

Georgia's Charter Systems

2017-2018 and 2018-2019

The Georgia Department of Education's District Flexibility and Charter Schools Division's 2018 Annual Report submitted on behalf of the State Board of Education to the Georgia General Assembly

Georgia General Assembly
State Capitol Building
Atlanta, GA 30334

December 29, 2018

Dear Members of the Georgia General Assembly,

Georgia law requires all charter systems to submit an annual report to the Department of Education each year and the State Board of Education to report to the General Assembly each year on the status of the charter program [see *O.C.G.A. § 20-2-2067.1(c) and § 20-2- 2070*]. To facilitate the meeting of these requirements, the Georgia Department of Education's District Flexibility and Charter Schools Division each year conducts an Annual Report process for charter systems. The Department then compiles the Annual Report data along with academic assessment data and prepares and conveys to the General Assembly this report on behalf of the State Board of Education. Our 2017 Charter Systems Annual Report is before you now.

We now have 45 charter systems in Georgia, with one more pending. There are 10 cohorts of charter systems, one for 2008-09 and one for each school year since 2010-11. It takes at least three years of implementation for new charter systems to fully operationalize the charter system model. In addition to creating, training, and getting Local School Governance Teams operating at peak performance, time is also required to implement the new essential features and innovations included in each charter system contract. This means that the improved academic results yielded by implementing the charter system model are instrumental in moving the needle upward for Georgia's overall academic achievement since we now have six cohorts operating as a charter system for more than three years.

Georgia's established charter systems – those that have been operating as charter systems for more than three years – continue to outperform other school districts. A majority of Georgia's charter systems outperform the state average CCRPI and continue to post higher achievement gains than other districts.

Thank you for your ongoing dedication and hard work in helping to strengthen Georgia's public education system.

Sincerely,

Kevin Boyd, Chair
District Flexibility and Charter Schools Committee
State Board of Education

Charter Systems

In 2007 the General Assembly passed the Charter Systems Act. A Charter System is a system that has a performance contract with the State Board of Education granting the system freedom from almost all Title 20 education laws and State Board of Education rules in exchange for a commitment to higher academic achievement.

The performance contract between the Charter System and the State Board gives the district the flexibility to innovate in exchange for increased academic accountability. It also compels the systems to distribute the leadership process. Charter systems have the flexibility to innovate to exercise spending flexibility.

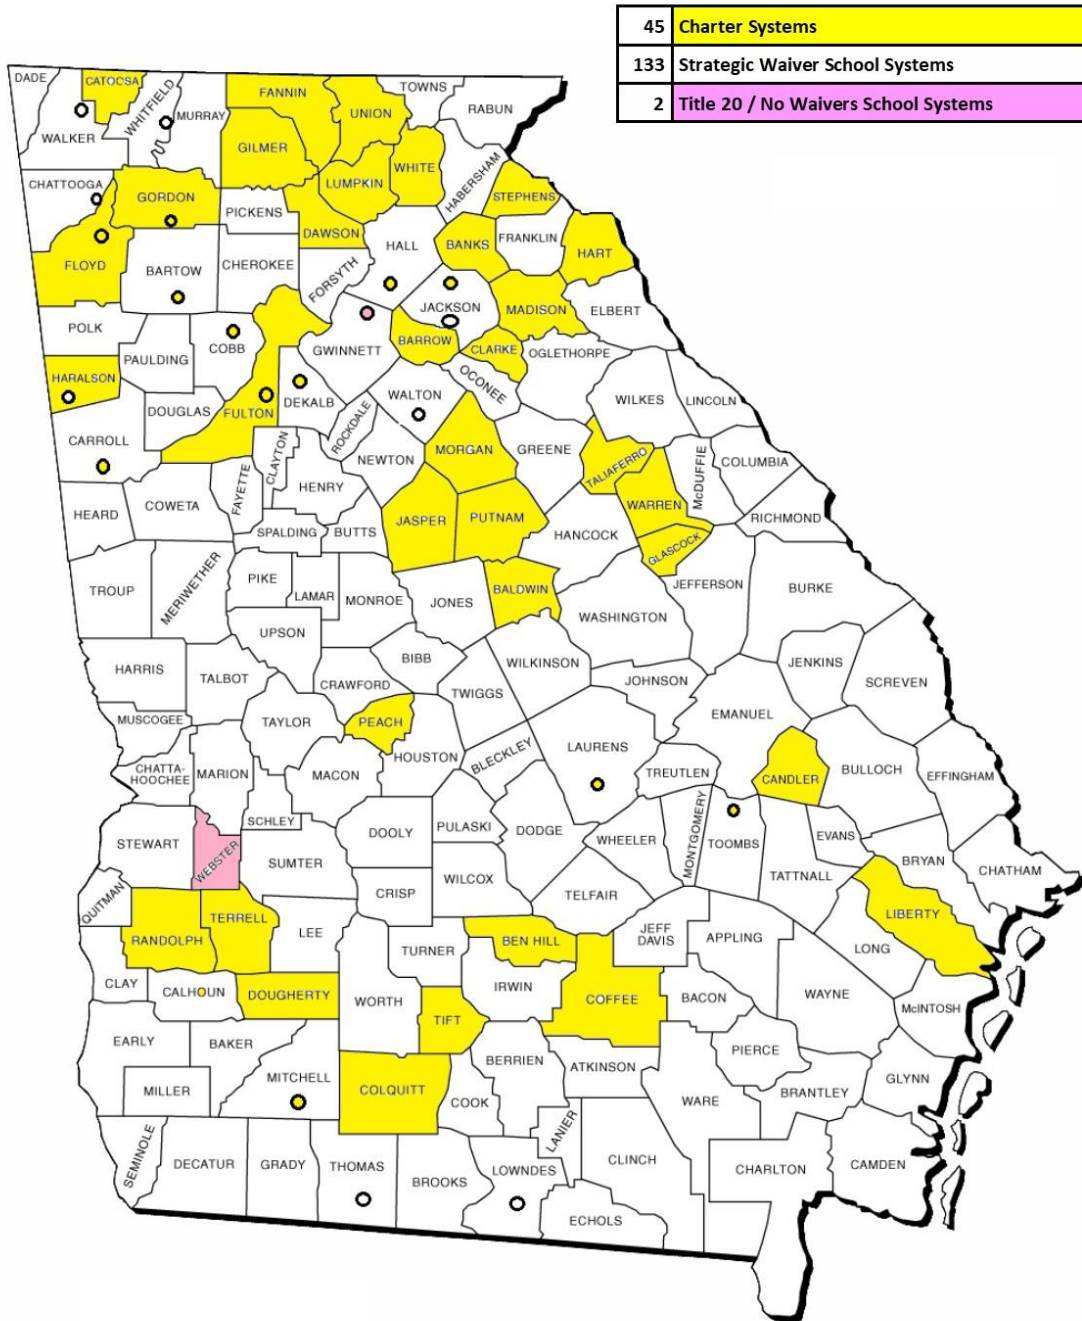

In the 2018-19 school year, there are 45 Charter Systems.

1	Atlanta Public	16	Decatur City	31	Madison County
2	Baldwin County	17	Dougherty County	32	Marietta City
3	Banks County	18	Dublin City	33	Morgan County
4	Barrow County	19	Fannin County	34	Peach County
5	Ben Hill County	20	Floyd County	35	Pelham City
6	Calhoun City	21	Fulton County	36	Putnam County

Charter System Enrollment

Charter System enrollment decreased by 4,550 students between 2017-18 and 2018-19.

Demographics of Charter Systems versus Non-Charter Systems

The racial and ethnic composition of Georgia charter systems is almost identical to non-charter systems, though Charter Systems serve slightly more Black students and slightly fewer Hispanic students.

