

2016 CCRPI Post-Data Collection Application

GaDOE Accountability

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
ga.gov
gaedoe.org

Purpose

- Provide updates and general information about Post-Data Collection
- Review the Data Collection Application Process
- Highlight resources available to support Post-Data Collection

Georgia Department of Education

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
ga.gov
gaedoe.org

Post-Data Application Dates

- Available in the Portal

June 21st – July 29th

- Optional Activity
- Exceeding the Bar Indicators
 - Elementary # 6 and #7
 - Middle # 5 and #6
 - High #9 and #10
- Allows for schools who chose to participate in pre-data collection to upload the results and description of post-data

Accessing Post-Data Collection Application

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
ga.doe.org

- Access through the GaDOE Portal

<https://portal.doe.k12.ga.us/login.aspx>

Select the "CCRPI Data Collection" option under the CCRPI Menu item

CCRPI Data Collection

District Name:

School Name:

Activities:

School or LEA Personalized Climate Research/Evidence-based Programs/Practices accompanied by documented data supporting the improvement of school climate in any one or more of the four components of the School Climate Star Rating:

1. Student Discipline
2. Safe and Substance-Free Learning Environment
3. Increase Student and Staff Attendance
4. Categorical Improvement on the Georgia Student Health Survey 2.0 (GSHS 2.0)

Examples of the above include, but are not limited to, school-wide implementation of research/evidence-based programs such as Teachers as Advisors program; mentoring program; Positive Behavioral Interventions and Supports (PBIS); service-learning program; peer mediation; conflict mediation.

This data collection activity supports an Exceeding the Bar indicator. This data collection also supports additional considerations for the School Climate Star Rating for all school levels. This activity is not required; it is optional.

This school did not complete the pre-collection cycle. Therefore, the school will not be able to participate in the post-collection cycle.

Be sure to check **BOTH** Innovative Practice **and** Personalized Climate

No Pre-Data Application Submitted

Description of Practice: This was entered during Pre-Data Collection and cannot be edited.
Description of Pre-Data
Description of Pre-Data: This was entered during Pre-Data Collection and cannot be edited.

SL #	Pre Data File Name		
1	Pre Data File: Entered during Pre-Data Collection	Download	

Description of Post-Data

- Georgia Milestones data may be submitted.

~~Schools using SLO targets to indicate improved student achievement do not have to upload pre or post assessment data. The Department has access to the data through Student Record.~~

Description of Post-Data (2000 characters remaining of 2000)

Type the post-data description here

If you used/referenced SLO data for pre-data collection, new guidance regarding post-data collection is forthcoming. Do not complete post data collection at this time.

Attached Post-dataset must meet the following requirements:

1. Post-dataset must demonstrate growth (generated from a norm referenced or criterion referenced measurement; or a GaDOE-approved research-based reading program; or from approved school SLO targets).
2. If using charts and tables, include the following information: year, grade level, subject, other relevant information necessary to interpret the chart and/or table.
3. Data submitted must be prior year and current year data OR pre and post data from within the current school year.
4. Do not include student names or other student identifiers.
5. Do not submit district level data reports or district benchmark data.
6. Submit school level reports relevant to the instructional practice and target population.
7. The data file size limit is 2 MB.
8. There is a one file limit on post-data submitted.

No documents uploaded for post collection

Upload File:

Display Name:

The Post-Dataset must follow the requirements below

Must Includes a file name

Click the "Upload Data File" button before Clicking "Save All", or the data file will not be included with the post-data submission.

Principals: Post-Data Collection Application

Richard Woods,
Georgia's School Superintendent
"Educating Georgia's Future"
ga.gov
ga.doe.org

Enter the Post-Data Description

- Describe the data being submitted – it should align with the pre-data submitted
- Clearly label charts and graphs
- **Innovative Practice**
 - Georgia Milestones data may be submitted
 - It has come to our attention that in light of SB364, some districts did not upload SLO post-data in Student Record, which closed June 15. Therefore, new guidance for post-data collection for schools that used SLO pre-data for innovative practice is forthcoming. We are working with the TLE team to provide guidance that will ensure that all schools that used SLOs for innovative practice will have the opportunity for application review.
 - If using charts and tables, include the following information: year, grade level, subject, other relevant information necessary to interpret the chart and/or table
 - Data submitted must be prior year and current year data OR pre and post data from within the current school year.
 - Submit school level reports relevant to the instructional practice and target population
- **Personalized Climate**
 - Include post-data for demonstrating growth to meet the stated goal (format of post-data must match format of pre-data)
 - If using charts and tables, refer to User Guide for Key Information which must be included
 - Submit school level reports relevant to the personalized climate and the school population, not district level reports
- **Post-Data: General Guidelines**
 - The data file size limit is 2 MB & there is a one file limit on post-data submitted
 - Do not include student names or other student identifiers
 - Do not submit district level data reports

Principals: Post-Data File Upload

Description of Post-Data
