Help improve your child’s reading with the Lexile Framework for Reading, a scientific approach to matching readers to text.

What Is the Lexile Framework?
The Lexile Framework helps identify the texts a child can read and understand. Just as your child receives a Lexile measure, over 100 million books, articles and websites have Lexile measures, which tells how challenging a text is to comprehend. Lexile measures can be used to:

- **Make sure** your child can comprehend their reading materials.
- **Monitor** reading growth over time and across tests.

A Lexile measure is represented by a number followed by an “L” such as “800L.”

Support and Monitor Your Child’s Reading Progress With the Lexile Scale
Lexile measures help you find books for your child’s independent reading. You can match your child’s Lexile measure with a book in the comprehension “sweet spot” (100L below to 50L above your child’s reported Lexile measure) to find materials that are just right for your child to read on their own.

“THESE BOOKS ARE TARGETED TO MY READING ABILITY”
- The BFG 720L
- Charlotte’s Web 680L
- Twister on Tuesday 570L

“MY LEXILE MEASURE IS 670L AND MY LEXILE READING RANGE IS FROM 570L TO 720L”
- 240L ARE YOU MY MOTHER?
- 140L ARE YOU READY TO PLAY OUTSIDE?

Beginning Reader (BR) is a code given to readers and texts that are below 0L on the Lexile scale. Learn more at Lexile.com/beginning-readers.
HOW PARENTS USE LEXILE MEASURES

STEP 1
Determine Your Child’s Lexile Measure
Lexile measures are reported from a variety of tests taken throughout the school year. If you’re not sure what test your child took, ask your child’s teacher.

STEP 2
Find Just Right Books
Use our Lexile® Find a Book tool (hub.lexile.com/fab) to find books that match your child’s interests and reading level. Lexile measures are also widely available in bookstores, classrooms, libraries and online.

STEP 3
Monitor Growth
Track your child’s Lexile measure growth from grade to grade. Use these measures in conversation with your child’s teacher to identify how your child can be better supported or challenged at home and school.

Access Reading & Math Tools for Your Child
The Lexile® & Quantile® Hub is an online platform that provides easy access to reading and math tools. We listened to feedback from educators, parents and students to develop our tools. Reading tools include:

- **Lexile Find a Book**: Identify just right books for your child based on their Lexile level and interests.
- **Lexile Wordlists**: Create custom lists of key vocabulary by grade level and domains (math, science, social studies).
- **Lexile Growth Planner**: Forecast growth and explore the reading demands for hundreds of careers.
