## Introduction

The Local Assessment web application provides student assessment data for districts, schools, and teachers. The addition of the Local Assessment web application tells a more complete story about the academic performance of students.

This document provides information on accessing and understanding the features of Local Assessment.

## Accessing Local Assessment

1. Log on to your Student Information System (SIS).
2. Select the Statewide Longitudinal Data System (SLDS) link. The SLDS window is displayed.

 This is the default view for the District Dashboard. Your dashboard may differ according to the permissions afforded you by your district.

## Dashboards

Within Local Assessment you can view assessment data from two perspectives, historical and operational.

 The school user role can only view assessment data associated with their school.

## Operational

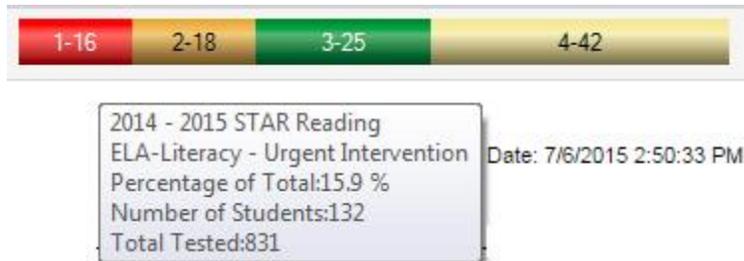

The operational dashboard provides assessment data for students that are currently enrolled in classes within their district or school. To view assessment data, hover your mouse over the **Operational Dashboard** button. Click on the **Local Assessment** button.

The assessments available to your district/school are displayed. You can hold your mouse over each achievement band for additional information.

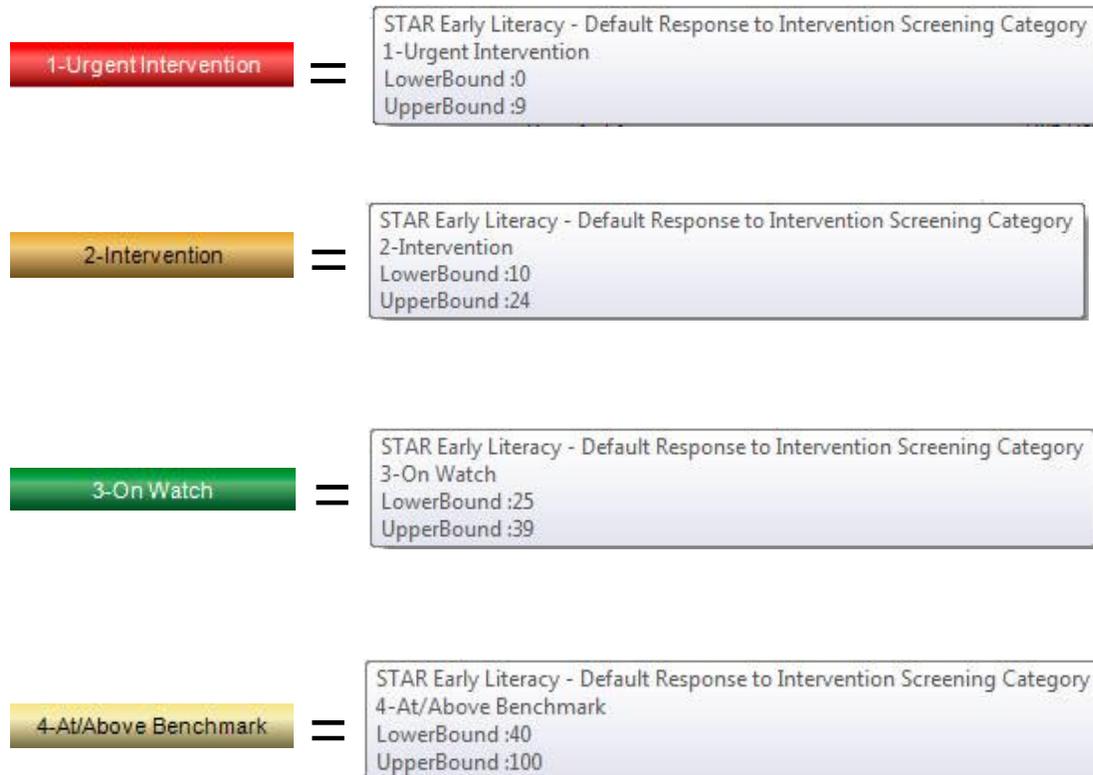

In this example, **1-16** the number 1 indicates that students in this area need urgent intervention. The number 16 indicates that 16% of the total number of students tested are in the urgent intervention category. Specific assessment information can be accessed by holding your mouse over an achievement band.

## Legend

The **Legend** link  **Legend** at the bottom of the assessment provides the name of the assessment, the action needed to be taken, along with the upper and lower thresholds for that achievement band.

## Local Assessment District/School User Guide

This page displays detailed assessment information. Each school within your district is represented based on the colored band you clicked on. In this example, each student within the *Urgent Intervention* category for each school in the district is displayed.

School Name	Student Name	GTID	Percentile Rank	Alternate Scaled Score	Alternate Zone of Proximal Development High	Alternate Zone of Proximal Development Low	Estimated Oral Reading Fluency	Grade Equivalent	Instructional Reading Level
Avery Elementary School	<a href="#">Alamo, Ricky C</a>	9000393230	1	0	0	0	31.00	1.40	-1.00
Avery Elementary School	<a href="#">Boehm, Nick C</a>	9000804000	2	0	0	0	12.00	1.00	-1.00
Avery Elementary School	<a href="#">Cabrera, Margit R</a>	9000400531	2	0	0	0	26.00	1.30	-1.00
Avery Elementary School	<a href="#">Chambers, Brandy A</a>	9000178458	8	0	0	0		3.20	3.20

- Click on a school to view detailed assessment information for that school.
- Navigate through the data by using the **Achievement Level** filter. Click the **View Report** button to generate the report.
- Filter data by using the **Measure Name** filter. Click the **View Report** button to generate the report.
- Click on a student's link to go to their profile page.

**Achievement Level:** Urgent Intervention

**Measure Name:** Scaled Score, Grade Equivalent, P
