the circle for your answer on your answer sheet.**
- **If you do not know the answer to a question, fill in your best choice. You may return to the question later if you have time.**
- **If you finish the section of the test that you are working on early, you may review your answers in that section only. You may not review any other section or go on to the next section of the test.**

Are there any questions?

[Answer any questions the students may have.]

[Distribute Student Answer Sheets.]

Pick up your answer sheet and find Section 1 for the Reading test. This is where you will fill in your responses to the questions.

[Pause.]

Look at the sample question on the next page of your test booklet and follow along as we review the sample question.

The sample test question below is provided to show you what the questions in the test are like. For the sample question, choose the one best answer and fill in the circle in the space provided on your answer sheet for the answer you have chosen. Be sure to mark all of your answers to the questions on your answer sheet.

Read the sample passage and complete the sample test question now.

5. Have students read the sample passage and answer the sample question independently. Be sure they fill in the answer to the sample question in the appropriate place on their answer sheet. Ask students if they have any questions about the sample question, and answer any procedural questions.

Sample Passage

Pigs

When you think of pigs, you may think they are dirty. Pigs like to lie in the mud. But pigs are very clean animals. They stay in the mud only when it is hot. The mud keeps them cool.

Some people say that pigs are lazy. But pigs can run quickly on their little feet.

We use pigs for many things. They give us food. Their hair is used in brushes.

- S1. Why do people think pigs are dirty animals?
- A. because they live on farms
 - B. because they lie in the mud
 - C. because they play in the rain
 - D. because they are lazy animals

6.

Say

You will have 70 minutes to answer the questions in Section 1 of the Reading test. Read each question carefully, and fill in your answer in the space provided on your answer sheet. Stop when you reach the stop sign after question 20 in your *Student Test Booklet*. This will match the box with the directions, “Stop here until instructed to go on” on your *Student Answer Sheet*. If you finish this section before time is called, you may go back and check your work in this section only. You may not look ahead to Section 2 of the test. Do you have any questions about what to do or where to fill in your answers?

[Answer any procedural questions that the students may have.]

Now, turn the page to Reading, Section 1. You may begin.

7. Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 1. If all students finish before 70 minutes have passed, go on to #8 and read the script provided. Any student still productively engaged in completing Section 1 must not be asked to stop before 70 minutes have elapsed. (If you have students whose IEP provides extended time, allow these students to continue working based on the IEP.)

Say	Please stop working. Insert your answer sheet into your test booklet and close your test booklet. You may now take a break. You may stand and stretch for 10 minutes. Your test booklet should remain closed on your desk. Please do not talk.
------------	---

9. At this time, allow students to stand and stretch for 10 minutes. Make sure their answer sheets are inserted into their test booklets and their test booklets are closed. After no more than 10 minutes, continue with #10.

Say	Please sit down again. Keep your test booklet closed, and wait quietly as we get ready to move on to the next section.
------------	---

Reading–Section 2

Administration time: 45–70 minutes

- | | |
|----|--|
| 1. | <p>Say</p> <p>Now you will take Section 2 of the Reading Criterion-Referenced Competency Test-Modified. You will have 70 minutes to answer the questions in Section 2. Stop when you reach the stop sign after question 40 in your <i>Student Test Booklet</i>. This will match the box with the directions, “Stop here. You may check your work on Section 2 ONLY” on your <i>Student Answer Sheet</i>. If you finish this section before time is called, you may go back and check your work in this section only. You may not look back to Section 1. When you are finished, insert your answer sheet into your test booklet, close your test booklet and sit quietly or read a book.</p> |
|----|--|

Now take out your answer sheet and find Section 2 for the Reading test. Open your test booklet to the first passage in Reading Section 2.

[Pause while students are opening their test booklets; make sure all students are on the correct page.]

You may begin.

[Make sure students begin filling in their answers in the correct place on their answer sheet.]

2. Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 2. If all students finish before 70 minutes have passed, go on to #3 and read the script provided. Any student still productively engaged in completing Section 2 must not be asked to stop before 70 minutes have elapsed. (If you have students whose IEP provides extended time, allow these students to continue working based on the IEP.)

