

Find Someone Who...

The goal of this activity is to find someone who has done any of the activities listed below. Once you find that person, have a discussion with them about the logistics of the task. These are all tasks of what can be done to start implementing a comprehensive school counseling program.

1. _____ Meets with their administration team within the first two months of the school year to discuss the counseling program for the year.
2. _____ Uses school data to set school counseling program goals
3. _____ Creates AND shares their weekly calendar with their school community (administrators, faculty/staff, students)
4. _____ Administers a needs assessment to the school community to determine the direction of the school counseling program
5. _____ Has their very own Counseling Advisory Council that meets at a minimum of twice per year
6. _____ Keeps track of how they are spending their time in direct and indirect services and with program management.
7. _____ Has reviewed the Ethical Standards for School Counselors and the Georgia Code of Conduct for Educators
8. _____ Has a published/visible mission **AND** vision statement for their school counseling department
9. _____ Has analyzed results from counseling activities done throughout the year
10. _____ Has shared results of program with administration and maybe even faculty/staff

What are you doing that could be considered
EXCEPTIONAL to cover the three counseling domains:
Academic, **C**areer, **S**ocial-**E**motional?
