

Eligibility Criteria for the Georgia Alternate Assessment 2.0 (GAA)

Step I: Review the Eligibility Criteria for GAA

Prior to reviewing the eligibility criteria for GAA, the Individualized Education Program (IEP) team must understand all assessment options, including the characteristics of each assessment and the potential implications of each assessment choice. The GAA 2.0 is intended for students with the most significant cognitive disabilities. Instruction for these students is based on alternate academic achievement standards, which are aligned to the Georgia Standards of Excellence at a reduced depth, breadth, and complexity. Beginning with students who enroll in ninth grade for the first time on or after the 2020-2021 school year, students who participate in the GAA 2.0 will be eligible for the state-defined alternate diploma rather than the regular high school diploma (SBOE 160-4-2-.48).

According to O.C.G.A § 20-2-281, school districts are required to follow the procedures specified in the applicable test administration materials. As a result, the IEP team must use this form to document its assessment decisions. If GAA is being considered, the IEP team must review the four criteria below and select **Yes** or **No** if applicable to the student. To be eligible to participate in GAA, the answer to all four of the questions below must be **Yes**. If the answer to any of the questions is **No**, the student is not eligible to participate in GAA and must participate in the Georgia Milestones Assessment System. Each **Yes** answer requires a justification that contains evidence that the student meets the criteria.

Student Name			Grade		
Eligibility Criteria		Sources of Evidence (check if used)		Justification	
1. Does the student require intensive, individualized instruction in a variety of instructional settings? The student needs specialized academic instruction and techniques over a period of time to ensure that he or she can learn, retain information, and transfer skills to other settings.	Yes No	<input type="checkbox"/> Present Levels of Academic Achievement and Functional Performance <input type="checkbox"/> Anecdotal Notes and Observations <input type="checkbox"/> Benchmark Data <input type="checkbox"/> Progress Monitoring Data <input type="checkbox"/> Learning Characteristics Inventory <input type="checkbox"/> Other _____			
2. Does the student have a significant cognitive disability? A significant cognitive disability is determined by the IEP team and must be based on evaluation information	Yes No	<input type="checkbox"/> Results of Individual Cognitive Ability Test <input type="checkbox"/> Results of Adaptive Behavior Skills Assessment

<p>performed by a qualified evaluation team. The significant cognitive disability must affect the student’s intellectual functioning and be documented as such in the student’s individualized education program (IEP).</p>		<input type="checkbox"/> Learning Characteristics Inventory <input type="checkbox"/> Other _____			
<p>3. Does the student require specialized supports to access and participate in the grade-level Georgia Standards of Excellence (GSE) that require modifications based on the student’s Present Levels of Academic Achievement and Functional Performance (PLAAPF)? Access to the grade-level curriculum is mandated by the federal government. A student with a significant cognitive disability requires access to the GSEs through prerequisite skills that are linked to the grade-level curriculum.</p>		Yes No	<input type="checkbox"/> Results of Individual Cognitive Ability Test <input type="checkbox"/> Results of Adaptive Behavior Skills Assessment <input type="checkbox"/> Anecdotal Notes and Observations <input type="checkbox"/> Benchmark Data <input type="checkbox"/> Progress Monitoring Data <input type="checkbox"/> Results of language assessments including English Learner (EL) assessments, if applicable <input type="checkbox"/> Learning Characteristics Inventory <input type="checkbox"/> Other _____		
<p>4. Does the student require specialized supports to demonstrate age-appropriate adaptive behavior? A student with a significant cognitive disability needs specialized support throughout the day in areas such as expressing his or her needs, getting from place to place, eating lunch, negotiating social situations, and/or taking care of personal needs.</p>		Yes No	<input type="checkbox"/> Results of Individual Cognitive Ability Test <input type="checkbox"/> Results of Adaptive Behavior Skills Assessment <input type="checkbox"/> Learning Characteristics Inventory <input type="checkbox"/> Other _____		

Eligibility Criteria for the Georgia Alternate Assessment 2.0 (GAA)

Step II: Assurances

The IEP team has participated in training and guidance regarding student participation in state mandated assessments that includes the information below:
Under 34 Code of Federal Regulations (CFR) 300.320(a)(6) and [O.C.G.A § 20-2-281], if the IEP team determines that the student will take GAA, the IEP team may provide additional summary statements of why the student cannot participate in the Georgia Milestones Assessment System, with or without allowable accommodations, and why the alternate assessment is appropriate for the student, including that all of the eligibility criteria are met.
Additional Summary Statements (if necessary):
The decision to administer GAA is based on multiple sources of measurable, objective evidence, including, but not limited to current IEP PLAAFP statements, goals and/or objectives, report cards, progress reports, work samples, teacher observations, Full and Individual Evaluations (FIE), standardized achievement test results, and classroom, district, and statewide assessment results. This decision is not based solely on the student’s previous performance on statewide assessment.
The decision to administer GAA is made by the IEP team, not administratively based on federal accountability requirements which limit the number of students taking an alternate assessment who can be counted as proficient in CCRPI performance calculations. Although GAA is intended for a small number of students, the proficiency cap does not limit the number of students receiving special education services who may take the alternate assessment.
The decision to administer GAA is based on the student’s educational needs and the instruction the student is receiving. This decision is not based solely on the student’s disability category and is not based on the student’s racial or economic background, excessive or extended absences, or amount of time or location of service delivery.