- | | |
|----|---|
| 3. | <p>Say</p> <p>Please stop working. Insert your answer sheet into your test booklet and close your test booklet.</p> |
|----|---|

4. Collect the test booklets and answer sheets. As you collect them, check each test booklet to make sure the student's name is printed on the front cover. Make sure the Form Code on the Reading *Student Test Booklet* matches the Form Code filled in on the *Student Answer Sheet*. Count the number of test booklets and answer sheets to confirm that all test materials are accounted for, and return them to the School Test Coordinator at the conclusion of each testing session.

ADMINISTERING THE MATHEMATICS CRCT-M RETEST

Mathematics–Section 1

Estimated time: 45–70 minutes (plus 10 minutes for the break)

Materials needed:

- Mathematics *Student Test Booklets* and *Student Answer Sheets*
NOTE: Follow the directions on pages 17-20 to complete the student demographic information on the *Student Answer Sheets* if needed.
- Sharpened No. 2 pencils with erasers
- Two sheets of blank scratch paper per student

NOTE: Unless specified by a student's IEP, IAP, or EL/TPC Plan, calculators are NOT allowed during any portion of this test. Students should be provided scratch paper. They must print their names in the upper right-hand corner of each sheet of scratch paper they receive. Students may ask for more scratch paper during the test administration, if necessary. All scratch paper must be accounted for and returned to the School Test Coordinator with the other test materials. Students may also use their test booklets for scratch paper.

1. Make sure that all desks are cleared.

2. Say

The testing period has begun. Please do not talk until after you have been dismissed. It is important that you understand that cell phones, smartphones, tablets or other electronic devices are NOT allowed in the testing room at any time during testing. It is also important that I share with you that the use, or intended use, of an electronic device to look up correct answers, take pictures of test materials, or share information with others will result in an invalidation of your test and possible disciplinary action. Invalidation means that you would not receive a test score for this content area test. Before we move forward, are there any devices in the room that I need to collect?

[If applicable, collect any devices and store them in a secure location in keeping with your school's/system's procedures.]

- | | |
|----|---|
| 3. | <p>Say</p> <p>I am going to give you your answer sheet.</p> <p><i>[Distribute Student Answer Sheets.]</i></p> <p>When you receive it, check to make sure I have given you the correct answer sheet, and not another student's. Do not mark on your answer sheet until I tell you to.</p> <p><i>[Distribute Student Test Booklets. Make sure each student has a Mathematics test booklet and his or her own answer sheet.]</i></p> <p>Now look at the test booklet. Print your name on the front cover of your test booklet. In the upper right corner of your test booklet there is a Form Code, 1 or 2. Find the Mathematics section located on the back of the <i>Student Answer Sheet</i>. Look at section 17, "Form" in the upper right corner of the Mathematics page of the <i>Student Answer Sheet</i>. Bubble in the form number that matches the form number on your test booklet.</p> <p><i>[Circulate and check.]</i></p> <p>Do not open your test booklet until I tell you to do so.</p> <p><i>[Pause.]</i></p> <p>When you have finished, set your test booklet to the side.</p> <p><i>[Circulate and check.]</i></p> <p>I am providing you with two clean sheets of scratch paper to use during the Mathematics Criterion-Referenced Competency Test-Modified. You can use the scratch paper to help you solve the math problems, but be sure to record all your answers on your answer sheet.</p> <p><i>[Distribute two sheets of blank scratch paper to each student.]</i></p> |
|----|---|

