21st CCLC Equitable Services

What are equitable services?

- The purpose of ESEA is to provide all children significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps. Each sub-grantee that receives ESEA funds must make funds available for education support authorized by each title to qualified students in compliance with Federal Law Federal Regulations and Non-Regulatory Guidance.
- Programs eligible for equitable services
 - Title IA- Improving Basic Programs Operated by Local Educational Agencies (LEAs)
 - Title VIII-Title IC- Education of Migratory Children, Title IIA- Supporting Effective Instruction, Title IIIA- Language Instruction for English Learners and Immigrant Students, Title IVA- Student Support and Academic Enrichment, [Title IVB- 21st Century Community Learning Center](#), and Individuals with Disabilities Education Act (IDEA)
- Private schools must be nonprofit, within boundaries of subgrantee, receive services not funds and services should begin at the same time as the subgrantee.

Request for Proposal (RFP)

21st CCLC Equitable Services

RFP Obligations

- Private school officials must be included in the planning, design and development of the 21st CCLC program.
- Grant applicants must notify private schools of the intent to apply through GaDOE's SLDS Platform in the ES4PS app in the Invitations section.
- The notification should include a description of the 21st CCLC program and the option to indicate if the private school is interested in participating.
- All grant applicants must complete Form A in ES4PS.
- Complete consultation must occur prior to the RFP submission and should continue each year of the grant.

Attendance Zones and Equitable Services

21st CCLC Equitable Services

Attendance Zones and Equitable Services

- It is the responsibility of each applicant to issue invitations and consult with private schools. Community-Based Organizations (CBOs) and Institutions of Higher Education (IHEs) may enter an MOA/MOU with a partnering school district to issue invitations on their behalf, however, the applicant must ensure all communication is compliant with federal statute, regulations and non-regulatory guidance.
 - If an MOU/MOA is in place, it must be on file in ES4PS with GaDOE. The CBO/IHE must ensure access to all supporting documentation during annual monitoring.
- The private schools that must be invited depend on the attendance area that the applicant has designated for their 21st CCLC program and thus eligible schools will vary by grant applicant/ subgrantee.
 - CBOs and IHEs generally most frequently identify attendance areas as specific schools, school feeder patterns (PS, ES, MS, HS), regions, or zip codes.

Collect Documentation of Nonprofit Status

The School Website

Visiting the school website may yield useful information about profit or nonprofit status. It may also discuss name changes, dba status, and association with a parent or partner organization. However, status may have updated since the website was last updated and nonprofit status through affiliation with another organization must be supported by documentation.

Consultation

21st CCLC Equitable Services Consultation

Private Schools should:

- Actively participate in the consultation meetings initiated and managed by 21st CCLC programs
- Provide the names of the private school officials who should be included in the consultation process along with their roles and levels of authority.
- Provide input in the development of a timeline for consultation; offer suggestions regarding program design, implementation, and evaluation.
- Provide documentation to identify students who are eligible. Such documentation might include, but not be limited to, data indicating the academic needs of students.
- Complete any appropriate forms needed to ensure the delivery of equitable services.

21st CCLC Equitable Services Consultation

CBOs should:

- Develop a timeline for yourself for conducting consultation.
- Gauge levels of experience among school officials.
- Authentically engage in consultation.
- Consult collaboratively, but remember it is the CBO's responsibility (CBOs may not require private schools to take the lead).
- Ensure planning is started early enough and detailed enough to address needs, include action steps, monitor implementation, evaluate effectiveness, and contain a timeline.
- Leverage the plan to begin preparations, cost comparison, add vendors and teachers, and develop a calendar.

- Address how student information is handled (FERPA)
 - Memorandum of Agreement (MOA) will be on file to address data sharing.
 - LEAs & CBOs –FERPA applies to all federal grant recipients.
 - Private Schools – FERPA is not applicable if private schools are not subgrantees of federal funds.

 - LEAs and CBOs retain control of funds and may only use them to supplement core academic services
- FAQ: Can new programming be combined with existing afterschool programming?
 - Yes, but programming must meet 21st CCLC statutory requirements.

21st CCLC Equitable Services

Consultation Topics

Topic #3 Timing of Services

- Location –
 - Single Location
 - Multiple Locations
 - Private School, Public School, Community Based Organization
- When will services start? How often will they occur? What is the daily schedule? What happens if public/private school breaks occur at different times? When do services end?
 - Unless agreed upon in advance, services for public and private schools should start at the same time.
- Who will provide services and what are their credentials? Can private school teachers provide services? What is the hiring process? What about a third-party contractor?
 - Refer to RFP. Employment requirements are contingent on subgrantee policies.
- What happens in extenuating circumstances and an LEA, school or CBO is closed (tornado, earthquake, flood, hurricane, snowstorm, fire, pandemic)? Who communicates with the parents?

