General Tips:

Steal as much as you can...collaborate with your team and divide the work.

Stop re-inventing the wheel

This is NOT the time to make major changes to your curriculum

Consider updating pop culture references—EASY!

Join Facebook Groups for you Content (but don't waste too much time looking!)

You do NOT need to have as much variety as you would in the classroom.

Assume it will take students longer than expected (or longer than in the classroom) to complete digital work.

Trouble shooting tips for students!*

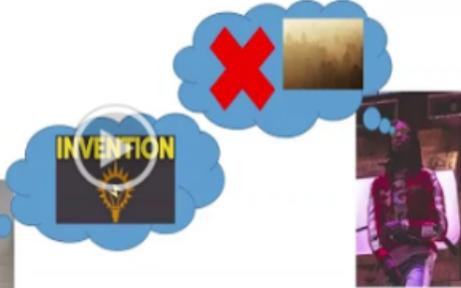

What are you grading? WHY are you grading it?

- How much do you HAVE to grade for the grade book?
- What does that equal per unit?
- **DECIDE WHAT YOU ARE GRADING EACH UNIT IN ADVANCE!!!!**
- What needs to be graded for formative feedback before summative?
- Remember to use self-grading shortcuts like through your LMS, Ed Puzzle, Quizizz, Go Formative, etc.
- Create rubrics directly in the LMS for EASY grading (I like a simple holistic rubric for formative assessment)

Who shows up to visit the princess?

- her parents
- Llamaste and Quavo
- Captain Planet
- environmental advocates from the U.N.

Add Option

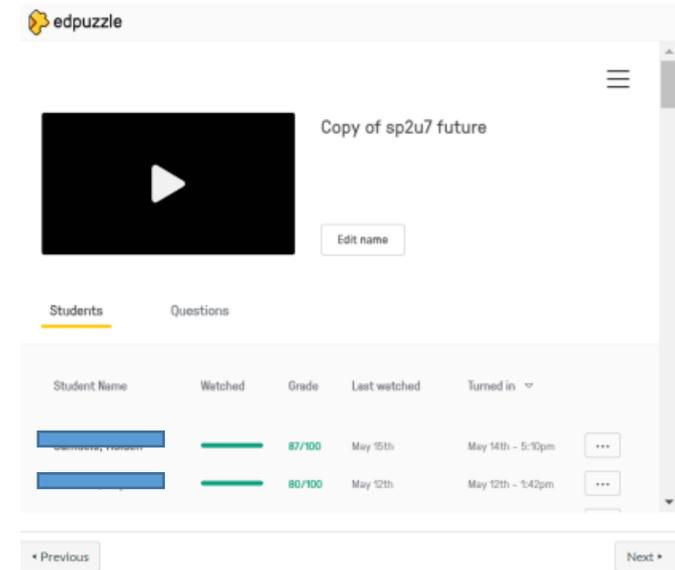

Randomize Order

Recorded Stories for Vocab Intros

- Use a PPT to tell a story and record yourself (Screen Castify or Screen Cast O-matic)
- Chunk the story
- Ask comprehension questions along the way
- Go Formative is a great tool to do this seamlessly

Ed Puzzle

- Ed Puzzle can be embedded into [Canvas](#)
- Instructional video with comprehension questions
- Teacher can see student results
- Students can upload handwritten notes (guided or not)

The screenshot shows the EdPuzzle interface. At the top, there is a video player with a play button and the title "Copy of sp2u7 future". Below the video player, there are two tabs: "Students" (selected) and "Questions". Under the "Students" tab, there is a table with the following columns: Student Name, Watched, Grade, Last watched, and Turned in. The table contains two rows of student data.