4. Say	<p>If you need more scratch paper during the test administration, please raise your hand. Now, write your name in the upper right-hand corner of each sheet of scratch paper. I will collect the scratch paper at the end of testing, whether you use it or not.</p> <p><i>[Allow students time to write their names on the scratch paper.]</i></p> <p><i>[Pause.]</i></p> <p>I will now read some opening instructions to you.</p> <p>The Mathematics Criterion-Referenced Competency Test-Modified will be administered in two sections. Both sections of the test are made up of multiple-choice questions. When answering the questions, select the best answer and fill in the circle for the answer you have chosen. Do your best to answer each question.</p> <p>Now break the seal and open your Mathematics test booklet to page 2.</p> <p>Read the General Instructions silently as I read them aloud.</p>
5. Say	<p>Today you will be taking the Mathematics Criterion-Referenced Competency Test-Modified. The Mathematics test is made up of multiple-choice questions. A sample question has been included. The sample question will show you how to mark your answers.</p> <p>There are several important things to remember.</p> <ul style="list-style-type: none">• Read each question carefully and think about the answer.• Answer all questions on your answer sheet, not in your test booklet. You may write in your test booklet, but only answers marked on your answer sheet will be scored.• For each question, choose the one best answer, and fill in the circle for your answer on your answer sheet.• If you do not know the answer to a question, fill in your best choice. You may return to the question later if you have time.• If you finish the section of the test that you are working on early, you may review your answers in that section only. You may not review any other section or go on to the next section of the test. <p>Are there any questions?</p> <p><i>[Answer any questions students may have.]</i></p>

6. **Say** **Pick up your answer sheet and find Section 1 for the Mathematics test. This is where you will fill in your responses to the questions.**
- [Pause.]*
- Look at the sample question on the next page of your test booklet and follow along as we review the sample question.**
- The sample test question below is provided to show you what the questions in the test are like. For the sample question, choose the one best answer and fill in the circle in the space provided on your answer sheet for the answer you have chosen. Be sure to mark all of your answers to the questions on your answer sheet.**
- Complete the sample test question now.**
7. Have students read and answer the sample question independently. Be sure they fill in the answer to the sample question in the appropriate place on their answer sheet. Ask students if they have any questions about the sample question, and answer any procedural questions.

Sample

S1. 13 boys and 14 girls are in Mr. Brown's class. All of them went on a field trip.

Which **number sentence** shows how many students went on the trip?

- A. $14 + 13$
- B. $14 - 13$
- C. $27 - 14$
- D. $27 - 13$

8. If you are administering the grade 5 CRCT-M Retest, skip ahead to #10. If you are administering the grade 8 CRCT-M Retest, continue with #9.

9. **Say** **Turn the page to Section 1 of the Mathematics test booklet. Below are formulas you may find useful as you work through the problems. However, some of the formulas may not be used. You may refer to this page as you take the test.**

10.

Say

You will have 70 minutes to answer the questions in Section 1 of the Mathematics test. Read each question carefully, and fill in your answer in the space provided on your answer sheet. Stop when you reach the stop sign after question 30 in your *Student Test Booklet*. This will match the box with the directions, “Stop here until instructed to go on” on your *Student Answer Sheet*. If you finish this section before time is called, you may go back and check your work in this section only. You may not look ahead to Section 2 of the test. Do you have any questions about what to do or where to fill in your answers?

[Answer any procedural questions that the students may have.]

Now, turn the page to Mathematics, Section 1. You may begin.

11. Walk around the room from time to time to make sure students are filling in their answers appropriately and in the correct location. All students should be given at least 45 minutes to complete Section 1. If all students finish before 70 minutes have passed, go on to #12 and read the script provided. Any student still productively engaged in completing Section 1 must not be asked to stop before 70 minutes have elapsed. (If you have students whose IEP provides extended time, allow these students to continue working based on the IEP.)

- | | | |
|-----|------------|---|
| 12. | Say | Please stop working. Insert your answer sheet into your test booklet and close your test booklet. You may now take a break. You may stand and stretch for 10 minutes. Your test booklet should remain closed on your desk. Please do not talk. |
|-----|------------|---|

13. At this time, allow students to stand and stretch for 10 minutes. Make sure their answer sheets are inserted into their test booklets and their test booklets are closed. After no more than 10 minutes, continue with #14.

- | | | |
|-----|------------|--|
| 14. | Say | Please sit down again. Keep your test booklet closed, and wait quietly as we get ready to move to the next section. |
|-----|------------|--|

Mathematics—Section 2

Administration time: 45-70 minutes

If you are administering the grade 5 CRCT-M Retest, go to #1 and read the instructions below. If you are administering the grade 8 CRCT-M Retest, go to #2.