Enrollment by Race/Ethnic Fiscal Year 2019								
Name	Total	White	Black	Hispanic	Asian	Indian	Pacific	Two or more Races
Charter Systems	352,791	40.1%	39.6%	14.5%	3.9%	0.1%	*	3.2%
Statewide (Non-Charter Systems)	1,366,156	39.8%	37.1%	16.4%	3.7%	0.2%	0.1%	3.0%

Charter Systems versus Non-Charter Systems Support Services

For the 2018-19 school year, the Free and Reduced Lunch (FRL) eligibility, English Language Learners (ELL), and Special Education composition of Georgia charter systems is also similar to the State. Charter systems serve a larger percent of FRL students (70.1% to 60.1%). Charter systems serve slightly fewer ELL students (7.5% to 7.8%) and almost the same percent of Special Education students (12.5% to 12.4%) than the state.

School Type	Free and Reduced Lunch Eligibility	English Language Learners	Special Education
Charter Systems	70.1%	7.5%	12.5%
Statewide (Non-Charter Systems)	60.1%	8.0%	12.4%

Charter System Contract Performance Targets

Background

The *Every Student Succeeds Act*, commonly referred to as ESSA, was signed into law in 2015. ESSA, which earned bipartisan approval in Congress, freed states from their *No Child Left Behind* (NCLB) waiver agreements and entrusted them with the responsibility to develop their own state plans to support education. ESSA significantly scaled back the authority of the U.S. Secretary of Education and U.S. Department of Education. The requirements of the law vary in specificity from issue to issue, with significant flexibility granted in some areas while in others (such as testing), many of the federal requirements introduced in *No Child Left Behind* remain.

The Every Student Succeeds Act gave Georgia an opportunity to *reflect on* and *refine* previous education reforms and engage Georgians in a meaningful way to chart out the future of education in our state – together.

In creating Georgia’s ESSA State Plan, the State sought out maximum flexibility while creating a cohesive and aligned plan that is responsive to the feedback received from educators, parents, students, business/industry representatives, and community members. The resulting plan strongly supports Georgia’s vision of *offering a holistic education to each and every child in the state*.

This plan captures the Georgia Department of Education’s shifting role from one focused on *compliance* to one focused on *service* and *support*. It defines the Department’s shared responsibility to expand opportunities and increase outcomes for students, in partnership with other state agencies, nonprofit and civic organizations, districts, schools, and communities. This plan supports the alignment of tools, resources, initiatives, programs, and efforts so they work in a more effective and efficient way to ultimately impact the classroom. The cornerstones of Georgia’s plan are *strengthening the teaching profession* and *building the capacity of leaders through quality feedback, support, mentorship, and professional learning*.

GaDOE redesigned the accountability system, including CCRPI, to reflect the new goals of Georgia’s new ESSA State Plan. The redesigned CCRPI was introduced for the 2017-18 school year. Because of this redesign, the District Flexibility and Charter Schools Division presented to the State Board of Education in December 2018 a revised set of charter system performance measures. These targets will be an option for all charter systems beginning with the 2017-18 school year – and they will be incorporated into all new and renewal charter system contracts beginning in January 2019.

Given the two major changes in CCRPI since it was first introduced, CCRPI for the three years 2012-2014 are comparable to each other, and CCRPI for the three years 2015-2017 are also comparable to each other. The new redesigned CCRPI for 2018 as presented in the Georgia ESSA State Plan begins a new period of comparability. While the graphs and tables below show a time series of CCRPI from 2012 through 2018, the different comparability periods are typically separated by blank column in charts and by a vertical line in graphs.

Original Charter System Contract Accountability

Charter system contracts prior to January 2019 included the following five goals with related performance measures.

- **Goal 1: Beating the Odds.** During each year of its first five-year charter term, each Charter System School shall “beat the odds” as determined by a formula measuring expected CCRPI without Challenge points. If less than all of the Charter System Schools beat the odds in the first year of the charter contract, the Charter System shall increase the number of Charter System Schools beating the odds each year so that all Charter System Schools will beat the odds in the fourth year of the charter contract.
 - Schools that Beat the Odds are those with a higher CCRPI (without Challenge points) than similar schools serving similar students in Georgia.
 - The Beating the Odds analysis predicts a range within which each school’s CCRPI is statistically expected to fall – given the school’s size, grade cluster, student demographics (including race/ethnicity, disability, English Learners, and poverty), and student mobility.
 - If an individual school’s actual CCRPI is above the predicted range, then that school Beat the Odds.
 - An annual unique cross-sectional dataset is created using information from the College and Career Ready Performance Index (CCRPI), the Governor’s Office of Student Achievement’s Report Card, and the Georgia Department of Education’s Student Record. Beating the Odds uses the CCRPI Single Score without Challenge points. Note that the factors may change during the charter term.
- **Goal 2: CCRPI.** The Charter System will demonstrate proficiency and/or improvement on the CCRPI Single Score without Challenge Points.
 - **Measure 1:** Year 1 of the charter term will establish a CCRPI baseline. The Charter System’s CCRPI score shall be equal to or better than the State in Year 2, and better than the State in Years 3-5 of charter contract.
 - **Measure 2:** If the Charter System’s first year CCRPI score is lower than the State, it shall have until the end of Year 2 of charter term to close the gap between the district and the State.
 - **Measure 3:** In Years 3-5 of the charter term, the Charter System’s CCRPI score shall be better than the state.
- **Goal 3: School Climate.** To promote a positive school experience by providing a safe school environment.
 - **Measure 1:** According to data reported by the Governor’s Office of Student Achievement Report Card, from a baseline established in Year 1 of the charter term (2017-2018), the Charter System shall decrease the percentage of students absent 15 days or more by at least 1% each year.
 - **Measure 2:** From a baseline established in Year 1 of the charter contract, the charter system will increase parent satisfaction annually by 5% as measured on the annual parent perception survey until parent satisfaction measures 90% at which time the Charter System shall maintain the 90% satisfaction rate.

- **Measure 3:** From a baseline established in Year 1, the Charter System will increase parent participation annually by 5% up to 90% at which time the Charter System shall maintain the 90% participation rate.
- **Goal 4: Economic Sustainability.**
 - **Measure 1:** Each year, the Charter System will operate in a fiscally sound manner as measured by an external audit.
 - **Measure 2:** Actual and proposed budgets for each school year will demonstrate effective allocation of resources.
 - **Measure 3:** Yearly balance sheets will demonstrate that the Charter System maintains adequate cash reserves.
 - **Measure 4:** The Charter System will meet all Generally Accepted Governmental Accounting Standards (GAGAS) as demonstrated by external, annual audit reports.
- **Goal 5: Implement school-level governance.**
 - **Measure 1:** All School Governing Teams will undergo annual governance training.
 - **Measure 2:** All School Governing Teams will meet a minimum of six times during the school year.
 - **Measure 3:** All School Governing Teams will have representation from a variety of stakeholders (teachers, parents, community leaders).
 - **Measure 4:** The Charter System will create a spreadsheet listing the decisions being made by each School Governing Team in areas of personnel decisions, financial decisions and resource allocation, curriculum and instruction, establishing and monitoring the achievement of school improvement goals and school operations, to be updated quarterly and maintained through the duration of the charter term.

Consequences. Charter systems that fail to meet the above performance goals are subject to the consequences described in O.C.G.A. § 20-14-41, including the expectation that districts intervene as needed in schools that failed to meet charter system contract goals. State intervention is possible if charter system schools continued to fail in multiple years, but the SBOE has not had to require such intervention because charter systems have worked closely with their under-performing schools to make gains over time.

Revised Charter System Contract Accountability

Beginning in January 2019, new charter system contracts (including those seeking charter system contract renewals) will include the following five goals with related performance measures. Charter systems with contracts granted prior to January 2019 will have the option of seeking a charter system contract amendment to incorporate the revised performance measures presented below.

Appendix A – Accountability Appendix to Charter for [REDACTED] Schools

The State Board shall hold the Charter System accountable for the full performance of each of the academic goals listed below.

Goal 1: During each year of its charter term, the percentage of Charter System Schools that achieve at least one of the following five measures shall increase by at least 10% of the gap between 100% and the previous year's percentage of Charter System Schools that achieve at least one of the following five measures.

