What does the CPI Rollover do?

CPI Rollover Processing: When rolling over from Cycle Three to Cycle One, the 'Years Exp' (Years Experience) fields are incremented for all employees whose **Advance/Inhibit Flag** is left blank. This is the only rollover cycle which causes the *CPI Biographical* screen's **Certified Years of Experience**, and **Local Years Experience** fields to be incremented by one year. If an employee should not have their years of experience incremented, set the **Advance/Inhibit Flag** to **A** (Inhibited Due to Performance, Other) or **E** (Inhibited Due to Lack of Experience). After the rollover from Cycle Three to Cycle One is complete, the **Advance/Inhibit Flag** will be cleared for all employees.

Copy of the PSC download document

The CPI application includes an option that allows districts to download PSC certification data that Georgia DOE receives daily from PSC. Some districts have the ability to then upload this data into their local software. It is a convenient way to update personnel files with the most current PSC data. *Check with your vendor for local software upload options.*

The Process

Step 1

Create an extract, or build a text file, with two data elements:

- The district's SYSTEM CODE (3 digits)
- The SSN of the employee (9 digits)

See the "CPI PSC Certification Data Request (SSN) File" layout on the next page.

899999087055
899999087058

Each row in the file is just 12 digits long. The file name should end with ".txt".

OPTIONAL: Update employees' certificate information using the Professional Standard Commission's (PSC's) downloaded file. (F4, F13, F5)

Upload the extract via the PSC Data Request

Select to use the upload option.

Then, use the Browse to select your extract file.

Next, click on the upload button.

Step 3

The next screen has the option to download the PSC data to your computer.

There is an option to either OPEN or SAVE the data. It is recommended to select the SAVE AS option that allows saving it to a desired location.

ESSA PQ/ In-field G-CASE Clearance Certificates

O.C.G.A. §§ 20-2-80, 20-2-200, 20-2-211.1, 20-2-2065, GaPSC & SBOE Rules

ALL Georgia LEA teachers, school or school system administrators, and paraprofessionals **MUST** hold a Clearance Certificate.

A Clearance Certificate is a certificate issued by the Georgia Professional Standards Commission that verifies that an educator has completed fingerprint and criminal background check requirements.

Georgia Department of Education

ITEM TO REMEMBER

- All teachers and paraprofessionals are first tested for a clearance certificate
- All paraprofessionals are identified using CPI
- Teachers are identified using Student Class and cross-referenced with CPI to verify several variables
- Teacher courses are collapsed into one record even if the courses deal with gifted, ESOL, and SWD
- ESSA In-Field does NOT use the course or subject modality code to determine credentials for Gifted, ESOL or SWD

Georgia's School Superintendent

Waiver v Waiver

Waiver – GaPSC Certificate

Issued by the GaPSC, a waiver certificate (W) can be requested by a LEA for a teacher who does not meet certification requirements, but who is the most qualified candidate for employment.

Waiver – GaDOE Approved Charter or Strategic Waiver Application

Submitted by a LEA, an approved charter waiver or strategic waiver application allows LEAs to waive the requirement for an education to hold a certificate issued by the GaPSC.

In-Field v In-Field

In-Field - GaPSC

GaPSC establishes in-field criteria by determining which certification(s) are appropriate for each course. LUAs are responsible for ensuring that educators are assigned only within the field (subject area) and grade level for which teachers have been prepared and certified.

In-Field - ESSA

In Georgia, in-field for ESSA is based on GaPSC in-field rules, but, in several specific scenarios, GaDOE has different requirements for an in-field determination.

Example:

GaPSC In-field – Teachers holding a 'N' may be in-field if assigned appropriately.

ESSA In-field – Teachers holding a 'N' are not in-field.

ITEM TO REMEMBER

ESSA PQ/ In-field G-CASE Special Education Teachers

NEW IN GEORGIA IN FY18

Under Georgia SBOE Board Rule Amended – July 20, 2017,
ALL LEA Special Education Teachers must be certified in
special education in the field in which the teacher is
assigned. This includes special education teachers in charter
schools, charter districts and strategic waiver districts.

ITEM TO REMEMBER

Professional Qualifications for Teachers

What does ESSA say about qualifications?

ESSA says that state education agencies (SEAs) and Local Education Agencies (LEAs) must ensure teachers meet applicable state certification requirements [Sections 1111(g)(2)(J), 1112(c)(6)].

*O.C.G.A. § 20-2-984
Georgia law authorizes GaPSC to
establish certification requirements.*

*§ 20-2-2065
Georgia law allows charter and
strategic waivers systems to waive
state certification for most
teachers.*
