Individual Student Report

End-of-Grade Assessment

Spring 20xx

Grade 8

The Georgia Milestones Assessment System spans grades 3 through high school and measures how well students have learned the knowledge and skills outlined in the state content standards in English Language Arts, Mathematics, Science, and Social Studies. Georgia Milestones provides information about each student's achievement and readiness for his or her next level of learning—be it the next grade, course, or endeavor such as college or career.

This report summarizes your student's performance on the Spring 20xx Georgia Milestones End-of-Grade (EOG) Assessment. The first page provides an overview of all four content areas. Additional pages provide more details about your student's performance in each content area.

Your student's performance on the Georgia Milestones End-of-Grade Assessment for Grade 8

CONTENT AREA	ENGLISH LANGUAGE ARTS	MATHEMATICS	SCIENCE	SOCIAL STUDIES
ACHIEVEMENT LEVEL	LEVEL 3 PROFICIENT LEARNER 	LEVEL 2 DEVELOPING LEARNER 	LEVEL 3 PROFICIENT LEARNER 	Present, Test Not Attempted
SCALE SCORE	540 CA* Scale Score Range 525-580	500 Scale Score Range 475-524	525 Scale Score Range 525-592	PTNA

Achievement Levels

LEVEL 1: BEGINNING LEARNERS do not yet demonstrate proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students need substantial academic support to be prepared for the next grade level or course and to be on track for college and career readiness.

LEVEL 2: DEVELOPING LEARNERS demonstrate partial proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students need additional academic support to ensure success in the next grade level or course and to be on track for college and career readiness.

LEVEL 3: PROFICIENT LEARNERS demonstrate proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students are prepared for the next grade level or course and are on track for college and career readiness.

LEVEL 4: DISTINGUISHED LEARNERS demonstrate advanced proficiency in the knowledge and skills necessary at this grade level/course of learning, as specified in Georgia's content standards. The students are well prepared for the next grade level or course and are well prepared for college and career readiness.

*CA - shows that your student took the test with a Conditional Administration. A test score resulting from a conditional administration must be interpreted in light of the specific accommodations provided the student during testing.

Grade 8 – Understanding Your Child’s Performance: Below is a summary of skills and knowledge students must demonstrate to achieve each performance level. A student should demonstrate mastery of knowledge and skills within his/her achievement level *as well* as all content and skills that precede it (for example, a Proficient Learner should also possess the knowledge and skills of a Developing Learner *and* a Beginning Learner).

	Beginning Learner	Developing Learner	Proficient Learner	Distinguished Learner
English Language Arts	<p>In general, your child can:</p> <ul style="list-style-type: none"> identify a theme or central idea and provide a summary of below- grade-level text write basic arguments to support a claim write basic informational texts to examine a topic and convey information write simple narratives with vague details conduct short research projects to answer a question 	<p>In general, your child can:</p> <ul style="list-style-type: none"> attempt to follow the development of a theme or central idea and provide an objective summary of near-grade-level text write general arguments to support a claim with reasons and evidence write general informational texts with relevant facts and examples write narratives with simple events and limited details generate additional questions to investigate while conducting short research projects 	<p>In general, your child can:</p> <ul style="list-style-type: none"> determine a theme or central idea in complex, grade-level text and analyze its development write arguments and address counterclaims, using clear reasons and relevant evidence write informational texts with analysis of relevant facts and examples write structured narratives with descriptive details and well-structured event sequences generate additional questions to investigate while conducting short research projects 	<p>In general, your child can:</p> <ul style="list-style-type: none"> assess the strength of ideas that support the central idea and provide a thorough summary of complex, above-grade-level text write conclusive arguments and address counterclaims with facts and reasoned arguments write precise, well-developed informational texts with analysis of relevant facts and examples write descriptive narratives with well-chosen details and precise language conduct sustained research projects to answer questions or solve problems
Mathematics	<p>In general, your child can:</p> <ul style="list-style-type: none"> recognize irrational numbers calculate with a negative-whole-number exponent represent multiples of ten in scientific notation identify equivalent ratios distinguish between relations that are/are not functions distinguish between congruent and similar figures recognize single translations, reflections, rotations, and dilations find the hypotenuse of a right triangle recognize associations between two sets of data 	<p>In general, your child can:</p> <ul style="list-style-type: none"> approximate irrational numbers to the nearest whole express numbers in scientific notation find the slope of a line solve simple equations with two variables identify and define linear functions and use them to model relationships recognize similarity and congruence and identify a series of transformations apply Pythagorean Theorem in 2-D figures describe associations between two sets of data 	<p>In general, your child can:</p> <ul style="list-style-type: none"> interpret irrational numbers apply properties of integer exponents and scientific notation solve linear equations and systems of equations determine the meaning of the slope of a line solve linear equation word problems with two variables evaluate and compare functions describe a sequence of transformations apply Pythagorean Theorem and its converse in 2-D figures find the volume of 3-D figures investigate associations between two sets of data 	<p>In general, your child can:</p> <ul style="list-style-type: none"> approximate irrational numbers interpret properties of integer exponents and scientific notation solve complex, multistep word problems with systems of linear equations model relationships using functions apply Pythagorean Theorem in 3-D figures analyze congruency and similarity find volume in real-world problems analyze patterns of association between two sets of data