- a. Meet or exceed the annual CCRPI Content Mastery target score.
- b. Increase the CCRPI Progress score each year.
- c. Achieve a positive Value-Added Impact Score.
- d. Beat the Odds.
- e. Increase CCRPI by 4% of the gap between 100 and the previous year's CCRPI.

Goal 2: During each year of its charter term, the total number of Charter System Schools that achieve a School Climate Star Rating of 4 or 5 stars will increase by 5% of the gap between 100% and the previous year's percentage of schools with a School Climate Star Rating of 4 or 5 stars.

Goal 3: The Charter System will operate in a fiscally sound manner as measured by not being designated a financial high-risk system as determined by the Department of Audits and Accounts (DOAA) and GaDOE.

Goal 4: The Charter System will foster individual school-level governance.

Measure 1: All School Governing Team members will complete annual governance training.

Measure 2: All School Governing Teams will meet a minimum of six times each school year.

Measure 3: All School Governing Teams will have representation from a variety of stakeholders, such as teachers, parents and community leaders.

Measure 4: The charter system will create a spreadsheet listing the decisions being made by each School Governing Team in the areas of personnel, finances and resource allocation, curriculum and instruction, and establishing and monitoring the achievement of school improvement goals and school operations. This spreadsheet must be updated quarterly and maintained through the duration of the charter term. In addition to submitting the spreadsheet with its Annual Report, the district shall also submit it upon DOE's request.

Consequences

1. The Charter System will implement the following consequences at all Charter System Schools not meeting Goal 1:

- a. A Charter System School that did not meet Goal 1 in either 2017-18 or 2018-19 will implement a targeted school improvement plan (by August 2019 or 2020 respectively) that addresses its specific achievement

deficiencies. The targeted school improvement plan will be approved and monitored by the district throughout the academic year.

- b. In a Charter System School that did not meet Goal 1 for three consecutive years during the charter term, the Charter System will apply direct school management support and intensive teacher development support as outlined in a jointly developed school improvement plan between the school leadership and district leadership staff. Implementation will begin in the school year beginning in the following calendar year.
- c. In a Charter System School that did not meet Goal 1 for four consecutive years during the charter term, the Charter System will apply consequences from O.C.G.A. § 20-14-41 as approved by the State Board of Education.

2. The Charter System will implement the following consequences at all Charter System Schools not meeting Goal 2:

- i. A Charter System School that did not meet Goal 2 in either 2017-18 or 2018-19 will implement a targeted school climate plan (by August 2019 or 2020 respectively) that addresses the specific school climate deficiencies. The targeted school climate plan will be approved and monitored by the district throughout the academic year. If the school is subject to a targeted school improvement plan for failure to meet Goal 1, the targeted school climate plan will be embedded within the targeted school improvement plan.
- ii. In a Charter System School that did not meet Goal 2 for three consecutive years during the charter term, the Charter System will apply direct school management support and intensive school climate support as outlined in a jointly developed school climate plan (or targeted school improvement plan if the school also failed Goal 1) between the school leadership and district leadership staff. Implementation will begin in the school year beginning in the following calendar year.
- iii. In a Charter System School that did not meet Goal 2 for four consecutive years during the charter term, the Charter System will apply consequences from O.C.G.A. § 20-14-41 as approved by the State Board of Education.

The Charter System will implement the following consequences if it does not meet Goal 3.

- i. The Charter System will submit to DOAA and/or GaDOE for approval a written corrective action plan
- ii. The Charter System will implement the approved corrective action plan.
- iii. The Charter System will participate in annual trainings offered or required by DOAA and/or GaDOE to address the risk.

4. The Charter System will implement the following consequences at all Charter System Schools not meeting Goal 4.

- a. A Charter System School that did not meet Goal 4 in either 2017-18 or 2018-19 will implement a targeted school governance team plan (by August 2019 or 2020 respectively) that addresses the specific school governance team deficiencies. The targeted school governance team plan will be approved and monitored by the district throughout the academic year. If the school is subject to a targeted school improvement plan for failure to meet Goal 1, the targeted school governance team plan will be embedded within the targeted school improvement plan.
- b. In a Charter System School that did not meet Goal 4 for three consecutive years during the charter term, the Charter System will apply direct school management support and intensive school climate support as

outlined in a jointly developed school governance team plan (or targeted school improvement plan if the school also failed Goal 1) between the school leadership and district leadership staff. Implementation will begin in the school year beginning in the following calendar year.

- c. In a Charter System School that did not meet Goal 4 for four consecutive years during the charter term, the Charter System will apply consequences from O.C.G.A. § 20-14-41 as approved by the State Board of Education.

District Flexibility

Charter systems receive a “broad flexibility waiver” – also referred to as a “blanket waiver” – which means that, except for of a small list of items, they are exempt from almost all of Title 20 and almost all SBOE rules and GaDOE guidelines except as prohibited in O.C.G.A. § 20-2-2065.

Below is a chart of the waivers charter systems use most frequently:

ACADEMIC PROGRAM FLEXIBILITY
Educational Programs: General programs, Early Intervention Program (EIP), Remedial Education, Alternative Education, and English Language Learners
Organization of Schools; Middle School Programs; Schedule
Competencies and Core Curriculum; Online Learning
Promotion and Retention
Graduation Requirements for substitution of equivalent or higher-level requirements which will assist students in acquiring the knowledge and skills necessary to be successful as they continue their education at the postsecondary level and/or enter the workforce
Health and Physical Education Program except as prohibited by O.C.G.A. §20-2-82(e)
School Attendance, Compulsory Attendance as it relates to the attendance protocol
HUMAN RESOURCES FLEXIBILITY
Class-size and Reporting requirements
Personnel Required
Employment, Conditions of Employment as it relates to Duty-Free Lunch
Salary Schedule Requirements
Certification Requirements
School Day and Year for Students and Employees
FINANCIAL FLEXIBILITY
Direct Classroom Expenditure Control
Scheduling for Instruction/Program Enrollment & Appropriations (except to the extent it relates to funding)
QBE Financing except to the extent it relates to funding
Categorical Allotment requirements, Article 6 of Chapter 2 of Title 20

Use of Flexibility to Innovate

The flexibility granted by Charter System contracts promotes innovation at the district and school level. For a Charter System to be successful they must decentralize the central office and allow school leaders and Local School Governance teams to use charter system flexibility to create innovations in their academic programs, human resources, and financial decision making. Below are examples of the various innovations implemented.

Use of Academic Program Flexibility

- College and Career Readiness
 - Expansion of dual-enrollment/post-secondary opportunities
 - Creation of a College and Career Academy
 - Youth Entrepreneurship Program/Workforce Investment Act Program
- Education Programs
 - Alternate instructional approaches for gender
 - Alternatives to retention for students who have not mastered the grade-level standards by the end of the traditional grading period by bridging students across grade levels, including greater use of online learning
 - Blended Learning/Hybrid Learning
 - Increase fine arts opportunities including enhance foreign language programs in elementary schools
- Graduation Requirements
 - Alternative ways for students to earn credit
 - Expand pathways to graduation through BYOT (Bring Your Own Technology) and technology integration, blended learning with FTE awarded for virtual learning, credit-bearing internships and alternative graduation programs
 - Creation of credit recovery programs
 - Provide opportunities for accelerated instruction
- Flexible Scheduling
 - Use of intervention periods and extended day opportunities to enhance curricular offerings, help students remain grade appropriate, and give students the opportunity to accelerate their learning
 - Develop the serve by “need not label” model of support
 - Hybrid-block scheduling
 - Implement alternative schedules and calendars to tailor instruction to each student’s rate of learning
 - Utilize Flexible Service Models

Use of Human Resources Flexibility

- Compensation alignment
- Modify calendar to allow for collaborative planning, professional development, and instructional enrichment
- Certification requirements

Use of Financial Flexibility

- Allocations based on needs
- Establish a governance team at each school giving them the authority to budget and spend all QBE Charter System Funds
- Reuse space phased out at the BOE and high school facility
- Resource management (e.g., using school governance teams to set budget priorities)
- Class-size and reporting requirements
- School day and year for students and employees

Additional flexibility also encourages the increased use of community partnerships. Charter systems partner with local businesses to provide such things as industry instructors, teacher externships, student apprenticeships, and student internships.

