State Systemic Improvement: Student Success (SSIP)

SELDA
Georgia Department of Education
July 10, 2019
The Every Student Succeeds Act (ESSA) requires states and districts to support and improve the quality of low-performing high schools. States must set long-term high school graduation rate goals for all student groups and identify and intervene in those schools that graduate fewer than two-thirds of their students.
State Identified Measurable Result (SIMR)

• Increase the percentage of students with disabilities graduating with a general education diploma to 65% by 2018-2019 in districts identified to receive intensive technical assistance.

• Based on Annual Event Graduation
• Baseline data for this indicator was 39.5%
• Data are reported in Indicator 17 of State Performance Plan
State Identified Barriers

Access to the General Curriculum for ALL Students

Access to Positive School Climates for ALL Students

Provision of Specially-Designed Instruction in the Least Restrictive Environment
Strategies and Activities

• Improve state and regional infrastructure to better support districts to implement and scale-up evidence-based practices that will improve graduation rates for all students.

• Improve district infrastructure and implementation of evidence-based practices in districts identified to receive intensive supports to improve effective instruction, engaging school climate, and transition.
**SSIP Intensive Technical Assistance Districts**

- Universal Supports and Technical Assistance from the Georgia Learning Resources System (GLRS) through Collaborative Communities and State Initiative Professional Learning

- Ongoing intensive technical assistance from SSIP Program Specialist including **2 face to face meetings a month** with the district coach.

- Ongoing support from Regional Implementation Teams

- Leadership Launch Webinars - 4 times a year

- District Coaches Regional Meetings - 4 times a year

- Student Success Statewide Meetings - Fall and Spring
Increase percentage of students with disabilities exiting high school with a general education diploma

(Annual Event Graduation Rate State Average)

*Applies to the districts selected to receive intensive supports through the SSIP
2017-2018 Georgia Dropout Statistics

gosa.ga.gov

23,687 Georgia Students dropped out

4,140 Georgia Students with Disabilities dropped out
Student Success: Nine Key Elements

- Engage Stakeholders
- Examine district/school capacity and infrastructure
- Review strengths and weaknesses
- Analyze salient data trends
- Use data to identify barriers
- Develop short-term and long-term action steps
- Identify and implement evidence-based practices
- Provide Implementation supports
- Monitor process and outcomes
Beginning in 2017, all districts submitted District Improvement Plans to the GaDOE. SSIP is now a part of district plans.
The purpose of the School Completion Toolkit is to provide districts with a roadmap of strategies, interventions and resources to help students with and without disabilities graduate with a high school diploma.
Website Design
School Completion Toolkit

STEP 1
Identify Need

STEP 2
Select Intervention

STEP 3
Plan Implementation

STEP 4
Implement Plan

STEP 5
Examine Progress
Step 1: Identify Needs

- Comprehensive Needs Assessment
- Engage Stakeholders
- Identify At Risk Students Through Early Warning System (EWS)
Comprehensive Needs Assessment (CNA)

- Aligned to the shared framework
- Prepopulated with data
- Supported by tools and resources that are being developed by GaDOE

GaDOE CNA Data Guide
Essential Components: Efficient and Effective Meetings

- Team is composed of essential stakeholders
  
  **School Administrator is KEY to Success**

- Establish a specific time to meet and meet frequently.
- Meeting is structured (i.e., Follow script and assign roles)
- Decisions are made based on data utilizing valid, reliable tools
- Use technology to:
  - Collect and easily access student information
  - Show student data to the whole team at once
  - Make the plan-creation process transparent and clear
  - Create calendar (Including timeline for executing and revisiting student intervention plan)
  - Document changes to process, etc.
- Build capacity

Adapted from Presentation at the CASE / NASDSE Conference, Milwaukee, WI (September, 2016) and NCSI Website.
Engage Stakeholders

- Recommended Stakeholders
- Role of School and District Team
- Example Team Meeting Agenda and Data Collection Form
National Technical Assistance Center for Transition (NTACT) Data Tools

NTACT Data Analysis and Tools:
(for building-level data)
1. Core Data Tool – a high level look at school completion
2. Graduation & Dropout Tool
3. Attendance Tool
4. Academics Tool
5. Discipline Tool

Risk calculator – Identifies at-risk students and their areas of need
A Pathway to Localizing Early Warning Indicators – Short video from American Institute for Research (AIR) to help school district identify and select their own indicators for an early warning system (EWS).

