Format Considerations

**Number of Sessions:**

**Factors to consider when scheduling groups:**
- Consult with classroom teachers to establish times for groups
- Consider school activities students may miss, such as lunch or advisement
- Minimize classroom interruptions
Small Group Options

• One session on a certain day for a certain # of weeks per group. Rotate groups over the course of the school year.

• Group sessions before school. (Transportation)

• Group sessions after school. (Transportation)

To Screen or Not to Screen

• Tell student about group

• Ask student about his or her level of interest/commitment to expectations of group

• Pick participants (consider role models, maturity, diversity, gender, compatibility)

• Options to screening:
  • Rely heavily on teacher’s recommendation
  • Students who you may see in your office about a topic that will be covered in group
  • Offer multiple groups of same topic (allows more to participate)
  • Have students write a summary of why they feel this group would be a good fit for them. What do they hope to gain?