Charter System Accountability Performance

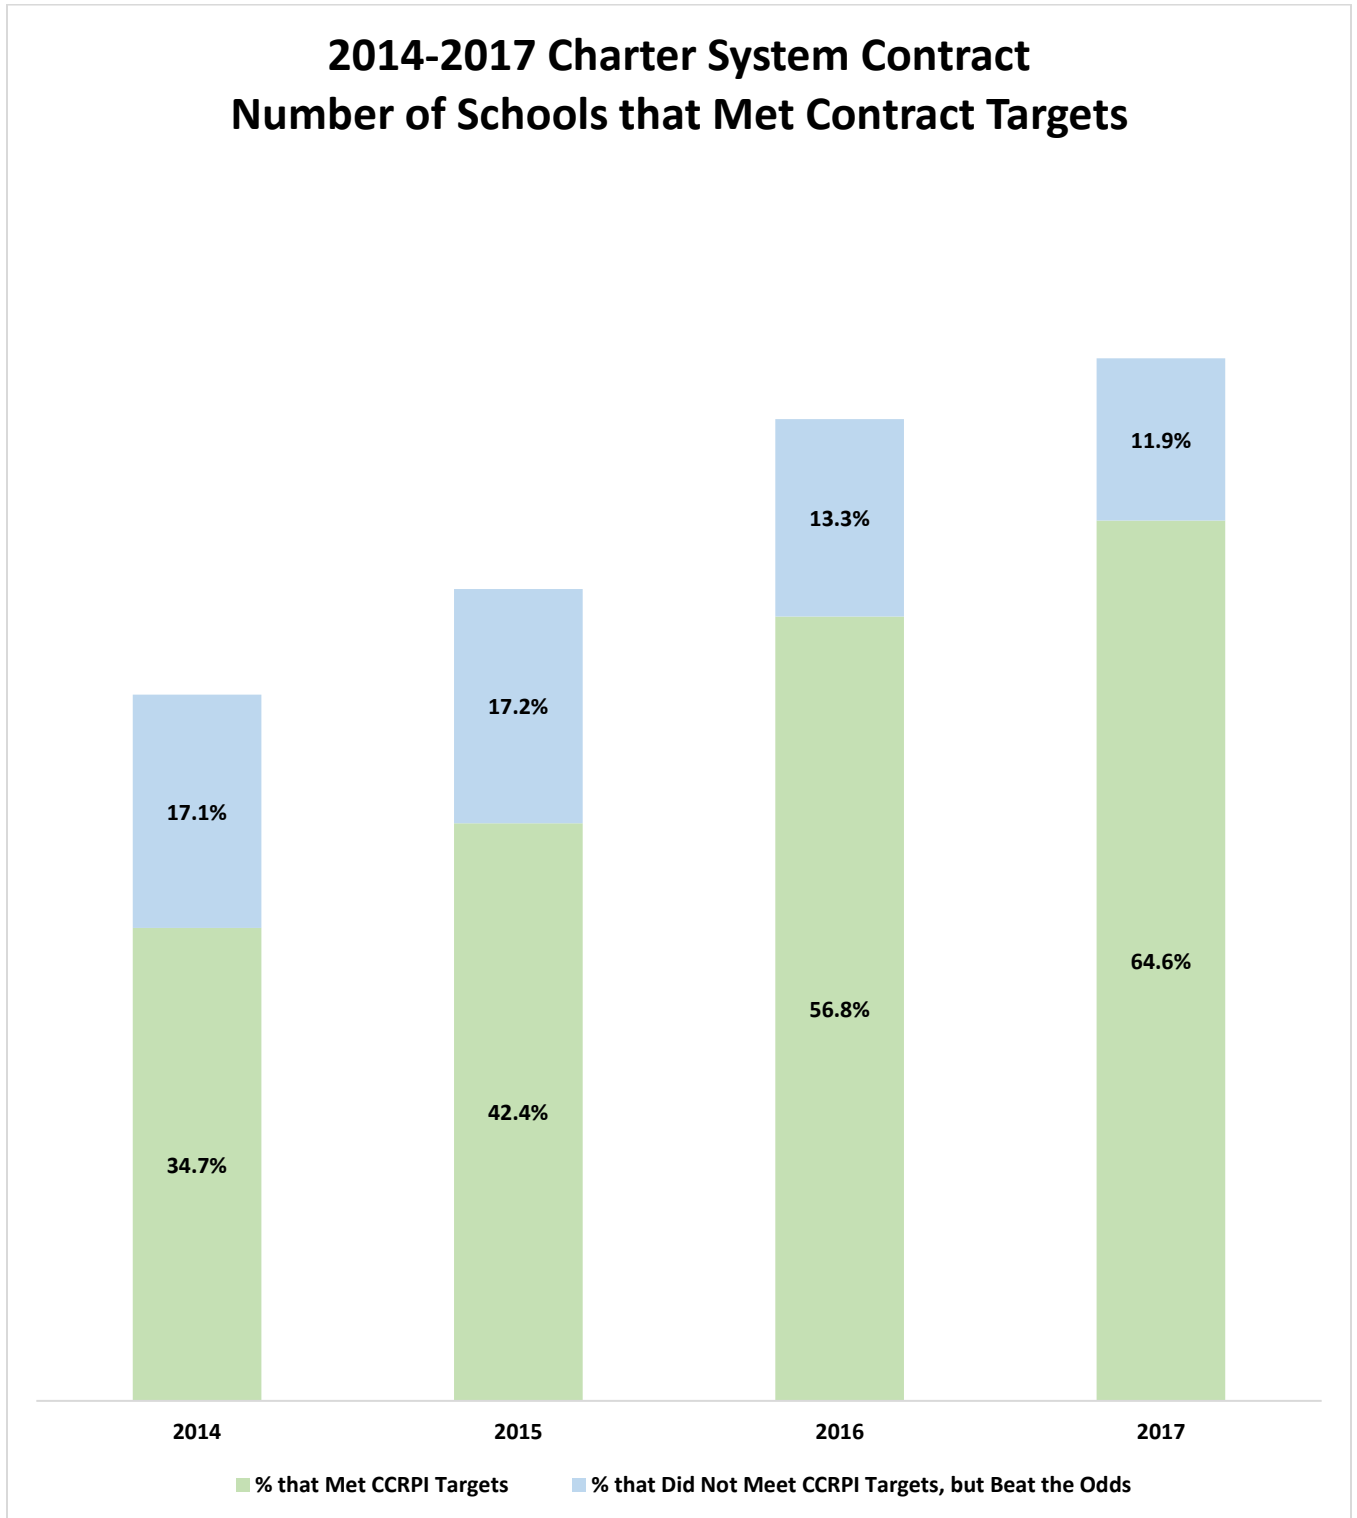

Academic Goals

Goal 1: Beating the Odds. During each year of its charter term, each charter system school shall “beat the odds” – but it will be counted as success if the number of schools beating the odds increases each year and all schools beat the odds in the fourth year of the contract.

Goal 2: CCRPI. The Charter System will demonstrate proficiency and/or improvement on its average CCRPI Single Score without Challenge points.

The following chart shows the growth of Charter Systems meeting their academic goals from 2014 through 2017.

