The Georgia Chapter of the Division of Career Development and Transition (DCDT) is excited to join the 2019 IDEAS Conference by offering a strand of transition focused programs designed to provide best-practices that result in a smooth transition from school to adult life for youth with disabilities. Our DCDT conference theme is “Transition: Driving Towards The Future”. The mission of DCDT is to promote national and international efforts to improve the quality of, and access to, career/vocational and transition services, increase the participation of education in career development and transition goals, and to influence policies affecting career development and transition services for persons with disabilities. In spreading the mission of DCDT to those across Georgia, we need your expertise in working with transition age youth with disabilities. If transition is your passion, we need you! Our call for proposals has just opened, and we invite you to spread the word and submit a proposal. This is a great opportunity for young scholars, emerging researchers, and innovative practitioners to share the work they have been doing, build new connections, and gain feedback and new ideas.