1. Say	<p>Now you will take Section 2 of the Mathematics Criterion-Referenced Competency Test-Modified. You will have 70 minutes to answer the questions in Section 2. Stop when you reach the stop sign after question 60 in your <i>Student Test Booklet</i>. This will match the box with the directions, “Stop here. You may check your work on Section 2 ONLY” on your <i>Student Answer Sheet</i>. If you finish this section before time is called, you may go back and check your work in this section only. You may not go back to Section 1. When you are finished, insert your answer sheet into your test booklet, close your test booklet and sit quietly or read a book.</p> <p>Now take out your answer sheet and find Section 2 for the Mathematics test. Open your test booklet to Mathematics Section 2, question 31.</p> <p><i>[Pause while students are opening their test booklets; make sure all students are on the correct page. Then continue with #3.]</i></p>
2. Say	<p>Now you will take Section 2 of the Mathematics Criterion-Referenced Competency Test-Modified. Open your test booklet to Section 2. In Section 2, look under the heading, “Formulas.” Below you will find formulas you may find useful as you work the problems. However, some of the formulas may not be used. You may refer to this page as you take the test.</p> <p>You will have 70 minutes to answer the questions in Section 2. Stop when you reach the stop sign after question 60 in your <i>Student Test Booklet</i>. This will match the box with the directions, “Stop here. You may check your work on Section 2 ONLY” on your <i>Student Answer Sheet</i>. If you finish this section before time is called, you may go back and check your work in this section only. You may not go back to Section 1 of the test. When you are finished, insert your answer sheet into your test booklet, close your test booklet and sit quietly or read a book.</p> <p>Now take out your answer sheet and find Section 2 for the Mathematics test. Open your test booklet to Mathematics Section 2, question 31.</p> <p><i>[Pause while students are opening their test booklets; make sure all students are on the correct page.]</i></p>

3.

Say

You may begin.

[Make sure students begin filling in their answers in the correct place on the answer sheet.]

4.

Walk around the room from time to time to make sure students are filling in their answers appropriately. All students should be given at least 45 minutes to complete Section 2. If all students finish before 70 minutes have passed, go on to #5 and read script provided. Any student still productively engaged in completing Section 2 must not be asked to stop before 70 minutes have elapsed. (If you have students whose IEP provides extended time, allow these students to continue working based on the IEP.)

5.

Say

Please stop working. Insert your answer sheet into your test booklet and close your test booklet.

6.

Collect the test booklets and answer sheets and the two sheets (minimum) of scratch paper. As you collect them, check each test booklet to make sure the student's name is printed on the cover. Make sure the Form Code on the Mathematics *Student Test Booklet* matches the Form Code filled in on the *Student Answer Sheet*. Count the test booklets and answer sheets to confirm that all test materials are accounted for, and return them to the School Test Coordinator at the conclusion of each testing session.

AFTER TESTING

These activities should be coordinated by the School Test Coordinator. Test Examiners may assist with this process, but only under the direct supervision of the School Test Coordinator or other designated certified administrator.

ENCODING STUDENT INFORMATION

Federal and State regulations require accurate coding of student demographic information.

1. Verify that Sections 1 through 9 have been completed with the correct information and the appropriate circles have been filled in for each section.

Ensure that each student's *Student Answer Sheet* is correctly identified with both his or her nine-digit state FTE Student ID number and his or her ten-digit GTID number. No other student identification numbers may be used.

2. Use directions in the following section to complete the "FOR TEACHER USE ONLY" section on the front of the *Student Answer Sheets*.

