A safety event for a student must be reported according to federal and state guidelines. A student may have more than one (multiple) Student Safety Records or may not have any student safety records to report.

If a student has committed an infraction that has **INCIDENT TYPE** that must be reported, then both the **INCIDENT TYPE** and the **ACTION** must be reported, even if the **ACTION** taken is not, by itself, required to be reported. Similarly, if a student has committed an infraction that has an **ACTION** that must be reported, then both the **INCIDENT TYPE** and the **ACTION** must be reported, even if the **INCIDENT TYPE** is not, by itself, required to be reported.
