

Georgia Department of Education Georgia Parent Mentor Partnership (GaPMP)

FAQs for the FY20 GaPMP

Welcome!

Upon approval of grant awards by the State Board in July, your district will receive the Parent Mentor Project Grant. We look forward to supporting you as you develop or redefine activities to engage families in the effort to build better outcomes for all students.

How is the GaPMP organized?

The Georgia Parent Mentor Partnership is entering its 18th year! In 2002, we started with 5 school districts hiring a parent mentor. For FY19, there are 90 school districts participating in the Parent Mentor Partnership with nearly 100 parent mentors. Districts with more than 4,000 students on Individualized Education Programs (IEPs) qualify for funding to hire a second Parent Mentor.

Anne Ladd and Sharon Jones, the **Family Engagement Specialists** for the Division for Special Education Services and Supports, coordinate the statewide activities of the GaPMP. A **Parent Mentor Partnership Council** with an 18 member leadership team support strategic planning for the work. The council includes three administrators, as well.

What training opportunities does the GaPMP provide?

GaPMP New Mentor Orientation (Rookie Training)	August
18 th Annual Kickoff Conference	September
Regional Meetings	Quarterly
GaPMP University Drive-In	TBA
Data Coaching	Ongoing by phone
Online Learning Modules	Website <i>Learning Curve</i>
Webinars	Live & Recorded

Will I get support in training my new parent mentor?

It is important that you notify Anne Ladd aladd@doe.k12.ga.us or Sharon Jones sjones@doe.k12.ga.us of newly hired parent mentors. They will provide important information for getting started with the work.
