

SLDS in Five Steps or Less

Creating Instructional Folders in TRL

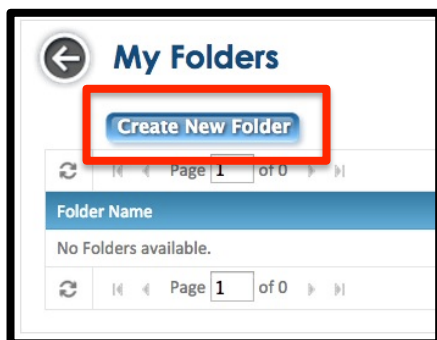

1. Sign into SLDS and click the **Resources** button.

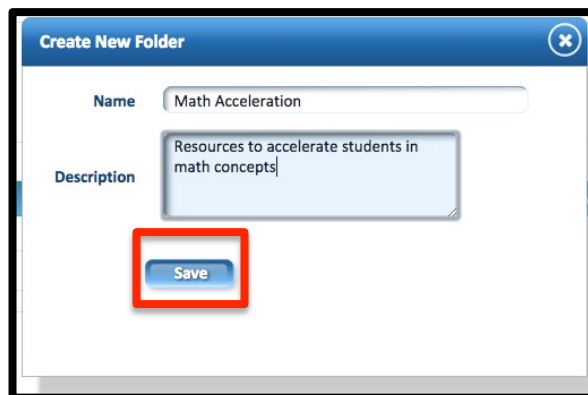

2. On the far right, click the **My Folders** button.

3. Click the **Create New Folder** button.

4. Type a name for the folder. A description is recommended but not required. Click the **Save** button.

5. The folder that you created is now listed. Repeat steps 3 & 4 to create as many folders as desired.
