HiQ to PQ: 
Highly Qualified to Professionally Qualified

- Highly Qualified no longer exists
- The term Professional Qualifications captures Federal, State and Local requirements
  - Federal: Paraprofessionals must meet NCLB requirements
  - **State: Special Education Teachers must be fully certified**
  - Local: Regular Education Teachers (including gifted and ESOL) must meet local requirements (PQ)

In Georgia, “out-of-field” teachers are those who are not teaching in their field of certification. It may also apply to teachers who hold a GaPSC issued certificate “W”, “N”, or “SI”.
PQ and In-Field: Special Education

Professional Qualifications & In-Field

REQUIREMENTS ARE THE SAME

- Certification does not guarantee an educator is in-field for a teaching assignment. Because PQ and In-Field are determined at a point in time and are dependent on the current assignment and current students, status may change course to course and semester to semester.

- All special education teachers must hold special education certification
  - General Curriculum Certification
  - Adapted Curriculum Certification
  - Program Area Certification (VI, BD, Deaf, etc.)

**Important Note:**

- Teachers with General Curriculum Certification are in-field to teach students assessed with the Georgia Milestones
- Teachers with Adapted Curriculum Certification are in-field to teach students assessed with the Georgia Alternative Assessment (must also have content certification)
- **Special Note:** If a teacher’s class contains students who will take the Milestones and students who will take the Georgia Alternative Assessment, the teacher must hold special education certification in General AND Adapted Curriculum and content certification at the highest grade level of the highest course.
Georgia’s Systems of Continuous Improvement
Special Education Teacher Professional Qualifications/ESSA In-Field

Federal Professional Qualification Requirements - ESSA

ESSA requires SEAs and LEAs to ensure that teachers meet state certification requirements. ESSA Sections 1111(g)(2)(J), 1112(c)(6)

Traditional Georgia LEAs

Georgia law authorizes GaPSC to establish certification requirements. Special Education teachers MUST follow all GaPSC certification requirements and State Board of education rules.

O.C.G.A. §§ 20-2-200, 20-2-984, GaPSC Rules

Charter & Strategic Waiver LEAs Special Education Teacher Does Not Issue Grades

In compliance with Georgia State Board Rule, special education teachers who do NOT issue grades MUST hold GaPSC special education certification aligned with teaching assignment (general, adapted, visual impairment, etc.) AND

MUST have a clearance certificate.

Charter & Strategic Waiver LEAs Special Education Teacher Issues Grades

In compliance with Georgia State Board Rule, special education teachers who issue grades MUST hold GaPSC special education certification aligned with teaching assignment (general, adapted, visual impairment, etc.) AND

MUST hold content certification for the subject and grade level bands for which the teacher is assigned (K-5), (4-8), (6-12) and in accordance with the students’ IEPs AND

MUST have a clearance certificate.

SPECIAL EDUCATION TEACHERS WHO HOLD A GA PSC ISSUED “W”, “N”, OR “S1” CERTIFICATE IN SPECIAL EDUCATION MAY NOT MEET GEORGIA ESSA PROFESSIONAL QUALIFICATION REQUIREMENTS.

ESSA In-Field Reporting
GaDOE will use GaPSC in-field rules to determine ESSA In-Field qualifications for special education teachers that align with each teacher’s teaching assignment for special education and content. ‘Out-of-Field’ will be reported for the entirety of the school year using Certification Records, all three CPI and Student Class data collections cycles and Student Record.

20 Day Notifications for Special Education Teachers
Does not issue grades – notifications must be disseminated if the teacher does not hold special education certification and/or content certification for the subject area(s) and grade level band(s) in which the teacher issues grades.

Preschool
Pre-K Courses

LEAs will report courses for preschool children; regular education and special education

In FY20 for In-field determination per Georgia’s ESSA requirements:

- Pre-K Literacy: PK.00100xx
- Pre-K Numeracy: PK.00200xx
- Special Needs Literacy: PK.90100xx or PK.80100xx
- Special Needs Numeracy: PK.90200xx or PK.80200xx

Every PK student except Speech only must have 2 courses.

