Introduction

The Georgia Network for Educational and Therapeutic Support (GNETS) is comprised of 24 programs which support local school districts’ continuum of services for students with disabilities, ages 5-21. GNETS provides comprehensive educational and therapeutic support services to students who might otherwise require residential or other more restrictive placements due to the severity, duration, frequency, and intensity of an emotional disorder or significant challenging behavior.

The revised GNETS strategic plan (1/28/2020) includes six focus areas: Program Leadership and Accountability, Behavior Support and Therapeutic Services, Instructional and Academic Support, Program Funding and Fiscal Management, Integration of Services and Capacity Building, and Facilities Management. Each of the focus areas has specific goals that each GNETS will work to obtain. Many components of this strategic plan addresses practices that are based on improvements from audit findings, program evaluation, best practices across all GNETS programs, and research-based initiatives. The revised plan also streamlines procedural standards for programs to account for consistency and coordinated program services. Guidance on the development of the strategic plan was obtained from referenced articles and state personnel knowledgeable about program improvement and best practices for working with students struggling with behavioral and emotional concerns. Georgia Department of Education (GaDOE), Georgia Network for Educational and Therapeutic Supports (GNETS), and the Department of Behavioral Health and Developmental Disabilities (DBHDD) were the three collaborating agencies as well as other stakeholders within the state of Georgia who provided input and contributions across each section. Field experts such as GNETS directors, special education directors, fiscal agents for GNETS, school district superintendents and others responded to surveys to obtain greater insight for general improvement strategies of GNETS.

GNETS directors and their staff will be responsible for implementing the action items within the strategic plan to ensure that collaborative integrated services are planned and provided for students receiving services through the GNETS program. GNETS staff will also collaborate with Local Education Agencies (LEAs) to ensure that students have a civil right to be reintegrated/included with same age peers without disabilities to obtain academic and social-emotional competencies in general education environments when deemed appropriate.

The rating section of the strategic plan provides a means for GNETS teams to reflect on implementation and practices at each GNETS site. The ratings will be completed by GNETS teams. The team should review the rating data to identify barriers that may be impacting lower rated items and plan to work through those barriers to attain successful implementation. The GaDOE-GNETS program manager/program specialist will complete the rating section with GNETS teams in the spring of each school year and review supporting evidence to validate ratings. The ratings obtained will be used as final implementation data to assist GNETS with coaching and improvement planning to scale up effective practices across all GNETS sites.
Overview

The Strategic plan and its embedded self-assessment are intended to:
- Facilitate a self-assessment for GNETS to evaluate current status of program practices.
- Initiate discussion among program leaders and stakeholders to identify priority needs for improvement.
- Validate areas of strength in the implementation of best practices across each component.
- Analyze results and other program data to determine need for professional learning and resources to drive improvement.

The GNETS Strategic Plan and Self-Assessment includes action items that addresses the following sections and specific goals aligned to each one:

1. Program Leadership and Accountability
2. Behavior Support and Therapeutic Services
3. Instructional and Academic Support
4. Program Funding and Fiscal Management
5. Integration of Services and Capacity Building
6. Facilities Management

Each action item has a list of specific examples or samples of evidence of the practice that should be in place or implemented. The examples are provided to add clarity to the intent of each action item and to encourage the teams to think about specific examples that may not be listed but is occurring in their programs. The examples are not provided as individual measures of each indicator, but rather as a means to assist team members in rating the extent to which the practice is or is not in place at the each GNETS Program.

Analysis of the data and information obtained through the strategic plan self-assessment ratings will lead to the development of a program improvement summary. The program improvement summary will include identification of priority areas, root causes for barriers and drivers, and action steps that would be necessary to overcome barriers and sustain drivers.
Directions for Completing the Self-Assessment Rating Scale.

GNETS directors should identify key leaders at each program to participate as a part of the rating team. The team should consist of no less than 3 people. The director will distribute a copy of the strategic plan to the team members and provide an opportunity for the team to review the action items and activities to be rated.

After the team has had some time to review the action items and activities, the team will rate the action items and activities based on the status of implementation. There are three ratings of implementation for action items: Operational, Emerging and Not Evident. Team members should select one rating per action item and identify sources or evidence of implementation to validate the rating, particularly if the rating is identified as “operational.” A rating of operational would indicate that the action item and activities rated were “consistently” practiced and there is always available evidence and positive outcome data to support the rating. The self-assessment guidance document should be used to help with the ratings.

