

GOFAR Assessment Proficiency Reports Quick Start Guide

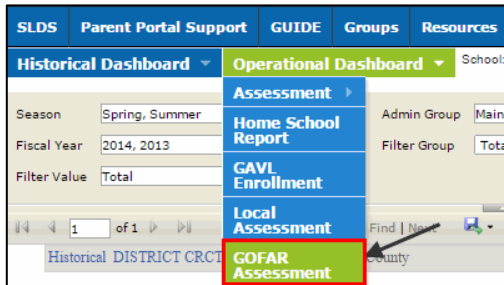

Richard Woods, Georgia's School Superintendent
"Educating Georgia's Future"

Access to Assessment Proficiency Reports

1. Log on to your Student Information System (SIS).
2. Select the Statewide Longitudinal Data System (SLDS) link. The SLDS main window opens.

3. From the **Operational Dashboard** tab select **GOFAR Assessment**. The report list displays.

4. Click the plus (+) sign to expand and view the school assessment response data in the report list.
5. Click a bar graph for detailed information on the report categories in the assessment proficiency reports.

Metrics Reporting

Proficiency Metric	Description
% Correct	Represents the % of students with the correct response in a test group.
Proficient	Meets the required level of learning.
Not Proficient	Does not meet the required level of learning.

Report Customization

You can customize the reports by Date and View (school, test and level).

1. In the **Start Date** and **End Date**, enter the desired dates for the reports you want to view.
2. In **View** select School, Test or All Levels.
3. Click **View Report**. The report list displays with the selected data.

Report Categories

- Test Name
- Test Domain
- Standard
- Item

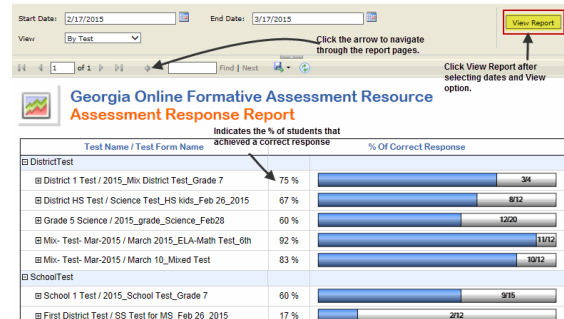

Understanding the Information in the Assessment Proficiency Reports

Assessment Reporting	Provides overall assessment metrics for the test name, domain, standard and the item levels.
Student Reporting	Provides assessment metrics for individual students parallel to the assessment category (e.g. test name, domain, standard and item).

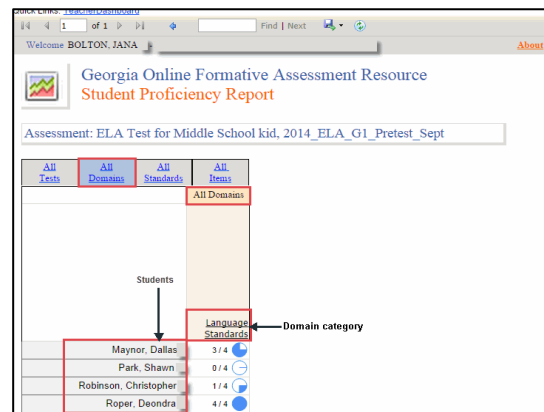

Report Navigation

Category View	Graphical View
Shown on the left side of the Assessment Proficiency Report	Bar graph indicating percent correct and percent incorrect per category.
Click the category link to drill down to the next category and view assessment proficiency report results.	Click the bar graph to drill down to the next category and view student proficiency report metrics.

Assessment Proficiency Report – Provides overall assessment metrics for the test name, domain, standard and the item levels.

Student Proficiency Report – Provides metrics per student within an Assessment category.

Note: The report information that the User can view is based upon their assigned role as District or School User.
