### GADOE LEGISLATIVE PRIORITIES

Happy New Year! As we enter 2020, we are preparing for legislators to return to Atlanta to do the work of the state. During listening sessions in the fall, Governor Brian Kemp and State School Superintendent Richard Woods heard from educators all around the state about what we can do to better serve students.

- Read about the [Listening Sessions](#).

As a result of these listening sessions, the Georgia Department of Education has a list of [Legislative Priorities](#) for 2020. Read the list to learn about our values.

### U.S. CENSUS GEORGIA INSIGHTS

### GROWING NUMBERS OF GEORGIA TEACHERS ACHIEVE COMPUTER SCIENCE CREDENTIALS

Thanks to our new Computer Science CS standards and legislation, we are seeing record numbers of teachers achieving a computer science credential. The Georgia Professional Standards Commission has established standards for a pre-service teaching credential through a course of undergraduate study, an in-service teaching add-on credential with a GACE exam, and an in-service teaching endorsement through approved programs of study. The last is currently offered at six institutions: three universities and 3 RESAs

- [See the list here.](#)

In 2016, only 33 teachers added a Computer Science credential to their teaching certificate. The latest number of credentialed Computer Science teachers is now 378. If you know a teacher interested in teaching computer science in Georgia direct them to our DOE website ([here](#)).

### GPB EDUCATION

### 2020 GSE MATHEMATICS STANDARDS REVIEW

The 2020 Mathematics Standards Review process is well underway! More than 200 mathematics teachers and teacher leaders on the Teacher Working Committees have concluded their first session of analyzing and refining mathematics grade-level and course standards. They are now gearing up to continue the work of reviewing and revising the Georgia Standards of Excellence during the second session in late February.

They have listened to many voices, including the Stakeholder Survey respondents and the Citizens Review Committee conducted at the request of Governor Kemp and Superintendent Woods, to ensure that parents' and community members' voices are part of the thought-leadership in designing new and improved standards to continuously improve student outcomes in Georgia.

## Jimmy Carter National Historic Site

### UPDATES

December was a busy month at the JCNHS. Students in grades K-8 participated in Language and Visual Arts activities as they stepped back in time to experience Christmas in the 1930s. Students visiting President Carter's boyhood farm listened to stories about his childhood and made depression-era Christmas ornaments to share with their families. In other news, we still have spots available for spring 2020 field trips. Standards-based programs are available for all grade levels (Pre-K-12th). Field trips are FREE. There is no admission fee to the site and transportation costs for school buses are covered.

### I HEART GEORGIA MILK DAY FEBRUARY 14

Want to show the dairy farmers of Georgia that they MILK a difference? This February let our Georgia Farmers know how DAIRY much they are appreciated.

Students around Georgia are encouraged to write letters and draw pictures thanking farmers for the work they do for our communities. Students can tell the farmers how much they love milk. Then, take a picture of the work and students drinking milk at school. Post them using #FuelingGa and share with [fuelingga@gadoe.org](mailto:fuelingga@gadoe.org).

Farmers are the HEART of Georgia. To connect with a farm or farmer in your area, email [srhodes@thedairyalliance.com](mailto:srhodes@thedairyalliance.com)

Dairy fun activities and lessons your students will love can be found:
