## MISSION

To educate Georgia's future workforce by providing experiences for Georgia students that will prepare them for workplace success.

## VISION

Career, Technical, and Agricultural Education will provide educational experiences of superior quality and value for students that drive economic prosperity for all.

## VALUES

Career Focused  
Employer Partnerships  
Experiential

# Four Priorities of CTAE Strategic Plan

PRIORITY  
1

Georgia's Career, Technical, and Agricultural Education will change perceptions of its career-focused programs.

PRIORITY  
2

We will provide Georgia students access to quality career counseling and development throughout grades K-12.

PRIORITY  
4

In order for CTAE and students to be successful long term, it is imperative that we expand CTAE opportunities and teach employability skills throughout grades K-12.

PRIORITY  
3

Teachers and counselors are central to student success in CTAE; therefore, we will prioritize increased teacher and counselor recruitment, retention, and professional development efforts.

## Career, Technical and Agricultural Education

Career, Technical, and Agricultural Education (CTAE) is preparing Georgia's students for their next step after high school--college, beginning a career, registered apprenticeships, or the military. Georgia CTAE pathway course offerings, and the new Educating Georgia's Future Workforce initiative, leverage partnerships with industry and higher education to ensure students have the skills they need to thrive in the future workforce. CTAE offers students more than 130 career pathways within the 17 Georgia Career Clusters.

# Career Cluster and Pathway Curriculum

Career Clusters are broadly defined categories of industry sector areas, while Pathways are more occupationally specific and organized in three (3) sequenced courses.

Certain third-level pathway courses count toward required fourth math and/or science or sequenced world language academic credits.

Career, Technical and Agricultural Education Coursework is relevant to Industry because it:

- Incorporates rigorous academic standards
- Includes technical proficiencies and hands-on experiences
- Integrates employability and soft skills

**Standard: Demonstrate employability skills required by business and industry. The following elements should be integrated throughout the content of this course.**

- 1.1 Communicate effectively through writing, speaking, listening, reading, and interpersonal abilities.
- 1.2 Demonstrate creativity by asking challenging questions and applying innovative procedures and methods.
- 1.3 Exhibit critical thinking and problem-solving skills to locate, analyze and apply information in career planning and employment situations.
- 1.4 Model work readiness traits required for success in the workplace including integrity, honesty, accountability, punctuality, time management, and respect for diversity.
- 1.5 Apply the appropriate skill sets to be productive in a changing, technological, diverse workplace to be able to work independently and apply team-work skills.
- 1.6 Present a professional image through appearance, behavior and language.

While observing these proceedings I took notice of the various actors in the courtroom. Often when discussing a pathway for criminal justice, we think mainly of the law enforcement side. Having this experience opened my eyes to the incredible amount of opportunities there are in the criminal justice field. Some of these roles included court reporter, court clerk, defense council, prosecuting attorney, U.S. Probation, U.S. Marshals, and federal court security. Each of these jobs has an important role in the process and requires various job skills. I believe most importantly for this environment that focusing on

# What is the Perkins Act?

## Federal funding for secondary and postsecondary Career Technical Education

### Perkins V (transition began July 1, 2019)

The purpose of this Act is to develop more fully the academic knowledge and technical and employability skills of secondary education students and postsecondary education students who elect to enroll in career and technical education programs and programs of study.

### Requirements of Perkins V

- Comprehensive Local Needs Assessment (academic and workforce)
- Gaps in academics & workforce needs
- Funding allocated to the needs
- High Skill, High Wage, In-Demand
- Meaningful Collaboration
- Local Application

# Major Changes of Perkins V State Plan - Review

- Changes “high-demand” to “in-demand”
- Bigger emphasis on CTE programs in rural areas and low-income areas
- Seeks to align Perkins V with ESSA, WIOA, and HEA
- Allows Perkins funding down to grades 5-8
- Requires local career technical programs to conduct a Comprehensive Needs Assessment every 2 years
- Expands the list of Special Populations
- Meaningful collaboration between secondary, postsecondary and employers
