

# Multiplication Top-It

**Materials:** A deck of cards (with the Jokers remove

**Players:** 2 to 4

**Skill:** Multiplication facts 0 to 12

**Object of the Game:** To collect the most cards

**Note:** For this game, Aces = 0, Jacks =1, Queens = 11, and Kings =12

## Directions:

1. Shuffle the cards. Place the deck number-side down on the table.
2. Each player turns over 2 cards and calls out the product of the numbers.
3. The player with the largest product wins the round and takes all the cards.
4. In case of a tie for the largest product, each tied player turns over 2 more cards and calls out the product of the 2 numbers. The player with the largest product then takes all the cards from both plays.
5. The game ends when there are not enough cards left for each player to have another turn.
6. The player with the most cards wins.

## Example:

Ann turns over a 2 and a Jack. She multiplies  $2 \times 1$ . She calls out 2.

Beth turns over a 6 and a 3. She calls out 18.

Joe turns over a 10 and a 9. He calls out 90.

Joe has the largest product. He takes all 6 cards.