District guide to creating indicators for early warning system (PDF)

Worksheet to use with the district guide (PDF)
### Students Per Performance Band

- **No Risk**: 40%
- **Minimal Risk**: 20%
- **Moderate Risk**: 20%
- **Extreme Risk**: 20%

### Students At Risk

- **At Risk**: 60%
- **Not At Risk**: 40%

### Actions
- **Add to Intervention Group**

---

*Richard Woods, Georgia’s School Superintendent | Georgia Department of Education | Educating Georgia’s Future*
Step 2: Select Intervention

Selecting Evidence-Based Interventions

*Attendance Strategies

*Behavior Strategies

*Course Performance Strategies

*Social/Emotional Learning Strategies
• Every Student Succeeds Act (ESSA) requires the use of Evidence-Based Interventions

• Outlines four levels or categories of evidence that can be considered when selecting EBPs

Find the Resource Here
Evidence Based Practices and Resources

- National Center on Intensive Intervention
- National Dropout Prevention Center/Network
- What Works Clearinghouse
- Promising Practices
- National Center for Systemic Improvement
- Best Evidence Encyclopedia
- National Technical Assistance Center on Transition
- Collaborative for Academic, Social, and Emotional Learning
- Evidence for ESSA
Check & Connect Overview

- Structured mentoring intervention
- Promotes student engagement
  - At school
  - With learning
- Focus on school completion

Check and Connect has met the evidence standards of the What Works Clearinghouse and is the only dropout prevention intervention to show positive effects for staying in school.
Step 3: Plan Implementation

Development/Revision of Plan

Assigning and Providing Interventions for Targeted Students
Plan Implementation

Development and Implementation of a Plan
A plan is consistently used to guide implementation of improvement strategies including implementation of evidence-based practices.

Alignment of Improvement Strategies
School completion strategies are implemented in alignment with all relevant improvement strategies as outlined in the district/school plan.
# Indicator-Intervention Map

Note. From “A practitioner’s guide to implementing early warning systems” by S. Frazelle, & A. Nagel, 2015, National Center for Education Evaluation and Regional Assistance. Regional Educational Laboratory Northwest, pg. 12.
Step 4: Implement Plan

Implement with Fidelity

Student Engagement

Family and Stakeholder Engagement

Richard Woods, Georgia’s School Superintendent | Georgia Department of Education | Educating Georgia’s Future
Fidelity of Implementation

Degree to which the program is implemented as intended by program developer, including the quality of implementation.

- Fidelity = Consistency
- Fidelity = Integrity
- Fidelity Checks should create open communication and productive feedback by providing teachers with opportunities to learn and collaborate.

(Gersten, et al., 2005; Mellard & Johnson, 2007; Sanetti & Kratochwill, 2009)
Fidelity of Implementation

• Was the intervention implemented as intended?

• Did the student(s) participate?

• Was the dosage (duration and intensity) sufficient?
Engage Students

- Engaged students are more likely to perform well on standardized tests and are less likely to drop out of school.

- Students achieve academic and transition goals at a higher rate including more positive independent living and employment outcomes.

- Students are more involved in the general education curriculum.
Student Engagement/ Self-Determination Resources

- **Self Determined Learning Model of Instruction**
- **Student Engagement Project**
- **Check and Connect**
When Families are Involved-

Students achieve more, regardless of socioeconomic status, ethnic/racial background, or the parents’ education level

(Antunez, 2000).

Students have higher grades and test scores, better attendance, and complete homework more consistently, and go on to postsecondary education.