<table>
<thead>
<tr>
<th>Strategic Plan Ratings</th>
</tr>

<tbody>
<tr>
<td>O- Operational: All of the activities required were accomplished consistently with sources of evidence to support implementation for this action item.</td>
</tr>
<tr>
<td>E– Emerging: Some of the activities required were accomplished with sources of evidence to support implementation for this action item.</td>
</tr>
<tr>
<td>NE– Not Evident: None of the activities required were accomplished and there are no sources of evidence to support implementation for this action item.</td>
</tr>
</tbody>
</table>

Data Analysis and Improvement Summary

The purpose for the data analysis and improvement summary is to ensure priority needs are identified and addressed according to the outcomes from the ratings. This ensures measurable outcomes are being used to support the need for improvement across each program. Additionally, it will provide stakeholders with trends and patterns across all of the GNETS programs, and lead to data-driven decisions by program and state leaders. GNETS directors and team leaders will review the data for each section, record the average outcome onto the Strategic Plan Improvement Summary Form, rate each area on the summary form as a priority based on the average score, and select the top 3 priorities to address for immediate improvement. At the end and/or beginning of each school year, all GNETS directors will be responsible for sharing the self-assessment ratings, improvement summaries, and the top 3 priority areas with key stakeholders (e.g., GaDOE, fiscal agents, parent groups, and advocates). GaDOE and the fiscal agents will use the improvement summary form and the action plan to provide GNETS directors with the necessary technical assistance and resources needed to make improvement in the top 3 priority areas.
## Section 1: Program Leadership and Accountability

**Goal 1:** By the end of each school year, GNETS Directors will implement the strategic plan focus areas at an operational level.

#### D. Parent Engagement
Collaborate with stakeholders to ensure that strong strategies are in place to: 1) build capacity to engage parents/stakeholders in an effective partnership with the program; and 2) share and support high student academic achievement.

- Director and staff will create meaningful partnerships that ultimately lead to significant gains across the board in student achievement.

Self-Assessment Outcomes and Improvement Summary Plan

Record the rating given to each section on this page. Review the ratings for each section and identify the top 3 priorities to address in your action plan. Be sure to indicate why your team rated the item low and what you will do to improve your ratings. Also, identify how you will sustain your higher ratings.

</thead>
<tbody>
<tr>
<td>1. Program Leadership and Accountability</td>
<td>O 4</td>
<td>6</td>
<td>We have met all items at an operational level and have evidence of our success.</td>
<td>Continue delivering information to our faculty early in the year. During preplanning and monitor staff adherence to the items in the plan throughout the year.</td>
</tr>
<tr>
<td>2. Behavior Support and Therapeutic Services</td>
<td>O 2</td>
<td>1</td>
<td>We have not met most items with operational or emerging.</td>
<td>The leadership team will continue to monitor the implementation of each item in this section and collect the resources needed to show our success. If we were behind on implementation we will work to get on track before the next rating session.</td>
</tr>
<tr>
<td>3. Instructional/Academic Support</td>
<td>O 1</td>
<td>2</td>
<td>Some items in this section were not rated as operational due to para pros covering some of our classes and low TKES scores.</td>
<td>Ensure para pros who cover classes have support from teachers for standards-based lesson development and delivery. Ensure students are clearly matched to interventions when necessary.</td>
</tr>
<tr>
<td>4. Program Funding and Fiscal Management</td>
<td>O 4</td>
<td>4</td>
<td>We submitted all required grant applications and fiscal reports by deadlines established.</td>
<td>Continue to remain aware of grant deadlines, allocation of resources and collaborating with our LEA for the additional resources and in-kind contributions that were provided to support our site last year.</td>
</tr>
<tr>
<td>5. Integration of Services and Capacity Building</td>
<td>O 1</td>
<td>3</td>
<td>None of our students met IEP goals/criteria to transition from the program as planned.</td>
<td>We will monitor our students’ IEP goals using available data more frequently to identify student who at-risk for not transitioning from the program as expected and begin working with students on an individual level.</td>
</tr>
<tr>
<td>6. Facilities Management</td>
<td>O 2</td>
<td>5</td>
<td>We have met all items at an operational level and have evidence of our success.</td>
<td>Continue to monitor facilities for safety and ADA compliance.</td>
</tr>
