Flowchart 6: Preschool Child attending a Preschool that does not meet the definition of a private school that is not within the jurisdiction of the LEA of residence

- Child resides in one LEA but attends a preschool that does not have grades K or higher in another LEA (does NOT meet definition of private school)

  - LEA where the preschool is located is NOT obligated to conduct Child Find
  - LEA where the child resides is obligated to conduct Child Find

    - LEA where child resides conducts the evaluation and determines eligibility

      - If determined eligible, parent has three options

        - Parent consents to SPED services in the LEA where the child resides, FAPE is offered and an IEP is developed
          - Child enrolls in the LEA where the child resides and SPED services are provided wherever the IEP Team determines

        - Parent refuses SPED services in the LEA where the child resides and LEA where preschool is located is NOT obligated to provide services plan or SPED services

        - Parent refuses SPED services
