

SketchUp Pro K-12 Statewide Grant

The *Georgia Department of Education* applied for and was awarded a *SketchUp Pro Statewide K-12 License Grant*. We are very excited for the opportunities this provides for Georgia teachers and students. Educators can use this software with a variety of grade levels and content areas to create 3D models of anything.

To obtain *SketchUp Pro 2015 Licenses* for your district or school, the district's Technology Director must complete the *GA SketchUp Pro License Request Form*. Requests can be made for the entire district or individual schools. Please click on each individual box to learn more about this grant or to fill out the request form.
