Student Record Notes

- SR data are featured heavily in the CCRPI reports
  - Course Numbers must match IDA 3
- Schools should have processes in place for keying and checking data entered into the local SIS
- Districts should have processes in place for reviewing data as soon as data are uploaded to GaDOE
- All SR reports should be reviewed for accuracy before superintendent signoff
- Once SR signoff is complete, these data are “locked in” and are utilized for the CCRPI reports