SPECIFIC DIRECTIONS FOR COMPLETING STATE-REQUIRED CODES, ACCOMMODATIONS, AND CONDITIONAL ADMINISTRATION

Section 10: SRC

The following information will help you assign the correct State-Required Codes (SRCs):

- Fill in the appropriate circle next to the student's primary classification(s). All students should have a primary classification in the range of 01-12 or 15. Please refer to the student's Individualized Education Program (IEP) for the primary classification(s). Additional circles for SRCs 13 and 16-19 may be filled in as applicable. SRCs are listed in the following table:

SRCs	
01 Visual Impairment or Blind	11 Emotional and Behavioral Disorders
02 Deaf or Hard of Hearing	12 Other Health Impairments
03 Deaf and Blind	13 English Learner (EL)
04 Specific Learning Disabilities	14 Section 504
05 Mild Intellectual Disabilities	15 Significant Development Delay (K-5 Only)
06 Traumatic Brain Injury	16 Title I Reading
07 Moderate/Severe/Profound Intellectual Disabilities	17 Title I Math
08 Autism	18 Migrant Certified
09 Orthopedic Impairments	19 English Learner-Monitored
10 Speech-Language Impairments	

- If a Georgia Migrant Education Agency has identified the student as Migrant Certified, fill in the appropriate circle (18). The four regional Georgia Migrant Education Agencies have provided each system with a listing of students who are Migrant Certified. Only certified students should be coded.
- If the student is classified under Section 504, fill in the appropriate circle (14). A student is eligible to be coded as Section 504 if he or she has a current Individual Accommodation Plan (IAP) on file.
- If the student is identified as an English Learner (EL) according to State Board of Education Rule 160-4-5-.02, fill in the appropriate circle (13). A student is eligible to be coded as EL if the student's native language is not English and he/she is eligible for English to Speakers of Other Languages (ESOL) services in accordance with rule 160-4-5-.02, regardless of whether or not the student receives ESOL services. Students who are not eligible for ESOL services, according to rule 160-4-5-.02, may not be coded as EL. Fill in circle (19) for those students who have exited the ESOL program, but are still being monitored.

Completing Section 11: “FOR TEACHER USE ONLY”

It is imperative that information is completed correctly for each student taking the CRCT-M. Federal and state regulations require complete and accurate coding of student information for reporting purposes. Section 11 should be left blank if not applicable to the student.

Accommodations (Requires at least one SRC)

If the student was given a test administration accommodation based on his or her Individualized Education Program (IEP), Individual Accommodation Plan (IAP), or English Learner/Testing Participation Committee (EL/TPC) Plan, fill in the appropriate circle under *Accommodations* in section 11. A current IEP, IAP, or EL/TPC must be on file for each student who receives an accommodation. Only state-approved accommodations may be used, following the guidance issued by GaDOE. If an accommodation is included in a student's plan that is not on the approved list, it must be reported as an irregularity. Students who are served by Student Support Teams (SSTs) but do not qualify for services under IDEA or Section 504 status may not be granted accommodations. **Failure to provide appropriate accommodations or providing accommodations to students who are not eligible is a direct violation of state regulations and must be reported.**

Accommodation Type

If the student was given a test administration accommodation based on his or her IEP, IAP, or EL/TPC Plan, fill in the appropriate circle(s) under Type to identify it as a Setting, Presentation, Response, or Scheduling accommodation.

Conditional Accommodations

Conditional administrations result from the use of conditional accommodations. Conditional accommodations are more expansive than standard accommodations, and are intended to provide access to students with more severe disabilities or very limited English proficiency who would not be able to access the test without such assistance. Only students meeting the strict criteria (outlined in the *2013–2014 Student Assessment Handbook*) are eligible for conditional accommodations. Any use of conditional accommodations must be coded. Per State Board Rule, only a small number of students should participate in conditional accommodations.

Definitions of Setting (S), Presentation (P), Response (R), and Scheduling (SC) accommodations (both standard and conditional) are listed in the accompanying table.

