State Performance Plan (SPP) and Annual Performance Report (APR)

Indicators 1 and 2

October 15, 2020
Goals of the Presentation

• Describe the criteria for measuring Indicator 1- Graduation Rate and Indicator 2- Dropout Rate in the SPP/APR

• Provide current information and trend data regarding Georgia’s status in meeting Graduation Rate and Dropout Rate targets

• Future presentations will focus upon other Indicators and illustrate action steps to address Indicators
Indicator 1: Graduation

Percent of youth with Individualized Education Programs (IEPs) graduating from high school with a regular high school diploma. (20 U.S.C. 1416 (a)(3)(A))

Data Source

Same data as used for reporting to the Department of Education (Department) under Title I of the Elementary and Secondary Education Act (ESEA).

Measurement

Georgia reports data for children with disabilities using the four-year adjusted cohort graduation rate required under the ESEA.

States must continue to report the four-year adjusted cohort graduation rate for all students and disaggregated by student subgroups including the children with disabilities subgroup, as required under section 1111(h)(1)(C)(iii)(II) of the ESEA, on State report cards under Title I of the ESEA even if they only report an extended-year adjusted cohort graduation rate for the purpose of SPP/APR reporting.
