How does a school participate?

- A school provides a GAVS facilitator:
approves online applications, monitors progress,
prints out final grades
- Funding choices – school pays or student pays \$250 per half Carnegie and \$500 for one full Carnegie unit
- Schools retain FTE
- 10 day withdrawal window

GEORGIA

Georgia Department of Education

SB289 and GAVs

- Schools are required to notify parents of the implementation of SB 289
- Parents/students may choose the online instruction provider
- GAVs assists schools with compliance by offering online courses full and part time
 - A clearinghouse of approved online course providers is available through the DOE website
- Schools may develop policies to address the various components of SB289