21st CCLC Equitable Services

Consultation Topics

Topic #4 Effectiveness

- Monitor Academic Process
 - The role of GPRA Measures – Reading/ELA, Math, GPA
 - Academic progress must be monitored and reported to the state.
 - Private schools must provide CBOs/LEAs with student academic data most closely aligned with data collected for public school students.
 - Private Schools are not required to take state assessments.
 - Must discuss when and how often data is collected. The process for submitting this data must be discussed.

FAQ: If the program is not effective, does the private school have a 5-year commitment?

- No, because consultation is ongoing and commitment is annual, the private school is not required to participate for the life of the grant. However, through annual needs assessment and planning, the LEA/CBO is encouraged to make adjustments to address concerns.

21st CCLC Equitable Services

Consultation Topics

Topic #5 Size and Scope

- How many students served by program? Distinguish between public and private.
 - Every program must be offered to both public and private schools located in the geographical boundaries of the area being served.
- How is the annual increase and decrease of students handled?
- How is the count determined?
 - Planning Year - Approved Targeted Enrollment
 - Collected during RFP Submission
 - Years 2-5 – If private school enrollment needs change as discussed in consultation, LEAs/CBOs may adjust locally through the amendment process.
 - Collected in spring following fall consultation.
 - LEAs/CBOs should always strive to be at full capacity and work with state staff if needs change.
 - Enrollment needs may change when grade levels are added, schools open or close.

Consultation Topics

Topic #10 Delivery Model

- Pooling: LEA by LEA, Within LEA, Across LEAs
- Applicable to LEAs and CBOs
- Pooling must be discussed in consultation –providing services to multiple schools in a single program or multiple sites in multiple LEAs.

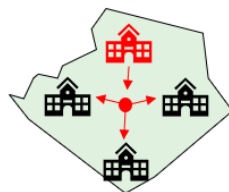

Equitable Services

Pooling Pilot - Title I, Part A Pooling Funds Across LEAs

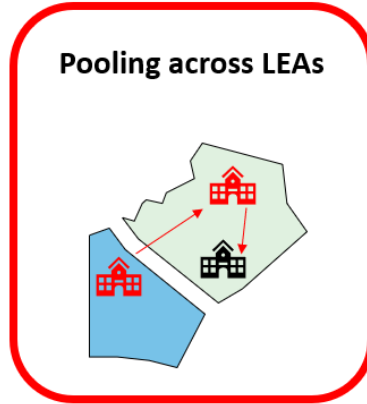

School by School

Pooling within LEA

Pooling across LEAs

- Takes advantage of flexibility which allows pooling across LEAs under federal law and non-regulatory guidance
- Streamlines administration for public and nonpublic schools
- Leverages purchasing power for supplemental supports
- Customizes supports for most at-risk students

Private Schools that Could Benefit from Pooling

- Private schools who currently participate in Title I, Part A equitable services:
 - with multiple LEAs.
 - with some LEAs but not all the LEAs that they send a DE1111.
- Private schools who currently do not participate in Title I, Part A equitable services:
 - that submit DE1111s to multiple LEAs (even if the number of students reported is small).

Topic #11 Coordination

- Homework assistance, credit recovery, technology, sports, field trips, family engagement, summer school, counseling programs, drug and violence prevention
- By coordinating funds and other resources LEAs & CBOs can provide more robust equitable services efficiently and effectively. LEAs/CBOs should also consider leveraging unfunded resources to support students (ex: volunteers, wraparound services).
- The 21st CCLC RFP requires a 'Partner Table'. This may be a good point of reference when discussing coordination in consultation.
- Examples:
 - Character Building Classes
 - Finance and Management Classes
 - Transportation Support
 - After School Snacks
 - STEM/STEAM Materials

Topic #12 – Documentation

- Statutory & Regulatory Requirements for Documentation
- Section 8501 – Equitable Services
- Section 8306 – General Assurances for implementation
- 2 CFR 200.334-344 – Records Retention
- CBO keep most documentation locally. Invitations, Form A and Form B are created and housed in ES4PS. ES4PS also has an uploads section for optional document storage.
- Documentation is checked during annual monitoring.

The screenshot shows the 'Equitable Services Programs and Participation' form. The main question is: 'Does LEA have any private school(s) that attended the initial consultation meeting and/or that would like to participate in equitable services in 2021 - 2022?'. Below the question are three radio button options: 'Yes', 'No', and 'N/A Charter School, GA DOC, GA DJJ, or State Schools*'. A note below the options states: '*Charter schools and non-traditional LEAs that receive federal funds requiring the LEA to establish a service area (like Title IV, Part B) are subject to equitable services and should not choose N/A.' There is a 'Comments' section with a text area and a 'Save' button at the bottom left.
