Appendix A – Charter Accountability and Consequences

ACCOUNTABILITY REQUIREMENTS

The State Board shall hold the Charter School accountable for the full performance of each of the performance framework standards listed below. The Charter School will receive a report on its performance on each of the standards below from the Georgia Department of Education as they become available. The report will include any interventions or consequences that need to be implemented by the Charter School.

***Note:** Accountability for the last year of the charter contract term will occur during the first year of a renewal charter, if granted.*

I. **ACADEMIC PERFORMANCE STANDARDS**

Goal 1: During each year of its charter contract term, the Charter School shall meet at least one of the following performance standards.

First Look – School Performance Gap Closure. The primary academic outcome Georgia seeks from its local charter schools is that they ***increase their College and Career Readiness Performance Index (CCRPI) score each year until they reach 100.*** The performance standards that measure CCRPI progress include growth in CCRPI itself and in its two major academic components, Content Mastery and Progress Score. The Department’s “First Look” at annual charter school performance is to see if the school has met the standard for any of the following three CCRPI gap-closing measures. Meeting any one of these standards constitutes having achieved Goal 1 for a given year.

- a. During each year of its charter term, the Charter School will earn a higher CCRPI “single score” than the attendance zone.

OR

- b. During each year of its charter term, the Charter School will earn a higher “content mastery” score on the CCRPI than the attendance zone in all grade bands served.

OR

- c. During each year of its charter term, the Charter School will earn a higher “student progress” score on the CCRPI than the attendance zone in all grade bands served OR in all grade bands in which the school did not earn a higher CCRPI “content mastery” score.

OR

- d. During each year of its charter term, the Charter School will earn a higher “grade band score” on the CCRPI than the attendance zone in all grade bands served OR in all grade bands in which the school did not earn a higher CCRPI “content mastery” or “progress” score.

OR

- e. During each year of its charter term, the Charter School will earn a higher “impact score” on the Value-Added Impact than the attendance zone in all grade bands served.

OR

- f. During each year of its charter term, the Charter School will be designated as “beating the odds.”

Second Look – Mission-Specific Goals. If a charter school does not achieve at least one of the “First Look” School Performance Gap Closure standards, it may still satisfy Goal 1 Academic Performance Standard requirements in a given year by achieving all of the “Second Look” Mission-Specific standards. Meeting the Second Look standards constitutes having achieved Goal 1 for a given year.

- a. During each year of its charter term, at least 80% of active full-time students will complete Monthly Plans with their mentor to set goals related to attendance, academic progress, and career planning;

AND

- b. During each year of its charter term, at least 80% of active full-time students will meet at least once with the Charter School Career Specialist to explore career options and to discuss postsecondary plans.

Third Look – School-District Comparisons. If a charter school does not achieve at least one of the “First Look” or “Second Look” Academic Performance Standards, consideration will be given for achieving one of the “Third Look” School-District Comparison standards. The secondary academic outcome Georgia seeks from its state-chartered special schools is that ***they do better than the district schools to which their students would otherwise be zoned.*** Performance standards include whether the school exceeds the CCRPI score (CCRPI, Content Mastery, or Progress) of their supporting district or of the average of the three district schools to which a majority of the charter school’s students would otherwise be zoned (“majority comparison schools”).

- a. Exceed the CCRPI score of the supporting school district or the district majority comparison schools;

OR

AND

- c. Possess a Debt to Asset Ratio that is less than 95 percent;

AND

AND

The Charter School received and submitted to GaDOE by November 1 an annual independent audit with an opinion of the auditor regarding the accuracy of the Charter School's accounting records, financial position, change in financial position, compliance with rules of various governing entities, including GAGAS (Generally Accepted Government Auditing Standards, i.e. the "Yellow Book") or, for those schools not yet converted to GAGAS, compliance with GAAP (Generally Accepted Accounting Principles) that includes:
