RE: Charter Contract – Administrative Clarification

Dear Mr. Jakes,

**Please accept these documents as replacement for earlier documents dated March 15, 2012 which were forwarded to the incorrect party.**

The Department recently learned of various numbering inconsistencies in your charter contract. In order to remedy these inconsistencies and avoid undue confusion, the Department would like to issue an administrative clarification.

Under the State Board of Education's Charter Schools Rule, 160-4-9-.04 and related Guidance, formal charter amendments are not required for all proposed changes and are reserved for substantial changes that require consideration and approval by the State Board of Education. Accordingly, the Department may issue an administrative clarification to existing charters in appropriate cases where a formal amendment is not required.

Based on our review of your charter contract, the Department does not believe that a charter amendment is required in this case and would instead propose to remedy the inconsistencies via an administrative clarification. Please find enclosed a redlined charter contract detailing the proposed revisions. Please note that there is no need to sign and return the contract, it is provided for your reference only.

This letter serves as notice of intent to issue the above referenced administrative clarification. Should any party object to this administrative clarification, please inform the Department in writing within thirty (30) days of date of this letter. If no party objects within thirty (30) days, the administrative clarification will take effect.

Thank for your attention to this matter. Please do not hesitate to contact me should you have any questions or concerns.

Best Regards,

## CHARTER FOR DESTINY ACHIEVERS ACADEMY OF EXCELLENCE

This Charter for Destiny Achievers Academy of Excellence (“Charter”) is entered into by and between the Destiny Achievers Academy of Excellence, Inc. (“Petitioner”), the DeKalb County Board of Education (“Local Board”) and the State Board of Education (“State Board”) (collectively referred to as “the parties”).

WHEREAS, the Petitioner submitted a petition to the Local Board proposing to establish a start-up charter school pursuant to O.C.G.A. § 20-2-2060 *et seq.*, the Charter Schools Act of 1998 (“Charter Schools Act”), and the Local Board approved the petition;

WHEREAS, the State Board finds that the petition complies with the provisions of the Charter Schools Act, and the rules, regulations, policies and procedures promulgated in accordance with O.C.G.A. § 20-2-2063 and further finds that the petition is in the public interest; and

WHEREAS, pursuant to O.C.G.A. § 20-2-2064.1, the State Board grants this Charter to permit Petitioner to operate Destiny Achievers Academy of Excellence (“the Charter School”) in accordance with the terms and conditions of this Charter.

NOW THEREFORE, in consideration of the promises, mutual agreements, and covenants contained herein and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties agree as follows:

1. Definitions. The terms below will be interpreted in accordance with the following definitions, unless and until federal or state law, or the state accountability system, is amended otherwise:
  - a. Adequate Yearly Progress: Adequate Yearly Progress is a measurement based on a series of performance goals that every school, LEA, and state must achieve within specified timeframes in order to meet the 100% proficiency goal established by the federal No Child Left Behind Act of 2001 (NCLB).
  - b. Annual Measureable Objectives: In defining Adequate Yearly Progress, each state sets the minimum levels of improvement, based on student performance on state standardized tests, that school districts and schools must achieve within time frames specified in law in order to meet the 100% proficiency goal under No Child Left Behind. These levels of improvement are known as Annual Measurable Objectives (AMOs), and they ensure that all student groups, schools, school districts, and the State as a whole reach the 100% proficiency goal by 2013-2014.

- c. End of Course Test (EOCT): The EOCT program was created to improve student achievement through effective instruction and assessment of the standards in the Georgia Performance Standards (GPS) specific to the eight EOCT core high school courses. The EOCT program also helps to ensure that all Georgia students have access to a rigorous curriculum that meets high performance standards. The purpose of the EOCT is to provide diagnostic data that can be used to enhance the effectiveness of the schools' instructional programs.
- d. Enhanced Georgia High School Graduation Tests (GHS GT): The Georgia High School Graduation Tests for English/language arts and mathematics were enhanced to comply with the No Child Left Behind Act of 2001 requiring more rigorous examinations. For accountability purposes, Enhanced GHS GT results from first time test takers in the eleventh grade for English/language arts and mathematics are used in making AYP determinations at school, LEA, and state levels.
- e. Georgia Department of Education (GaDOE): The Georgia Department of Education is the state agency charged with the fiscal and administrative management of certain aspects of K – 12 public education, including the implementation of federal and state mandates. Such management is subject to supervision and oversight by the State Board of Education.
- f. Local Educational Agency (LEA): A Local Educational Agency is a local system pursuant to local board of education control and management.
- g. No Child Left Behind of 2001 (NCLB): No Child Left Behind is a reauthorization of the Elementary and Secondary Education Act (ESEA) of 1965 – the principal law affecting education from kindergarten through high school. NCLB is designed to improve student achievement and close achievement gaps. States are required to develop challenging academic standards, to educate all students to 100 percent proficiency by 2014, and to create and implement a single, statewide accountability system.
- h. State Board of Education (SBOE): The State Board of Education is the constitutional authority which defines education policy for public K – 12 education agencies in Georgia.
- i. School District: the DeKalb County School District

- j. **Subgroup:** A Subgroup under No Child Left Behind is defined as one of the following subsets of students: race/ethnicity (American Indian/Alaskan native, Asian/Pacific Islander, Black, Hispanic, Multiracial, and White); disability; limited English proficiency (LEP); and socioeconomic status. To constitute a Subgroup in Georgia for a school's Adequate Yearly Progress determination, the Subgroup must have at least 40 students or constitute 10% of the assessed student population, whichever is greater, but not to exceed a total number of 75 students. The assessed student population is the total number of children whose test results are used to determine Adequate Yearly Progress.
2. **Charter Term.** The State Board grants this Charter to Petitioner to operate the Charter School for a five-year term beginning on July 1, 2011 and expiring on June 30, 2016.
3. **Grade Range.** The Charter School shall serve approximately 110 students in grades 9 - 12 in its first operational year, expanding to eventually serve approximately 300 students in grades 9-12 by the fifth year of the Charter term.
4. **Mission Statement.** The mission of the Charter School is to provide students with the highest level of academic opportunity by promoting high standards and high expectations in a challenging and supportive environment; thereby ensuring that all students will be given opportunities, experiences and the academic preparation needed for graduation and post-secondary opportunities, including college and the workforce.
5. **Essential or Innovative Features.** The Charter School is a non-traditional high school that shall serve an at-risk population and other students that have not been successful at traditional high schools, including but not limited to: returning drop-outs, students that have exhibited behavioral problems in a traditional environment, students rebellious to parental guidance, students who are at-risk of engaging in high risk sexual behaviors and students who are in jeopardy of dropping out of school. The Charter School will use programs such as Additional Educational Services (AES), Supplemental Educational Services (SES), extended day for learning, Saturday School, gender-based classes, the Garden Project, IPOD program and the Summer Institute to meet the demand for academic success. Each student will have an Individualized School Completion Plan (ISCP) developed by the student, parent, teacher, counselor, and administration which will be monitored at each grading period. Saturday school will be a mandatory tutorial opportunity for students at risk for failure. The Charter School will utilize daily tutorial sessions focused on preparation for Georgia High School Graduation Tests (GHSGT) and End-Of-Course Tests in each content area. The Charter School will provide a Summer Institute for targeted students as remediation opportunities and/or preview of upcoming curriculum. The Charter School shall not contract for services with an Educational