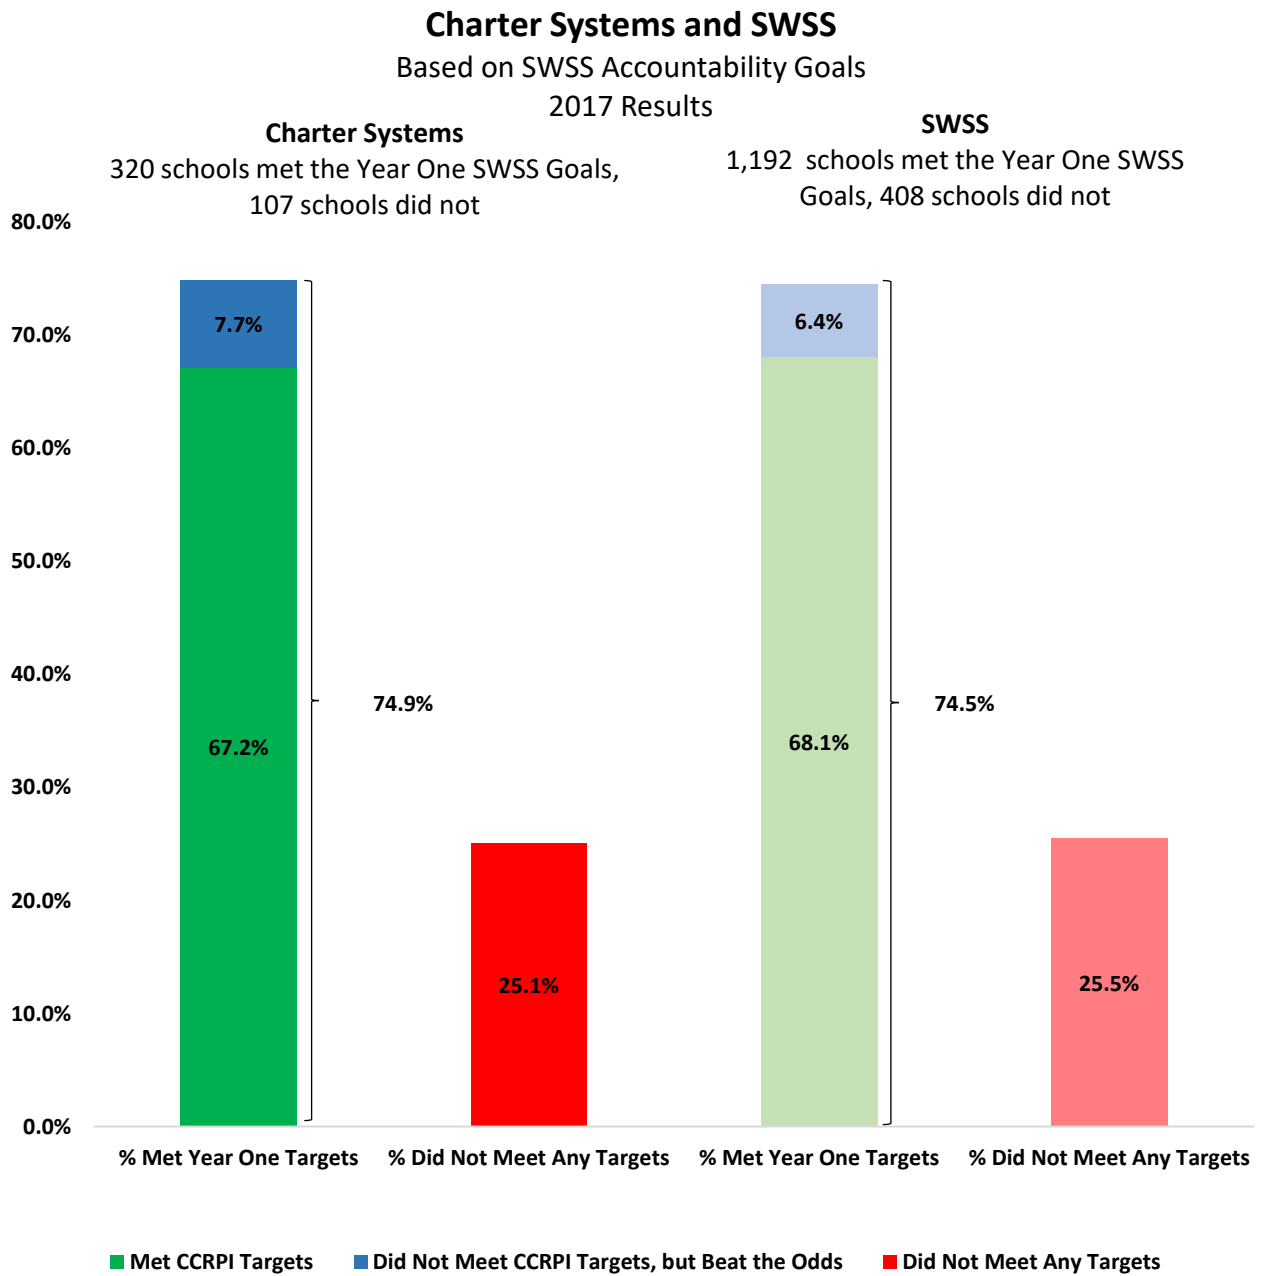

In 2017, 13 charter system districts, 100% of the schools met Year One Goals (either met CCRPI target or Beat the Odds). In all other charter systems, all schools met at least some of their Year One Goals.

Charter Systems 2017 Evaluation Results

Charter Systems based on Strategic Waiver Accountability Goals.

The academic goals for Strategic Waiver schools are different from Charter Systems. Strategic Waiver schools must increase their CCRPI score without challenge points by 3% of the gap between 100 and their baseline CCRPI score; schools at or above the 75th percentile of CCRPI scores within their grade cluster must remain at or above the 75th percentile, or Beat the Odds as determined by the annual BTO calculation performed by GOSA.

Charter System Cohorts

There are 10 cohorts of charter systems, one for 2008-09 and one for each school year since 2010-11. It takes at least three years of implementation for new charter systems to fully operationalize the charter system model. In addition to creating, training, and getting Local School Governance Teams operating well, time is also required to implement the new essential features and innovations included in the new charter system contract.

