

APTT Homework  
Analyzing, Comparing, Sorting

Name \_\_\_\_\_

This week you will sort laundry. With the help of an adult, select 20-30 pieces of different types of clothes. The clothes should have different attributes (colors, sizes, types: short sleeves, long sleeves, pants, shorts, T-shirts, socks, underclothing, etc)

1. Describe the attribute you will use to sort the laundry

---

---

2. Use the attached chart to list the items you sorted and which group you put the item in.

1. Describe the laundry and decide which attribute you will use to sort the laundry (Example: color, type (pants, shirts), who they belong to (mom's, dad's etc))
2. Write the group name in the top row across the top.
3. Describe the item that you put in each group. Be specific in your description.

EXAMPLE #1	White	Darks	Colors
	Mom's white blouse	My blue Jeans	Dad's red and white shirt

EXAMPLE #2	Mom	Dad	Brother	Sister
	Blue Jeans	White T-shirt	Small White socks	Small pink socks

I will sort the laundry by this attribute \_\_\_\_\_