- If PK.90100xx, PK.80100xx or PK.90200xx, PK.80200xx is reported, the student must have a PRIMARY AREA on the same course
PK.90100xx and PK.90200xx

Preschool SWD whose IEP states ‘Direct Services’:

(ii) Direct services

(I) The child remains in a regular early childhood program with direct services from special education personnel utilizing a consultative, collaborative or coteaching model.

• If the class is not in the LEA, ex.: Daycare, GA PreK in a Kids R Kids, a setting outside an LEA facility
  • Report Primary Teacher (Teacher of Record) as 616-16-1616
    • Certification will ignore this teacher when checking for proper credentials
  • Report the Special Education Teacher (with SSN) as the additional teacher
    • This teacher must have appropriate special education certification
Preschool SWD whose IEP states ‘Direct Services’:

(ii) Direct services

(I) The child remains in a regular early childhood program with direct services from special education personnel utilizing a consultative, collaborative or coteaching model.

• If the class is in the LEA, ex.: GA PreK or Head Start in a setting in an LEA facility
  • Report the regular Education teacher as Primary Teacher (Teacher of Record) with SSN
    • Certification will check for regular education (content) certification
  • Report the Special Education Teacher (with SSN) as the additional teacher
    • This teacher must have appropriate special education certification
PK.80100xx and PK.80200xx

Preschool SWD whose IEP states:

(II) The child is in the regular education early childhood program, but special education and related services are provided outside a regular education early childhood program.

• No Regular Education Teacher
• Special Education Teacher must have appropriate special education certification and content (Early Childhood) certification
PK.80100xx and PK.80200xx

Preschool SWD whose IEP states:

(i) A separate special education program housed in the public school or in a community-based setting, in a separate school or residential school or facility;

• No Regular Education Teacher

• Special Education Teacher must have appropriate special education certification and content (Early Childhood) certification
Pre-K Speech Only

Preschool students who receive only speech services from an SLP

- The SLP is not subject to PQ/In-Field.
- SLPs are a service field that does not qualify as a ‘content’ certification for in-field.
- Unless the SLP is providing content, the LEA should not report this time as a course.

Frequently Asked Questions
How do I know what GACE tests my teachers must take to become PQ and Infield?

• The GADOE does not issue teaching certificates nor do they advise teachers regarding GACE assessments.

• **Professional Standards Commission** (GAPSC)

• **GACE** Testing
  • This document lists the GACE tests required for specific teaching certificates

Contact the PSC with specific questions – they are the authority on certification requirements!
What certification must a special education teacher hold who is not issuing grades in a co-teaching class where students are assessed on the Milestones?

• General Curriculum Certification
• Clearance Certificate
• NO Content Certification
What certification must a special education teacher hold who is issuing grades in a co-teaching class where all the students are assessed on the Milestones?

• General Curriculum Certification
• Clearance Certificate
• Content Certification or equivalent
What certification must a special education teacher hold who is issuing grades in a small group ID class where students are assessed on the GAA?

- Adapted Curriculum Certification
- Clearance Certificate
- Content Certification
What certification and level content certification does a teacher need to hold if a teacher’s class contains students assessed by the Georgia Alternative Assessment?

- **Adapted Curriculum** Certification
- **Clearance** Certificate
- Special Education teachers issuing grades in content must have **Content Certification**
  - Special Education teachers serving GAA students in middle and high schools **may hold content certification at a lower grade level**
  - Special education teachers must **hold content certification aligned to the highest level required by the students being served**
What certification must a special education teacher in a specialized setting have if the teacher’s class contains students participating in the Milestones and the Georgia Alternative Assessment?