State-Approved Accommodations

Accommodations		
	Students with Disabilities: IEP and Section 504 IAP	English Learners: EL/TPC Plan
Setting Accommodations		
Special education/ESOL classroom	Standard	Standard
Special or adapted lighting	Standard	
Small group	Standard	Standard
Preferential seating	Standard	Standard
Sound field adaptations	Standard	
Adaptive furniture (e.g., slant board)	Standard	
Individual or study carrel	Standard	Standard
Individual administration	Standard	Standard
Test administered by certified educator familiar to student	Standard	
Presentation Accommodations		
Large Print	Standard	
Sign the directions	Standard	
Sign test questions	Standard	
Sign reading passages	Conditional ¹	
Explain or paraphrase the directions for clarity (in English only)	Standard	Standard
Braille	Standard	
Color overlays, templates, or place markers	Standard	Standard
Use of highlighter by student		
Oral reading of test questions in English only by reader or assistive technology	Standard	Standard
Oral reading of reading passages in English only by reader or assistive technology	Conditional ²	Conditional ⁴
Low vision aids (e.g., CCTV, magnifying equipment)	Standard	
Repetition of directions (in English only)	Standard	Standard
Materials presented with contrast and tactile cues	Standard	
Photograph used		
Substitute manipulative		
Use directions that have been marked by teacher		
Audio amplification devices or noise buffer/listening devices	Standard	

Accommodations		
	Students with Disabilities: IEP and Section 504 IAP	English Learners: EL/TPC Plan
Response Accommodation		
Technology applications, such as a word processor, or other communications device with all grammar and spell-check devices disabled	Standard	
Student marks answers in test booklet	Standard	Standard
Student points to answers	Standard	Standard
Verbal response in English only	Standard	Standard
Braille writer	Standard	
Basic function calculator or adapted basic function calculator	Conditional ³	
Scribe	Standard	
Adapted writing tools (e.g., pencil grips, large-diameter pencil)	Standard	
Word-to-word dictionary		Standard
Scheduling Accommodations		
Frequent monitored breaks	Standard	Standard
Optimal time of day for testing	Standard	
Extended time	Standard	Standard
Flexibility in the order of administration for content areas	Standard	
Extending session over multiple days		

¹ Restricted to eligible students only; see guidance below for eligibility.

² Restricted to eligible students only; see guidance for eligibility.

³ Restricted to eligible students only; see guidance below for eligibility.

⁴ Restricted to eligible EL students only; see guidance for eligibility. May not be used with EL-M students.

Guidance for Use of Conditional Accommodation: Sign reading passages. The use of this conditional accommodation for the Reading CRCT and CRCT-M must be restricted to grades 3-8 and may be considered when BOTH of the following conditions apply:

1. The deaf student has a specific documented disability that severely limits or prevents his or her ability to decode text at any level of difficulty, even after varied and repeated attempts to teach the student to do so; **and**
2. The student has access to printed materials only through a sign-language interpreter, or is provided with signed text on video or other electronic format during routine instruction.

The test administrator may not provide assistance to the student regarding the meanings of words, intent of test items, or responses to test items. Under secure conditions, supervised by the School or System

Test Coordinator, the sign language interpreter may review test materials prior to the test administration to plan appropriate signing.

Guidance for Use of Conditional Accommodation: Basic function calculator or adapted calculator. The use of this conditional accommodation may be considered for the Mathematics CRCT and CRCT-M when the following conditions apply:

1. The student has a specific disability that severely limits or prevents her or his ability to calculate mathematically, even after varied and repeated attempts to teach the student to do so; **and**
2. The student has access to mathematical calculation only through use of a calculator, which the student uses for classroom instruction.

Only a basic function calculator or basic adapted calculator may be used. The test administrator may not provide any assistance or direction to the student regarding the use of the calculator.

Section 12: GNETS

This section should be used by Georgia Network for Educational and Therapeutic Support (GNETS) programs to report their assigned facilities code. The two-digit code should be filled in under Section 12 for all students who are served at a GNETS facility. This information is being collected in order to provide reports to each center. **A list of all GNETS facility codes is provided on page 44 of this manual.**

Section 14: EIP Served

If a student has received services from the state's Early Intervention Program (EIP) at any time during the current school year, this must be coded in the circle under "EIP SERVED" (relevant to grades 3 through 5 only).