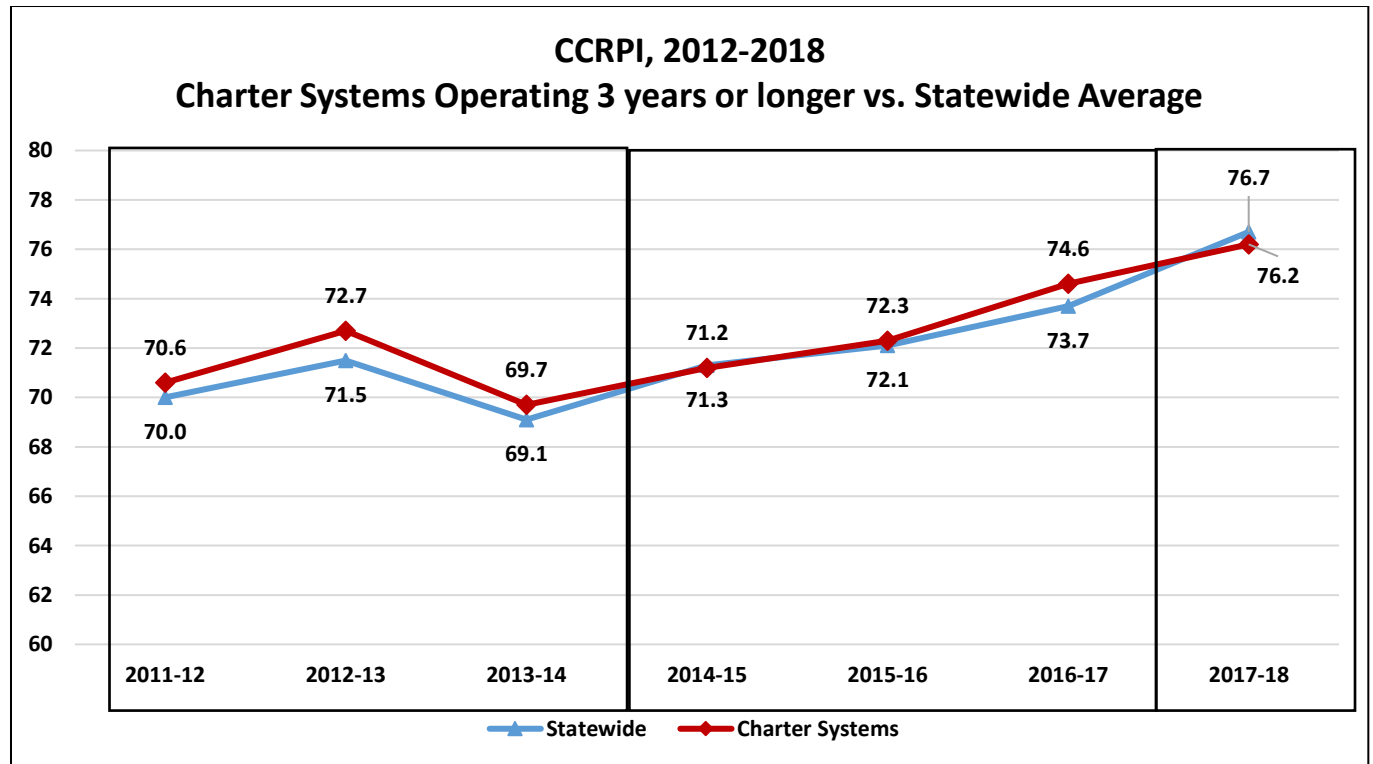

Cohort 1	1	City of Decatur
	2	Marietta City
2008-2009	3	Gainesville City

CCRPI Comparison by All Charter Systems and by Cohorts to Statewide Averages

While CCRPI performance data for charter systems in each cohort is shown in the following pages for all years since 2012, comparisons to state averages are shown on this page and the next only for those charter systems that were operating for more than three years.

	Statewide	Charter Systems
2011-12	70.0	70.6
2012-13	71.5	72.7
2013-14	69.1	69.7

2014-15	71.3	71.2
2015-16	72.1	72.3
2016-17	73.7	74.6

2017-18	76.7	76.2
----------------	------	------

The following data provides a look at the 6 oldest charter system cohorts. The districts within these cohorts have been operating as charter systems for more than 3 years.

	Statewide	Charter Systems Operating More Than 3-years	Cohort 1 4 Systems	Cohort 2 5 Systems	Cohort 3 6 Systems	Cohort 4 2 Systems	Cohort 5 3 Systems	Cohort 6 9 Systems
2011-12	72.8	70.6	70.6

72.6
76.6

CCRPI Comparisons of Charter Systems Within Cohorts

Cohort 2:

The 2010-11 school year saw the second cohort of charter systems begin. The five systems that became a charter system in 2010 are Cartersville City, Dawson County, Floyd County, Putnam County, and White County.

System	2012	2013	2014
Cartersville City	73.4	71.1	74.5
Dawson County	74.2	73.3	77.3
Floyd County	70.4	70.6	67.4
Putnam County	76.4	77.4	76.8
White County	79.5	74.4	77.6
COHORT 2	73.7	72.4	72.7
STATEWIDE	70.0	71.5	69.1

2015	2016	2017	2018
73.4	80.7	77.7	78.7
78.1	76.4	72.9	79.9
68.0	67.5	73.2	77.5
66.8	70.3	72.0	71.3
77.7	78.9	81.3	80.1
71.8	73.3	75.1	77.7
71.3	72.1	73.7	76.6

CCRPI Comparisons of Charter Systems Within Cohorts

Cohort 3:

The 2011-12 school year saw the third cohort of charter systems begin. The six systems that became a charter system in 2011 are Baldwin County, Barrow County, Calhoun City, Dublin City, Gordon County, and Morgan County.

System	2012	2013	2014
Baldwin County	64.9	65.0	64.9
Barrow County	67.8	73.5	67.8
Calhoun City	75.7	77.0	75.7
Dublin City	59.9	63.8	59.9
Gordon County	71.4	74.0	71.4
Morgan County	75.3	76.7	75.3
COHORT 3	66.1	69.2	67.5

Individual Charter System Academic Performance

The following pages provide an in depth look at individual charter system academic performance.

Each section provides each Charter System's Essential and Innovative Features included in their charter system contract.

The information on the year the system began as a charter system, the 2018-19 enrollment numbers, and the number of schools included in the system are also shown.

The charts provide the academic performance of the system, which includes a 3-year comparison of the Milestones Performance Targets for Elementary School and Middle School and End-of-Course tests, 4-year Cohort Graduation Rates, CCRPI scores by grade bands and overall, and the number of schools that Beat the Odds.

Atlanta Public Schools:

First year as a Charter System: 2016-17

2018-19 Enrollment: 41,792

Number of Schools in System: 71

College and Career Academy: Yes – Charter System Contract (*pending*)

Number of Charter Schools: 9 Locally-Approved Start-up Charter Schools; 1 Locally-Approved Charter Cluster including 8 Start-Up Charter Schools; 1 Conversion Charter School

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Create cluster signature programs allowing each cluster to develop a signature program plan that responds to the needs and vision of the communities by utilizing flexibility to adopt the curriculum and instructional structures that best serve the cluster	✓	✓
Implement a positive behavior support approach and restorative justice strategies to improve school culture		
Establish formal wraparound service partnership district-wide which include mental health, adult education, job force development for parents, childcare and healthcare, with specific partnerships targeted toward the schools and clusters with the greatest need		
Revise HR systems to support efficient and effective recruitment and selection of staff which will provide the necessary information for LSGT's to determine the candidates that are a best fit for the students at their school	✓	
Creation of a College and Career Academy in partnership with Atlanta Tech to increase access to career pathways	✓	✓
Budgetary flexibility to allow for targeted resource allocation that meets the needs of the students and leverages the assets at each school	✓	✓
Authentic community engagement in school site decision making through LSGTs	✓	✓

Number of Schools in System: 4

College and Career Academy: Yes – Charter System Contract

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Align all spending priorities with the district's strategic plan to improve student achievement	✓	✓
Since the state revenue source currently contributes to a minimal percentage of the actual cost of operating schools at a high level, the district will leverage the reduction of spending constraints to support the core business of teaching and learning	✓	✓
Pursue innovative course design that accounts for varied paces of student learning and unique interests	✓	✓
Facilitate new thinking about engaging instructional experiences and environments for students' learning needs today through the increased use of digital resources, embedded courses, innovative instructional models, and advanced learning opportunities		✓
Consider the additional value that could be added to classroom instruction and student supports by expanding employment practices to consider professional practitioners in specialty fields such as technology, science and engineering, and child support roles	✓	✓
Compensate all employees at competitive rates while valuing prior non-teaching responsibilities associated with an employee's teaching or support assignment	✓	✓
Ensure the Calhoun City Schools can meet the unique academic, resource, and support needs of all schools by leveraging flexibility in order to best advance teaching and learning at every school	✓	✓

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Implementing alternative and flexible schedules differentiate instruction and provide remediation and/or enrichment for students. This includes, but is not limited to, early release on specified days at the high school, before and after school remediation sessions at schools, summer bridge program, "Canes Time" at the middle school for remediation, specialized scheduling one day per week at the elementary school to provide remediation or enrichment; credit recovery and Saturday programs;	✓	
Preparing students to be college and/or work ready upon graduation through dual enrollment opportunities, creating alternative ways to earn high school credit, and providing leadership training; and	✓	
Utilizing innovative instructional approaches to creatively group students in the most effective model to promote achievement and student success;	✓	
Increasing the use of technology to enhance instruction and student learning opportunities; and		✓
Providing alternatives to retention for students who have not mastered the grade-level standards by the end of the traditional grading period. This would include flexibility in scheduling, the expansion of delivery models, and the implementation of differentiated instruction.	✓

