Ensuring Accurate 2016 CCRPI Data for School and District Leaders

May 19, 2016
2:00 p.m.
This session will be repeated

Friday, June 3, 10-11 AM
Tuesday, June 7, 1-2 PM
This session, designed for school and district leaders, will provide an overview of the data sources for the 2016 CCRPI. Emphasis will be placed on how schools and systems provide data to the GaDOE and how school and district leaders can check the data they submit before the Superintendent sign-off of Student Record in June.
General Questions

- Where does GaDOE get the data?
- Which pieces of information are used for which indicators?
- What is the process for providing data?
- Who provides the data?
- What is Student Record, and how does it work?
- How can I check the data?
- How can I improve the quality of my data?
- Who should I contact with questions?

What is the process for providing data?

Who provides the data?
CCRPI Applications

• Available in the secure MyGaDOE portal
• Only accessible to those with CCRPI portal access
• Specific *open* and *close* dates communicated by the GaDOE Deputy Superintendent for Assessment and Accountability
• To be completed by either district staff or principals, depending on the application
CCRPI Applications

- Data Collection (pre and post) for *Innovative Practice and School Climate (Principals)*
- Assessment Matching (*District)*
- Non-Participation (*District)*
- Summer Graduates (*District)*
- Cohort Withdrawal Update (*District)*

*Check the process for your district!
EOPA
(End of Pathway Assessment) Application

• Used for HS indicator #10

  High Schools can verify the data on the Pathway Completers District Summary and Signoff Report in the EOPA application.
FTE -1 and FTE Survey

• Special education students served in general education environment

  ➤ SPECIAL EDUCATION ENVIRONMENT

  CCRPI Indicator # 6 for Elementary School and Middle School – Percent of Students With Disabilities served in general education environments greater than 80% of the school day

In FTE 1, the data reported for Special Education Environment – Age 6 and Above is used to make this determination.
FTE -1 and FTE Survey

• Marking periods – start and end dates

MARKING PERIOD DATES
Reminder: If a school has **Marking Period Dates** that differ from the **Marking Period Dates** reported for the district, then report the school **Marking Period Dates** on the tab specified in the FTE Data Survey. (NOTE: See the FTE Data Survey documentation for detailed instructions for reporting the **MARKING PERIOD DATES** for a school).

What is Student Record, and how does it work?
What is Student Record?

- Student Record provides a year-end, cumulative record of student program participation and various activities for the fiscal year.

- Student Record provides data used in CCRPI, federal (EDEN) reporting, program monitoring and evaluations, open records requests, Civil Rights Data Collection, Perkins reporting, Special Education reporting, SLDS, teacher evaluations, program audits, GA AWARDS, and the State Report Card.
What is Student Record?

Ten (10) Record Types

- System
- School
- Student
- Course
- Discipline
- Enrollment
- Special Education
- Program
- Address
- System Course
Who is Reported in Student Record?

- Students that were enrolled in a Georgia public school at any point during the school year.
  - The date range for Student Record is July 1st through June 30th.
  - Both active and withdrawn students are reported if there was an enrollment during this timeframe.
  - Each school that enrolled the student is responsible for reporting the student’s information that reflects his or her enrollment at that school.
When is Student Record Reported?

• Student Record has deadlines for different types of data.

• The deadlines are spread across the school year to eliminate last minute rush to correct data.

• Student Record has a “data cleansing” period that begins in September of each school year and ends in December.

• The official collection for the fiscal year begins in February of each year and ends in June.
When is Student Record Reported?

Data Cleansing – Thursday, September 10, 2015 to Friday, December 18, 2015.

FY 2016 Collection –
The FY2016 Student Record Data Collection began on Wednesday, February 10, 2016.

Initial Transmissions:
All school systems were required to complete the initial transmission of Student and Enrollment data by Tuesday, February 16, 2016. The initial transmission should include a record for all students that were reported active in FTE-1 or FTE-3, or reported as withdrawn this FISCAL YEAR.

Duplicate Resolution:
The deadline for resolving duplicate records of students with the same STUDENT ID reported active in more than one school was Wednesday, April 6, 2016.

Sign Off:
All Student Record transmissions, review of reports, and superintendent sign-off, must be completed by Wednesday, June 15, 2016.

How can I check the data?
How can I improve the quality of my data?
Making a Plan for Your School or District

• Understand that obtaining quality data is a process and not an event.

• Identify the person(s) who will be responsible for collecting, entering, and maintaining student and staff data at the school and district levels.

• Create a process for reviewing reports and verifying data prior to the Student Record sign off.

• Ensure collection signoffs are completed and on time. (Note: The SR signoff deadline is the Superintendent’s deadline. The school deadline should be set for an earlier date).

• Provide ongoing staff development related to collecting and reporting data.

• Read the documentation and ask questions as needed.