(National Parent Teacher Association, 2009).
Engage Families

Starting and Keeping your Child on a Path to Graduation

• Pre-School
• Elementary School
• Middle School
• High School
Family Engagement Resources

- Global Family Research Project
- Georgia Department of Education - Information for Parents
- Georgia Parent to Parent
- Georgia Parent Mentor Partnership
Step 5: Examine Progress

Measures to monitor implementation fidelity

Measures to monitor and document student progress

State and Federal Reports
## Student Success District Implementation Fidelity Rubric

</tbody>
</table>

### Team Structure

<table>
<thead>
<tr>
<th>Exemplary</th>
<th>Operational</th>
<th>Emerging</th>
<th>Not Evident</th>
</tr>
</thead>
<tbody>
<tr>
<td>The district team includes all the members needed to support implementation (e.g. representatives from general and special education, decision makers who have the authority to approve team decisions (e.g. funding, personnel, etc.). Additional team members are selected based on knowledge of programs, the capacity to support implementation, and the ability to ensure stakeholder engagement. District team members continue to be authentically engaged and take leadership roles beyond meetings.</td>
<td>The district team includes most of the members needed to support implementation (e.g. representatives from general and special education, decision makers who have the authority to approve team decisions (e.g. funding, personnel, etc.). The district is actively working to identify additional team members to support implementation.</td>
<td>The district team includes some of the members needed to support implementation (e.g. representatives from general and special education, decision makers who have the authority to approve team decisions (e.g. funding, personnel, etc.).</td>
<td>The district team does not include the members needed to support implementation (e.g. representatives from general and special education, decision makers who have the authority to approve team decisions (e.g. funding, personnel, etc.).</td>
</tr>
</tbody>
</table>

### Roles and Responsibilities of Team Members

<table>
<thead>
<tr>
<th>Exemplary</th>
<th>Operational</th>
<th>Emerging</th>
<th>Not Evident</th>
</tr>
</thead>
<tbody>
<tr>
<td>The district team has established clearly defined roles and responsibilities of the team and individual members to support effective implementation. Roles and responsibilities are assigned across general and special education with additional members added as needed based on implementation data. The person responsible for organizing and running the meetings is clearly identified and adequate time is provided to complete duties which include monitoring action steps. Staff are assigned tasks to be completed between meetings. Methods for monitoring work completion between meetings are identified.</td>
<td>The district team has established clearly defined roles and responsibilities of the team and individual members to support effective implementation. Roles and responsibilities are assigned across general and special education. The person responsible for organizing and running the meetings is clearly identified. Staff are assigned tasks to be completed between meetings.</td>
<td>The district team has informally assigned roles and responsibilities of the team and individual members (e.g. members have assumed roles, but they have not been defined) to support effective implementation. The district has not identified a team leader/ coordinator.</td>
<td>The district team has not established clearly defined roles and responsibilities of the team and individual members to support effective implementation.</td>
</tr>
</tbody>
</table>
Measuring Fidelity of Intervention Implementation

• Self-report data

• Observation

• Logs, lesson plans, and student work
Examine Progress of Student Response to Intervention

- Identify students who are making progress.
- Identify students who are no longer struggling.
- Identify students whose needs are not being met.
• What’s working?
• What’s not working?
• How do we improve?
Examine State Reports

Student Record Report ENR019b – Dropout Reason Report
• This report will display all students who have dropped out and the reason for they dropped out.

Student Record Report SR 057b – Graduate Diploma Information
• This report may be checked after graduation data has been entered in Student Record. This report should be checked prior to sign-off. This report will display who is receiving a diploma and what type of diploma is being reported—General Education or Special Education. (As a reminder—special education diplomas count against your graduation rate.)

  - Disproportionality
  - GaDoe Strategic Plan and Federal Indicators for Students with Disabilities

Student Success: Imagine the Possibilities

The Office of Special Education Programs (OSEP) has required that each State Educational Agency (SEA) develop a State Systemic Improvement Plan that includes a comprehensive, multi-year focus on improving results for Students with Disabilities! Each state must develop a plan that will outline the development of strategies to increase state capacity to structure and lead meaningful change in Local Educational Agencies (LEAs). While the primary focus of the plan is on improvement for Students with Disabilities, the State must also address in its SSIP how the State will use its general supervision systems to improve implementation of the requirements of Individuals with Disabilities Education Act (IDEA). Georgia will implement a systemic plan, “Student Success,” in FY16 to improve graduation outcomes for Students with Disabilities.