First year as a Charter System: 2016-17

2018-19 Enrollment: 13,025

Number of Schools in System: 21

College and Career Academy: Yes – Charter System Contract

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Expand communication outlets to further build parent and neighborhood partners in supporting learning and achievement		✓
Develop and consistently implement educational programs for parents from birth to age 5		
Provide curricular resources for parents to support an enrich student learning		
Develop and implement systems in collaboration with agencies to support the health and wellness of children for improving academic performance	✓	✓
Develop and implement courses and programs of study to ready all students for college and careers	✓	✓
Establish positive school cultures and classroom management practices that support students' academic, emotional and social needs		✓
Develop personalized digital learning environments		
Establish processes to attract and select highly effective, diverse, and innovative faculty and staff	✓	
Develop and implement a comprehensive system to retain highly effective faculty and staff		
Two years ago, as part of its shift to a charter system, Clarke County School District (CCSD) engaged the University of Georgia (UGA) College of Public Health (CPH) and School of Social Work (SSW); Athens-Clarke County Unified Government; Athens-Clarke County Police Department; Athens Housing Authority; Athens Area Community Foundation; United Way of Northeast Georgia; and Family Connection-Communities in Schools to establish the Athens Wellbeing Project (AWP). The purpose of AWP is to assist Athens-Clarke County community leaders and institutions make data-driven decisions by providing a comprehensive snapshot of community needs and assets in multiple areas including education, housing, health care, and employment.		✓
The Clarke County School District (CCSD) was awarded a grant by Emory University to plan a school-based health clinic.		
Clarke County School District has allocated approximately \$595,000 to LSGTs in 2018-2019 to support school-based innovations to improve student learning.	✓	✓

First year as a Charter System: 2013-14

2018-19 Enrollment: 7,469

Number of Schools in System: 12

College and Career Academy: Yes – Charter System Contract

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Early learning collaborative		✓
Comprehensive literacy initiative		✓
BYOD (Bring Your Own Device)		✓
Blended/ hybrid learning/flexible scheduling	✓	✓
Career awareness for all elementary and middle		✓
Increased college readiness for high school students	✓	✓
Student advocacy initiative		
College and career academy	✓	✓
Annual student performance targets and objectives		
Project management process		✓
School governance teams		
Viable employee recruitment and retention program		
Comprehensive professional learning for all staff		✓
School based budget development process	✓	✓
Staffing efficiency	✓	✓
Allocations based on needs	✓	✓
Compensation alignment	✓	✓

2018-19 Enrollment: 9,249

Number of Schools in System: 14

College and Career Academy: No

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Ensuring children are successful when they enter school through the Striving Readers birth-to-five program;		
Implementing instructional models and teaching frameworks that are effective for all students by merging multiple STEM models into a STEAAM (science, technology, engineering, art, agriculture, and mathematics), introducing alternative organizational and instructional strategies for students in K-5 who are developmentally delayed, are English learners, or have special needs and evaluating the gifted program to ensure rigor, consistency, effectiveness, and better articulation among elementary, middle, junior high and high school programs;		✓
Personalizing learning through integration of digital technology and extending learning time by implementing blended, hybrid, and virtual learning opportunities for students;		
Adopting alternative scheduling strategies and school grade configurations that are effective for all students by implementing later daily starting and dismissal times for secondary student and maintain new grade configuration for middle and junior high schools.

Number of Schools in System: 7

College and Career Academy: No

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Award innovative grants to teachers to improve student achievement in math, science, and social studies at each individual school		✓
Quarterly monitoring student achievement data (both formative and summative) at the school and district level with district approved data collection documents which allows proactive monitoring of student progress, so any necessary changes can occur earlier in the school year		
Implement Camp Invention, a STEM summer extended learning experience that allows students to 'explore science, technology and their own innate creativity, inventiveness and entrepreneurial spirit' and provide scholarships and reduced fees for low-income families		✓
Partner with post-secondary institutions in the surrounding community allowing students to benefit from specialized instructors, online course offerings, and dual enrollment		
Expand extended learning opportunities during the school year for students to include before or after school tutorial support services		
Participate in the REACH scholarship program (an integral tenet of the Complete College Georgia Initiative) a needs-based mentorship and scholarship program designed to encourage students, starting in middle school, to persist in their educational pursuits. Students are provided with the academic, social, and financial support needed to graduate from high school, access college, achieve post-secondary success, and be prepared for the 21st Century workforce		✓
Realignment from a traditional middle and high school model to a middle school that served grades 6-7, a junior high school that serves grades 8-9, and a high school that serves grades 10-12, thereby, allowing the system to provide more academic opportunities to its students, with the overall goal of increasing the graduation rate and increasing student achievement by providing an advanced curriculum for 6th, 7th, and 8th graders, academic and elective high school credit offerings for 8th graders, intensive credit recovery for 9th graders who do not meet promotion criteria, earlier focus on Career Pathways at Junior High (8th-9th grades) and increasing Move on when Ready (MOWR) opportunities by partnering with University of North Georgia to offer college credit classes in Dawson County		
Dawson LEAD Initiative (Learning and Engagement Achievement Digitally) 1:1 device, Schoology (LMS), Google for Education, Active	✓

Dougherty County Schools:

First year as a Charter System: 2016-17

2018-19 Enrollment: 13,504

Number of Schools in System: 21

College and Career Academy: Yes – Start-up Charter School – Regional Partners

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Increase organizational effectiveness by implementing an eight-step change process and benchmark with large community business partner to create training for scaling and managing organizational change		✓
Assess and align student support services to match students with external wrap-around services that meet students' social, physical, and/or academic needs beyond the regular school day		✓
Enhance students' self-regulation, problem solving, and conflict resolution skills by providing students and staff with discipline alternatives (e.g. restorative justice, PBIS, ALIVE)		✓
Expand STEM articulations, K-12, to provide seamless experiential STEM instruction and learning and create pipeline for increased student achievement in math and science		✓
Provide students with increased course offerings aligned to their interest to increase students' academic engagement, the possibility of early graduation and early college placement		
Expand the 1-to-1 Technology Initiative to provide every child in Dougherty County Schools with personalized learning opportunities (e.g. hybrid, blended, real time, virtual, home, any-time, any-place learning)		
Implement non-traditional, non-competitive instructional groups for under-motivated and oftentimes over-aged students to increase achievement		
Open a College and Career Academy to improve students' early participation in career choice learning, increase student achievement and persistence to high school graduation		
Create single-sex academies to provide a more focused learning experience and minimize concerns common in co-ed environments		
Extensive Writing Programs implemented in 2 elementary schools		✓
Middle School Hybrid Integrated Learning Program		✓
Fontas & Pinnell Leveled Literacy Intervention Program		✓
Elementary IBO Expansion		✓
STEM/ STEAM Elementary Programs		✓
Restorative (Justice) Practices Program		✓

Dublin City Schools:

First year as a Charter System: 2011-12

2018-19 Enrollment: 2,188

Number of Schools in System: 5

College and Career Academy: – Start-up Charter School – Regional Partners

Number of Charter Schools in District: 1

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Create two P-4 schools that will each have a unique academic theme to involve students in project-based learning to learn performance standards	✓	✓
School Governance Councils: Each school's Council, with continuous training in operational matters, will have a more substantial voice in the local school decision-making process. This increase in decision-making responsibility represents a significant departure from current decision-making model		
Will utilize flexible scheduling models to offer the best instructional structure to provide for credit recovery, collaboration with local colleges and to ensure increased student achievement	✓	✓
Will demonstrate improvement by concentrating on differentiated instruction, mastery of learning and standards-based classrooms	✓	✓
Create a regional career academy to allow neighboring districts to pool resources with the technical college to offer students more career pathways	✓	✓
Implement the International Baccalaureate program at the middle and high school to ensure a challenging academic program for students intending to go directly to a four-year college		✓
Promotion of system mission, vision, and brand throughout the community		
Microsoft Industry Certifications at Dublin Middle School	✓	✓
JR. Fire Fighter Program with the City of Dublin (Students are taking courses from firefighters)	✓	
ROTC Drone Flight Program		
STEAM Smart Lab at Susie Dasher Elementary School		
Fifth Grade Academy at Dublin Middle School	✓	✓
Jr. City Council with the City of Dublin		
Night School, Saturday School	✓	✓
Summer High School Course Credit	✓	✓

