CTAE DELIVERS REAL OPTIONS FOR COLLEGE AND REWARDING CAREERS

Through CTAE, students can start their path toward a career that they are passionate about, while earning valuable experience, college credits and more.

CTAE DELIVERS REAL-WORLD SKILLS

CTAE is a unique opportunity for hands-on learning – putting students at the center of the action.

CTAE provides the skills and confidence students need to pursue career options, discover their passions and get on a path to success.

Students in CTAE programs and their parents are three times as likely to report they are “very satisfied” with their and their children’s ability to learn real-world skills as part of their current education compared to parents and students not involved in CTAE.

CTAE DELIVERS A REAL HIGH SCHOOL EXPERIENCE WITH MORE VALUE

CTAE programs are a part of high school – students can participate in CTAE and the other activities they enjoy, such as sports, the arts or whatever else their friends are doing.

CTAE takes students even further during their high school experience – providing opportunities for specialized classes, internships, and networking with members of their community.

Make it a priority to teach students skills that make them employable. How can you help champion this in your school?
