Using Your PSAT/NMSQT[®] Scores to Increase College Readiness

A Lesson Plan to Use With Students

Instruction for Using This Lesson

More than ever before, the PSAT/NMSQT® supports students on their path to college readiness.

Like all of the assessments in the SAT® Suite, the PSAT/NMSQT offers scores and reports that provide insightful information about individual student performance on the assessment, including a predicted SAT score and their progress toward the college readiness benchmarks.

The purpose of this lesson is to support educators as they review PSAT/NMSQT scores and reports with students.

- The lesson can be used with your students in a **computer lab**, leading them through the **online reports** and resources available to students when they log in to their College Board account.
- The lesson also takes the students through their **paper score report** step by step, explaining each section of the report and the scores students receive.
- In addition, this lesson shares **college planning resources** with students to help them investigate colleges, majors, and their own interests on the path to college readiness.

Instruction for Using This Lesson (continued)

Lesson includes:	Use slides:	Reduce notes for slides:	Approximate Time Required

Your score indicates that you are likely able to:

- Read a moderately challenging passage closely to draw a reasonable inference
- Locate data or make a straightforward accurate interpretation of data in an informational graphic, such as a table, graph, or chart (e.g., comparing the sizes of numerous bars; determining which of two lines, each revealing a clear trend, represents a generally higher value) GOE
- Determine the best textual evidence for an inference when both evidence and inference are relatively obvious and direct (e.g., a clearly stated fact as evidence for a simple inference) GOE
- Determine the central idea or theme of a moderately challenging passage

Improve your skills by focusing on the following suggestions:

- Spend time reading complex texts. These are texts that can be difficult to understand at first because their information, ideas, structure, purpose, and language are likely to be challenging, may be unfamiliar, and will require careful analysis. Read these texts closely and purposefully, rereading as necessary, and focus on identifying key information that is stated directly in the texts. Then, think about what reasonable inferences you can draw from the texts.
- As you read multiple complex texts on the same topic, look for similarities and differences in how authors present information or ideas. For example, you may notice that one author stresses the importance of a historical event that other authors downplay or takes a particular stance that differs markedly from that of most other authors. Reading: Question 1

This passage is adapted from Jane Austen, *Emma*, originally published in 1815.

Line Emma Woodhouse, handsome, clever, and rich, with a comfortable home and happy disposition, seemed to unite some of the best blessings of existence, and had lived nearly twenty-one years in the world with very little to distress or vex her.

5 She was the youngest of the two daughters of a most affectionate, indulgent father, and had, in consequence of her sister's marriage, been mistress of his house from a very early period. Her mother had died too long ago for her to have more than an indistinct remembrance of her caresses, and her place had been supplied by an excellent woman as governess, who had fallen little short of a mother in affection.

10 Sixteen years had Miss Taylor been in Mr. Woodhouse's family, less as a governess than a friend, very fond of both daughters, but particularly of Emma. Between them it was more the intimacy of sisters. Even before Miss Taylor had ceased to hold the nominal office of governess, the mildness of her temper had hardly allowed her to impose any restraint; and the shadow of authority being now long passed away, they had been living together as friend and friend very mutually attached, and Emma doing just what she liked, highly esteeming Miss Taylor's judgment, but directed chiefly by her own.

15 The real evils indeed of Emma's situation were the power of having rather too much her own way, and a disposition to think a little too well of herself; these were the disadvantages which threatened alloy to her many enjoyments. The danger, however, was at present so unperceived, that they did not by any means rank as misfortunes with her.

20 Sorrow came—a gentle sorrow—but not at all in the shape of any disagreeable consciousness—Miss Taylor married. It was Miss Taylor's loss which first brought grief. It was on the wedding-day of this beloved friend that Emma first sat in mournful thought of any

You selected answer A, which is correct. Nice job!

✓ A. describe a main character and a significant change in her life.
B. provide an overview of a family and a nearby neighbor.
C. discuss some regrettable personality flaws in a main character.
D. explain the relationship between a main character and her father.

Choice A is the best answer. Emma Woodhouse's life and family are discussed, including the marriage of her governess Miss Taylor who then moves out of Emma's home. In sentence 1 of paragraph 7, Emma wonders how she is to "bear the change" of Miss Taylor's departure, which indicates its significance.