Domain Mastery Remediate Learning Monitor Learning Accelerate Learning

Standard Error of Measurement (SEM): A scale score of **540 CA*** indicates your student's achievement on the day of testing. If your student were to take the same test again, it is likely that his or her score would be within the standard error of measurement range of **525-557**.

Comparison to the School, System, and State

The school, system, and state bar graphs reflect the mean scale score for groups of 15 or more students.

Achievement Levels	Student	School	System	State
Level 4: Distinguished Learner Scale Score Range: 581-730				
Level 3: Proficient Learner Scale Score Range: 525-580	540 CA*	537	525	519
Level 2: Developing Learner Scale Score Range: 475-524				
Level 1: Beginning Learner Scale Score Range: 225-474				

Comparison to a National Sample of Students

National Percentile	National Percentile Range	
Your student's performance can be compared to other students nationally in Reading. A subset of items in the End-of-Grade assessment is from <i>TerraNova</i> , a nationally normed achievement test.	88	A national percentile of 88 means that your student performed as well as or better than 88 percent of the national norming group. If the student were to take the test again, he or she would be expected to obtain a national percentile rank within the National Percentile Range.
		73-96

Your Student's Lexile Information

Lexile Measure: 1285L
Lexile Range: 1185L-1335L

The Lexile Framework® for Reading matches a student's reading ability with the difficulty of text material. When selecting books, it is important to consider that Lexiles do not address age-appropriateness, student interest, or text quality. Suggested titles are not necessarily endorsed by the Georgia Department of Education. Books within the student's Lexile range can be found at the local library or by using the Find-a-Book database at www.lexile.com. For more information, visit www.gadoe.org/lexile.aspx.

Leisure Reading: 1185L-1285L

Suggested Titles	Author	Lexile
Rebecca of Sunnybrook Farm	Wiggin, Kate Douglas	1190L
Sword Song	Sutcliff, Rosemary	1240L
The Dog Who Wouldn't Be	Mowat, Farley	1280L

Motivating Challenge: 1285L-1335L

Suggested Titles	Author	Lexile
Mexico	Goodwin, William	1290L
Kon-Tiki	Heyerdahl, Thor	1310L
Muhammad Ali: The World's Champion	Tessitore, John	1330L

Condition Codes for Writing

A = Blank, B = Copied, C = Too Limited to Score, D = Non-English/Foreign Language, E = Off Topic, F = Offensive, G = Illegible/Incomprehensible

*CA - shows that your student took the test with a Conditional Administration. A test score resulting from a conditional administration must be interpreted in light of the specific accommodations provided the student during testing.