• Adapted Curriculum Certification
• General Curriculum Certification
• Content Certification
• Clearance Certificate
How do we schedule and set up for our PK special education teacher who provides co-teaching services at the local Headstart?
We understand that we use the new PK.901 and PK.902 course numbers, but there is not a system-employed lead teacher to attach it to.

- In this scenario report PK.901 and PK.902 courses with the special education teacher as the additional teacher (SSN)
- Report 616-16-1616 as the SSN for the Headstart (or GA Pre-K) teacher
  - Also report this for services provided in a daycare
  - Certification for the 616-16…teacher will not be checked
Can a high school teacher with Adaptive Curriculum, General Curriculum, and Cognitive Certification up to 8th grade teach a Life Skills, Social or Study Skills class to a non-GAA student in High School?

• This teacher would be out of field for the non-GAA student.

• To teach a Life Skills, Social Skills or Study Skills course in a small group class, the teacher must have appropriate Special Education certification and Content certification at the High School cognitive level in any area (math, English, etc.).
Why is my teacher with Adapted Curriculum Certification who is teaching students assessed on GAA not in-field?

- The GAA flag currently being used is based on prior year data
- LEAs report GAA in Student Record
- The current year report is not available until after Student Record sign-off in June each year
- This issue will fix itself after SR sign-off in June
- Make sure all students in the class who are assessed on GAA are flagged GAA in Student Record
- For FY20 Reporting: LEAs are asked to report the date a student is made “eligible” for GAA and no longer eligible for GAA
What certification is required for teachers in this scenario? A student assessed by the GAA is taking an Auto Mechanics class; the IEP says Co-teaching.

- General Education Teacher must have Content or Equivalent Certification
- Special Education Teacher must have Adapted Curriculum Certification
  - If the special education teacher is issuing grades, also Content Certification

(If the special education teacher is also providing specialized instruction to students in the class who are on regular assessment, he/she must also have General Curriculum Certification)
What certification is required for teachers in this scenario? A student assessed by the GAA is in a regular education PE class; the IEP says no special education services

- General Education Teacher must have Content or Equivalent Certification (not Special Education Certification)
- No Special Education teacher
Why is my special education teacher who holds Special Education General Curriculum/Early Childhood Education Certification out-of-field for middle school co-taught classes where the educator does not issue grades?

- Special Education General Curriculum/Early Childhood Education Certification is in-field for Special Education General Curriculum P-5 and Early Childhood Education P-5.

- Do not confuse with Special Education General Curriculum P-12.
We have a small group special education class with a special education certified teacher and have added a regular education content certified teacher to co-teach? How do I report this and will either teacher be out of field?

• This is not co-teaching; co-teaching may only take place in a regular education classroom

• In FY20 you may report this using the Delivery Model Codes developed to aid in reporting appropriate certification

• The Course Teacher will be the Special Education certified teacher

• The Additional Teacher will be the Content Certified Teacher
A Special Education Teacher who is not employed by my LEA is on my In-Field report? How do I get them off my report?

• LEAs are responsible for all their students. All teachers of LEA students will be included on the In-Field report. This includes: GNETS, GAVS, Third Party Contractors, and teachers engaged by MOUs, etc.

• We encourage LEAs to engage in critical conversations about expectations for the credentials of educators serving your students.
Are teachers at residential treatment facilities required to meet special education certification requirements?

• If a student with disabilities is placed in a residential treatment facility (RTF) in GA, then any staff member reported as a teacher is subject to PQ and In-Field and should be reported in CPI and Student Class.
What happens if my special education teachers do not meet State PQ and are not In-Field?

• Make all decisions based on **Student Needs**

• Consider the following options:
  • Work with existing Special Education Teachers to add the requisite credentials
  • Consider using online options for some courses
  • Consider partnering with neighboring LEAs
  • Consider ‘Grow Your Own’ Special Education Teachers
  • Engage in Critical Conversation with Partners (GNETS, MOUs, Third Party Providers)
