Architecture and Construction Career Cluster Sheet Metal I Course Number 48.58200

Course Description:

As the third course in the Sheet Metal Pathway, the course allows students to master basic sheet metal techniques. This course includes the development of skills in basic trade math. Students will identify, rate, select, and use steel and other metals to develop and fabricate basic sheet metal projects. The course includes basic parallel line development and skills using fasteners, hangers, and other support systems. Minimum performance requirements for this course are based on successful student completion according to the National Center for Construction Education and Research Center (NCCER) Occupation Standards. Students who successfully complete the course in accordance with NCCER standards are eligible for registration with the NCCER Craft Worker Registry. The prerequisite for this course is Introduction to Metals.

Course Standard 1

AC-SM1-1

The following standard is included in all CTAE courses adopted for the Career Cluster/Pathways. Teachers should incorporate the elements of this standard into lesson plans during the course. The topics listed for each element of the standard may be addressed in differentiated instruction matching the content of each course. These elements may also be addressed with specific lessons from a variety of resources. This content is not to be treated as a unit or separate body of knowledge but rather integrated into class activities as applications of the concept.

Standard: Demonstrate employability skills required by business and industry.

The following elements should be integrated throughout the content of this course.

1.1 Communicate effectively through writing, speaking, listening, reading, and interpersonal abilities.

Support of CTAE Foundation Course Standards and Georgia Standards of Excellence L9-10RST 1-10 and L9-10WHST 1-10:

Georgia Standards of Excellence ELA/Literacy standards have been written specifically for technical subjects and have been adopted as part of the official standards for all CTAE courses.

Course Standard 2

AC-SM1-2

Demonstrate proficiency in parallel line development.

- 2.1 Demonstrate the proper use of parallel line development as one of the three development methods for laying out sheet metal patterns.
- 2.2 Demonstrate proper use of parallel line development layout procedures.
- 2.3 Demonstrate proper use of laying-out patterns in basic parallel line development.

Course Standard 3

AC-SM1-3

Compute and solve mathematical problems relating to sheet metal.

- 3.1 Accurately calculate various rule measurements in English & metric relating to sheet metal.
- 3.2 Accurately calculate appropriate linear, square, weight, and volume measurements relating to sheet metal.
- 3.3 Construct simple geometric figures and solve basic geometry problems related to the sheet metal trade.

Course Standard 4

AC-SM1-4

Demonstrate the ability to use and identify fasteners, hangers, and supports.

- 4.1 Identify and explain the various fasteners used in sheet metal work.
- 4.2 Demonstrate the common methods of supporting ducts.
- 4.3 Explain the use of various duct support hangers and supports.
- 4.4 Demonstrate the proper installation of duct fasteners, hangers, and supports.

Course Standard 5

AC-SM1-5

Demonstrate the ability to identify and measure different types of metals used in sheet metal.

- 5.1 Identify and demonstrate using various metals in sheet metal, including alloys and pure metals and their properties.
- 5.2 Demonstrate proficiency using sheet metal measuring gauges.

Course Standard 6

AC-SM1-6

Examine how SkillsUSA is a co-curricular part of career and technical education through leadership development, school and community service projects, and competitive events.

- 6.1 Explain the purpose, mission, objectives, motto, colors, official dress and other distinguishing characteristics of SkillsUSA.
- 6.2 Explain how participation in SkillsUSA can promote lifelong responsibility for community service, professional growth and development.
- 6.3 Explore the impact and opportunities that SkillsUSA can develop to bring business and industry together with education in a positive working relationship through innovative leadership and career development programs.
- 6.4 Explore the local, state, and national opportunities available to students through participation in SkillsUSA, including but not limited to conferences, competitions, community service, philanthropy, and other SkillsUSA activities.
