Lesson Organizer
Sample Performance Task

Overview: This unit teaches about the practices of safe procedures while waiting at a school bus stop, recognition of the danger zone around a stopped school bus, safe loading and unloading of a school bus, safe procedures for crossing road to and from the school bus and school bus stop, safe bus riding procedures, and emergency bus evacuation.

Standards and Elements Addressed

HE6.2: Students will analyze the influence of family, peers, culture, media, technology, and other factors on health behaviors.
  a. Explain how peers influence healthy behaviors.
  b. Illustrate how media messages influence health behaviors.

HE6.3: Students will demonstrate the ability to access valid information and products and services to enhance health.
  a. Determine validity of health information, products, and services.
  b. Locate valid information from home, school, and community.
  c. Locate valid and reliable health products and services.

HE6.4: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.
  a. Recognize effective verbal and nonverbal communication skills to enhance health.
  b. Identify refusal and negotiation skills that avoid or reduce health risks.

HE6.5: Students will demonstrate the ability to use decision-making skills to enhance health.
  a. List some reasons that one may use to make an unhealthy choice.
  b. Decide whether a health-related situation may require a carefully considered decision-making process.

HE6.7: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.
  a. Identify the importance of being responsible for health behaviors.
  b. Describe practices to avoid or reduce health risks to self and others.

HE6.8: Students will demonstrate the ability to advocate for personal, family, and community health.
  a. State a health position and support it with accurate information.
  b. Plan with others to advocate for healthy lifestyles or choices.
### Enduring Understanding

The student’s behavior while waiting for a bus, loading and unloading a bus, and riding a bus affects my health and the well-being of others.

### Essential Questions

- Why is it important to be safe at the bus stop?
- Why is it important to recognize the danger zone around a stopped bus?
- What safety procedures for crossing the road to and from the school bus and school bus stop can be identified?
- What safe school bus riding practices can be identified?
- What should you do if you see someone not being safe on the school bus?
- Why are the loading and unloading principles important?
- How would you evacuate the school bus in case of an emergency?

## Materials Needed

- Georgia Handbook- Pupil Transportation Safety and Instruction  

- School Bus Safety Power Point with Narrative  (Found on following website)  

- School Bus Safety Rules and Consequences  

- Computer, Poster Board, Crayons, Markers, Pencils

## Sample Performance Task

- The students will identify school bus stop safety instructions, loading and uploading procedures, crossing the road procedures and the school bus danger zones. (e.g., stay seated on the bus, going into the school bus danger zone, horseplay at the bus stop, pushing during an emergency evacuation)
**Description:** Bus Safety “The Knowledge Game”

- Students will be split into groups of 4.
- Each group will be assigned a separate topic to **develop questions and answers** for a culminating “The Knowledge Game”. Topic ideas should include (1) Safety Procedures while waiting at a school bus stop, (2) Danger Zones around a school bus, (3) Safety Procedures for Loading and Unloading the School Bus, (4) Safety Procedures for Crossing the Road to and from the school bus and school bus stop, (5) Safety Procedures for Loading and Unloading the School Bus at School, (6) Safe School Bus Riding Practices, and (7) Emergency School Bus Evacuation Procedures.
- After students complete the list of questions and answers from their assigned School Bus Safety topic, each group should make a “The Knowledge Game” board. The “Knowledge Game” Board could be constructed on poster board or using a PowerPoint [http://www.superteachertools.com/jeopardy/editgame.php](http://www.superteachertools.com/jeopardy/editgame.php).
- Once the games have been created and by each group, the “The Knowledge Game” should be conducted as a culminating activity – each group taking turns presenting their games to the class.

**Additional Directions:**

Have students create “less difficult” questions for 100 points and “more difficult questions” for 500 points. Their boards should only be 2 rows of 5 questions – for a total of 10 questions.

If the students are using a poster board, they could use post it notes to cover the questions.

Give the students the bus safety vocabulary to use for their questions/answers.

At end, have the class vote on the best “Knowledge Game”.
Modifications:
Allow students to do their projects with a partner (and not a group).
Conduct “The Knowledge Game” on whiteboard or using projector/Promethean board.

Assessment

Content Rubric for Performance Task:

CRITERIA:
The student identifies questions and answers for assigned school bus safety topic.

<table>
<thead>
<tr>
<th>Does Not Meet Standard</th>
<th>Needs Improvement</th>
<th>Meets Standard</th>
<th>Exceeds Standard</th>
</tr>
</thead>
<tbody>
<tr>
<td>Student produces less than 4 questions and answers for a Bus Safety “Knowledge Game” for assigned School Bus Safety topic.</td>
<td>Student only produces 5-9 questions and answers on the Bus Safety “Knowledge Game”.</td>
<td>Student produces 10 questions and answers for the School Bus Safety “Knowledge Game”.</td>
<td>Student produces more than 10 or more questions and answers on their Bus Safety “Knowledge Game”.</td>
</tr>
</tbody>
</table>