Fulton County Schools:

First year as a Charter System: 2012-13

2018-19 Enrollment: 87,858

Number of Schools in System: 97

College and Career Academy: Yes – Locally-Approved Start-up Charter School

Number of Charter Schools in District: 10

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Flexible, Integrated, and Differentiated Instruction: new methods that provide more interactivity and problem-based teaching, increased flexibility in pacing, more utilization of the Internet and web-based tools that align with the informational culture, and more opportunities for experiential learning.		✓
Broader Curriculum Options: options such as classes that prepare students for multiple pathways that include vocational student and life skills in addition to college readiness, new ways to earn course credit, flexibility in sequencing, and expanded foreign language and fine arts.	✓	✓
Performance Management Enhancement: performance management enhancements such as performance-based recruitment, placement and retention of staff.		
School Culture Enhancement: school culture enhancements such as incentives for increased parental involvement, increased parental accountability and support for school uniforms.		✓

Gainesville City Schools:

First year as a Charter System: 2008-09

2018-19 Enrollment: 7,873

Number of Schools in System: 8

College and Career Academy: No

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Using technology innovations such as 1:1 devices (tablets, net books, laptops, desktops, smart phones etc.) to support teachers and students (K-12) in blended learning environments to continuously improve student learning;		✓
Implementing blended learning on all of our campuses (Pre-K - 12) that combines face to face classroom methods with computer mediated activities to form an integrated instructional approach;		✓
Implementing innovative modes of professional development (e.g. use of video and social networking tools) to provide examples of outstanding instructional practice;		✓
Implementing student centered teaching strategies to personalize learning through differentiation.		
Implementing teacher and leader evaluation instruments (using electronic platform and 1:1 devices)		
Open Enrollment for Parental School Choice- with transportation provided		✓
Elementary magnet theme programs with specialized program offerings		✓
World language instruction or experience in every school		✓
Leadership programs and career pathways enhancements at middle and high school		✓
Specialized Science, Technology, and Math Programs: Robotics in elementary, middle, and high school		✓
Specialized middle and high school programs to focus on personalized learning and leadership development		✓
Use of the UCLA Mental Health in Schools framework to address barriers to learning and re-engage students who are experiencing underachievement.		✓
STEAM Director to promote innovation in schools		✓
Director of College and Career Readiness to support personalized learning		✓
Partnership with Boys and Girls Club to provide afterschool tutoring and enrichment		✓

College and Career Academy: No

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Implement Flexible Service Models to serve students based on their individual needs	✓	✓
Expand the currently operating Virtual Academy to include a broader range of ages and curriculum to better support all students in grades 3-12	✓	✓
Offer advanced study opportunities for accelerated students in grades 5-8	✓	
Provide an extended year and/or day for those students needing additional time to complete subject content		✓
Increase student exploration, application, and evaluation through the development and use of STEAM methodology	✓	✓
Expand post-secondary options and partnerships with Southern Crescent Tech, Georgia College, Mercer University and expand CTAE opportunities for all students based on the needs of the student population and the regional economic community	✓	✓
Offer the opportunity to earn high school graduation credits for internships completed with participating local businesses	✓	
Provide on-going professional learning opportunities for all staff Technology Incorporation of the Arts into planning		
Enhance the opportunity for blended learning models within the classroom setting.		✓

Morgan County Schools:

First year as a Charter System: 2011-12

2018-19 Enrollment: 3,009

Number of Schools in System: 4

College and Career Academy: Yes – Charter System Contract

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Award innovative mini-grants to teachers/schools/system to improve student growth in identified areas of need and the success of grant activities will be measured with a pre and post assessment and targeted goals	✓	✓
Design and use integrated courses which cover curriculum standards for multiple subjects	✓	✓
Create opportunities for credit-earning internships and externships in grades 9-12		
Implement a strong teacher induction program, for teachers out of field or who have industry certification but not teacher certification, aimed at sharing education information (such as classroom management strategies, the non-negotiable, special education accommodation, Tier I standard-based classrooms, differentiated instruction, etc.) to these new to the field of education teachers		
Monitor student growth at the school and system level two times during the year which will allow district and school level leaders to be proactive regarding student growth by initiating necessary changes prior to the administration of the EOG/EOC assessments		
Schedule times for observation and collaborative meetings during the school day for beginning and master teachers to engage in peer coaching a feedback from their colleagues to improve their craft.

First year as a Charter System: 2010-11

2018-19 Enrollment: 2,880

Number of Schools in System: 4

College and Career Academy: Yes- Charter System Contract

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Collaborating with post-secondary institutions to provide college accredited courses for high school courses that will meet high school graduation requirements	✓	
Extending learning through Summer Inspiration, a summer program focusing on the individual needs of student in a caring and creative environment, emphasizing the social, emotional, physical and intellectual development of each child		✓
Training all grade level teachers in Project-based learning teaching methodology where students will work for extended time periods on projects that enhance the use of 21st Century skills and enable students to develop a product that demonstrates inquiry, learning mastery and innovation		
Implementing competency-based learning allowing students to progress through the curriculum at their own pace	✓	
Expanding school and system collaboration of classroom observations by pairing up system level and school level personnel to visit all classrooms a minimum of three times a year, guided by the school's leadership's expectations to create a teamwork environment and to ensure that school leadership and teachers share the same expectations		
Increasing experiential learning projects through "Virtual History" and "Interactive Learning Projects".		
Our students benefit from our commitment to art education which improves language development, spatial-temporal skills and IQ.	✓	
Our students benefit from our commitment to foreign language education which serves as a catalyst for innovative thinking in a student's conceptual development.	✓	
Our students benefit from our commitment to the performing arts and music education which improves language development, critical thinking, creativity, and collaboration.	✓	✓
Standards Mastery assessment that is formative "NAVY"	✓

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Increasing focus on fine arts by leveraging relationships with local artisans and musicians	✓	✓
Building relationships with local business and industry to provide real world job training and skill building		✓
Creating pre-AP classes at the middle school level		
Providing Latin instruction in K-5		
Used charter funds to offer Spanish in the 7th and 8th grade for high school credit. It seemed to be easier to manage initially with personnel than Latin.		✓
We are currently working on a plan to waive course requirements for those students participating in the GPP program	✓	
We actually used our Charter funds to add Music and Art back in our Elementary and Primary Schools		✓

Warren County Schools:

First year as a Charter System: 2008-09

2018-19 Enrollment: 562

Number of Schools in System: 3

College and Career Academy: Yes – Charter System Contract

Number of Charter Schools in District: 0

Essential or Innovative Features included in your charter system contract.	Use of waivers to implement	Use of charter system supplemental funding
Youth Entrepreneurship Program - developed with collaboration with the Warren County Chamber of Commerce, this is a class where students actually plan, develop and start up a business on their own. Business owners in the community serve as mentors and presenters during this class. Students compete for funding from community businessmen by presenting their business plans to a panel.		
Youth Apprenticeship Program / Workforce Investment Act Program - Combining these two programs allows students to receive credit while they work in the community and receive compensation		
Dual Enrollment Classes - the Career Academy opened in September 2012 and, based on a market analysis of the area, five courses being offered by Oconee Fall Line Tech: Nursing, Welding, Computer Systems, Early Childhood Education, Cyber, Industrial Maintenance, Shampoo Tech. These hands-on classes and the dual enrollment with Oconee Fall Line Tech help prepare students for college, careers and life		
Spanish- Foreign language will be expanded to include elementary and middle school students. The Charter System plans to offer two classes of Spanish for elementary students. Additionally, Spanish for Carnegie credit will be offered at the middle school as well as one exploratory Spanish class for middle school students	✓	✓
Technology - through grants, the Charter System will also provide students with boards in every classroom K-12. The Charter System will also provide students with iPads, iPods, mobile labs, laptops, active expressions, active votes, etc., in lieu of textbooks and plans to implement BYOT initiatives		✓