Practice Activities / Formative Assessments

- 
- Your normal “worksheets”
 - Upload as an assignment, students have the choice to write on their own paper, or print, fill out and upload a picture (I would advise against letting them fill it out electronically because they could share)
 - Interpretive Tasks: Use the same readings / listening activities you have and...
 - Give students the option to draw, or act out what they hear (holistic rubric built into LMS for ease of grading)
 - Have them write MC / true false questions for you
 - Questions in the LMS quiz feature for automatic grading
 - Videos in EdPuzzle with comprehension questions throughout or in Go Formative
 - If your students need to DO something:
 - Smart Suite – Check if your school has access to this
 - Flippity
 - Padlet for a fun online discussion / collaboration
 - Link extra practice sites that give them immediate feedback ([Colby Spanish](#), [Study Spanish](#), etc.)
- 
- 
- 
- 

- If you do Four corners / Walk the Line activities:
 - Google form survey and then use the data charts for kids to produce (write, speak, or MC statements that best describe each graphic)
- Vocab / Grammar Practice
 - Conjuguemos
 - GimKit
 - Quizlet
- Dictations
 - Can be done in Nearpod (Nearpod has some great interactive lesson features for asynchronous learning!)
- Go Formative
 - MC, short answer
 - VERY user friendly
 - Easy to transfer into gradebook
 - Not a fan of your LMS? Try this!
 - Record audio and they respond using audio
- FlipGrid
 - Presentational or interpersonal
- Padlet for a fun online written discussion / collaboration
- Link extra practice sites that give them immediate feedback ([Colby Spanish](#), [Study Spanish](#), etc.)

Assessment Strategies: Production, Interpretive, and Multiple Choice

Multiple Choice

Randomize MC options order

Randomize question order

Bank of questions (or multiple banks you pull from for one test: i.e. listening / reading / vocab / grammar)

Set a time limit (make sure to add extra time for those with extended time IEPs)

Production Based Assessments

- Scaffold the unit appropriately so that students have everything they need to produce by themselves
- Make sure students understand proficiency standards / levels so they know what you expect
- Explain your rubric well in advance of the test
- Give a practice assessment and use the rubric for feedback (individual conferences if needed)
- Have the question in a quiz (within the LMS if possible) with a timer on it so they have to respond within a certain time frame of seeing the question
- Flip grid so you can see if they are reading for asynchronous presentational mode
- Have students do a skit with inanimate objects for “interpersonal”
- Sign-up for a one-on-one presentational / interpersonal (Calendly or SignUp Genius) or small groups for interpersonal speaking
- Go Formative lets you know if students copy and paste
- Have a bank of production based tasks so students will get different questions

Organization

Organization in LMS

- It does not need to be flashy, but it DOES need to be organized!!!

Organizing in your LMS

- Everything needs to be in ONE place
- Students need consistency and they want to know what to expect
- Link everything for outside sites in that ONE place (create a module or a google doc link on your calendar)
- Consistent organization helps YOU to easier plan
- Before you being this year, sit down and map out how your LMS will be organized

Introduction to module 5

In this module you will:

- review some previously learned vocabulary
- learn 16 new words about greetings and good-byes
- practice the new vocab in Smart Suite
- read about the customs of greetings and good-byes in Latin America
- review how to conjugate reflexive verbs in the present tense
- learn about reciprocal verbs in the present tense
- practice conjugating in *cojugemos*

Essential Questions for this week:

1. ¿Cómo saludas a personas diferentes? / How do you greet different people?
2. ¿Cómo te despides de personas diferentes? / How do say good-bye to different people?
3. ¿Cómo se saludan las personas en América Latina? / How do people in Latin America greet each other?
4. ¿Cómo se despiden las personas en América Latina? / How do people in Latin America say goodbye to each other?
5. ¿Cómo se conjugan los verbos reflexivos y recíprocos? / How do you conjugate reciprocal and reflexive verbs in the present tense?

Organization of time

Lesson planning and grading times – Set a schedule for yourself so you are not flip-flopping between the two

Set small goals and rewards

Have templates ready for commonly asked questions (grade changes and tech problems)

Take breaks – go for a walk, meditate, briefly talk to a co-worker, etc. something to clear your mind

Helping students troubleshoot tech problems

Morning! That's weird. Since it's working for others, I'm guessing it's some interference with your device. Try one or more of these troubleshooting tips and let me know:

1. Log out of google accounts
2. Refresh your browser
3. Try a different browser
4. Check your login info
5. Have someone else watch or try logging in for you to double check.

Report back to me to let me know how it went!

A large, dark, irregular ink blot with splatters on a white background. The blot is roughly circular but has jagged, uneven edges. It is surrounded by numerous small, dark splatters of varying sizes, some of which are elongated and trail off, suggesting a liquid being thrown or splashed. The overall effect is that of a fresh ink spill on a clean white surface.