Section 15: Braille/Large Print

If a student was tested with a Braille or Large Print version of the CRCT-M Retest, this must be coded in the appropriate circle in Section 15.

Section 18: PTNA (Inside answer document - must be filled in for each CRCT-M Retest content area in which the student is testing)

If a student was present for the test administration but did not attempt any items **in one or more content areas**, this must be coded in the appropriate circle under "PTNA."

Section 19: First Year EL Deferred (Inside answer document - must be filled in for each CRCT-M content area in which the student is testing)

EL students enrolled for the first time in a school in the United States may receive a one-time deferment from assessments in content areas other than mathematics. If the student was deferred from any CRCT-M content areas, fill in the appropriate circles in this section.

RETURNING MATERIALS TO THE SCHOOL TEST COORDINATOR

The Test Examiner must return all used and unused *Student Answer Sheets*, *Student Test Booklets*, scratch paper, and the *Test Examiner's Manual* to the School Test Coordinator.

When it is necessary to transpose student responses and demographic information onto an answer document (due to a soiled answer document or when a student's accommodation requires it), this action must be completed by certified personnel in the presence of the Testing Coordinator or other certified administrator. The completion of the transposition must be documented in writing and the documentation maintained by the School and System Test Coordinator. If transposition is not completed, students will not receive a score.

NOTE: Once the transposition is complete, the School Test Coordinator should mark the soiled document on the School Security Checklist as "SOILED" or "VOID," and seek guidance from the System Test Coordinator about how to handle the soiled document. Soiled documents should NOT be shipped back with scorable or nonscorable materials.

As much as possible, re-use the packaging materials in which you received the documents. It is imperative that materials be organized and returned in the manner requested by the local School Test Coordinator.

REMINDER

All CRCT-M items and responses to those items are secure materials and may not be copied, duplicated, or retained in the school after testing is completed.

**THANK YOU VERY MUCH FOR YOUR ASSISTANCE WITH
THE ADMINISTRATION OF THE CRCT-M RETESTS.**

Appendix A: Checklist for Test Examiners

BEFORE Testing:

- Read all directions for test administration in this *Test Examiner's Manual*.
- Meet with the School Test Coordinator to review the testing schedule and procedures.
- Secure No. 2 pencils.
- Secure needed information from the School Test Coordinator in order to correctly complete State Required Coding (SRC) for each student.
- Inventory/count test materials received from School Test Coordinator, and sign out all secure materials on the *School Security Checklist*.
- Use an additional proctor, if necessary.
- Prepare classroom (remove or cover posters, etc.).
- Remind students to bring something to read.
- Under direct administrator supervision, ensure that the student demographic information in Sections 1 through 9 is filled in completely.
- Be sure that all students have a comfortable and adequate workspace.

DURING Testing:

- Post a "Testing—Do Not Disturb" sign on your classroom door.
- Monitor students' handling of *Student Test Booklets* to keep the materials in good condition.
- Make sure the Form Code of the *Student Test Booklet* matches the number filled in on the front cover of the *Student Answer Sheet*.
- Circulate and monitor all students during the testing session.

AFTER Testing:

- Verify that you have collected and accounted for all *Student Test Booklets* and *Student Answer Sheets*. Make sure you have a booklet from each student who participated in testing.
- If requested by the School Test Coordinator and under direct administrator supervision check to see that student identification information is accurate and correctly bubbled, that necessary coding/labeling is completed, that documents are in good condition for scoring, and that each *Student Test Booklet* is labeled with a student name.
- Verify the accuracy of the State-Required Codes, Accommodation, and Conditional Administration areas as appropriate on the front cover of the *Student Answer Sheets*. If any changes are needed, these must be done under direct administrator supervision.
- Count and return all test materials at the conclusion of testing every test day to the School Test Coordinator. Date the *School Security Checklist* each day.
- On the final day of testing, assemble all the test materials according to the instructions provided in the "After Testing" section of this manual, and return them to the School Test Coordinator.
- Notify the School Test Coordinator of the name of any students who did not take any part of the test or in an instance of a test irregularity or invalidation.
