Elise James, Program Specialist, Family Engagement and Outreach
Laurie Ponsell, Program Specialist, Results Driven Accountability

Data Update – School Year 2021-2022
November 10, 2022
Goals of the Presentation

• Identify the key points of the SPP/APR.
• Evaluate the trend data for SPP/APR Indicators 11, 12, 13, 14, 15, 16, and 17.
• Identify processes designed to enhance effective transition from high school (Indicator 14).
• Identify the evaluation components for transition plans for students with disabilities (Indicator 13).
• Review the Annual Event Graduation rate and OSEP’s criteria for graduates with a regular diploma.
• Examine eligibility criteria for students with disabilities to participate in the Georgia Alternate Assessment.
What is the State Performance Plan (SPP)/ Annual Performance Report (APR)?

• The Individuals with Disabilities Education Act (IDEA) requires states to develop a State Performance Plan (SPP) that evaluates their efforts to implement the requirements and purposes of IDEA and describe how the state will improve its implementation and results for children with disabilities. An Annual Performance Report (APR) is provided to report the results of the state’s activities and describes progress or slippage in meeting the measurable targets set in the SPP.
What is the State Performance Plan (SPP)/ Annual Performance Report (APR)? Continued

State Performance Plan/Annual Performance Report
• Developed for a 6 Year Interval with a Measurement Table
• 17 Total Indicators -- Targets for Each Indicator
• Composed of Results and Compliance Indicators
• Results Indicator Targets -- such as Graduation Rate can be set by the State
• Compliance Indicator Targets -- such as Child Find (100%) are set by the federal Office of Special Education Programs (OSEP)
SPP/APR Continued

- Annual Performance Report Submitted Each Year
- Includes Trend Data for Each Year
- Developed with Input from SAP
- OSEP Reviews the State’s SPP/APR
- States Receive a Determination (i.e., Meets Requirements, Needs Assistance) from OSEP
- Georgia’s current status = Meets Requirements
Post-School Outcomes
SPP/APR INDICATOR 14

Indicator 14: Post-School Outcomes

Post-school outcomes: Percent of youth who are no longer in secondary school, had IEPs in effect at the time they left school, and were:

A. Enrolled in higher education within one year of leaving high school.
B. Enrolled in higher education or competitively employed within one year of leaving high school.
C. Enrolled in higher education or in some other postsecondary education or training program; or competitively employed or in some other employment within one year of leaving high school.

(20 U.S.C. 1416(a)(3)(B))

What’s Going On In Transition Other Than Compliance?

State Advisory Panel
November 7, 2022
Self-Determination Activities
Structure of the Self-Determined Learning Model of Instruction (SDLMI)
Three Phases of the SDLMI

Phase 1: Set a Goal

Phase 2: Take Action

Phase 3: Adjust Goal or Plan
SDLMI Resources

- **Teacher’s Guide**
- Training PowerPoint for teachers
- Transition Planning sessions questions (usually 4 sets each)
  - Case Studies
  - Teaching PowerPoint for students
  - Guiding questions
  - Activities
  - Videos
  - Supplemental Materials
    - Modified Curriculum
- **Other resources**
Using the Self-Determination Inventory (SDI) as a Transition Assessment
Other ASPIREPlus Districts

ASPIRE Only
- ASPIRE Ambassadors
  - Dodge
  - Pulaski
  - Telfair
  - Treutlen
- Walton
- Oconee GNETS
- Tapestry Public Charter
- Early
- Bulloch

ASPIREPlus
- Savannah-Chatham
- Houston
- Haralson
- Tattnall
- Putnam
The Self-Determination Inventory: Student Report (SDI:SR)

- The Self-Determination Inventory measures student’s self-determination
- Self-report assessment validated for students ages 13-22 with and without disabilities
- This is a snapshot of your self-determination on the day you took the SDI
- Offers audio that reads the questions aloud and in-text definitions of words
- 10-30 minutes to complete (varies)
Self-Determination.org
All Things Transition
FY23 Transition Collaborative Strategic Plan Priorities

• Expand awareness and implementation of self-determination strategies
  • Implement strategies in Pre-K as a common practice
  • Increasing the understanding of its impact on postschool outcomes and supported decision making.

• Increase the collaboration between the Department of Vocational Rehabilitation (VR) and school districts
  • Monitor Pre-Employment Transition Services (Pre-ETS) participation
  • Set up mechanism for Indicator 14 reporting
FY23 Transition Collaborative Strategic Plan Priorities

• Form a statewide youth advisory group to provide insight into the needs of SWD for the state transition planning
  • Rotate participation on the States’ Transition Collaborative
  • LEAs will participate in state implemented professional development
FY23 Transition Activities

• Application for Institute of Education Sciences (IES) grant (Kansas and Minnesota)
  • Implement SDLMI with Check and Connect

• ASPIRE/ Student-led IEP Trainings
  • Georgia Learning Resources System (GLRS) Personnel (Virtual)
    • October
  • By GLRS Region (Virtual)
    • Districts and GLRS personnel
    • TBD
FY23 Transition Activities

- Improving Indicator 14 with intentionality training
  - Introduction to non-compliant district
  - Request by districts or regions
- Statewide Transition Consortia
- Transition webinar series (5 sessions)
- Community Mapping Training
Secondary Transition
SPP/APR INDICATOR 13

Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age-appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student’s transition services needs. There also must be evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and evidence that, if appropriate, a representative of any participating agency was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority. (20 U.S.C. 1416(a)(3)(B))

Monitoring Secondary Transition - Indicator 13
Monitoring Indicator 13

• The GADOE completes a review of a sampling of transition plans from districts across the state yearly, as required by IDEA.

• While the process for reviewing transition plans may vary yearly, the required components of the Transition Plan do not change.

• Currently, transition plans are reviewed during the Cross-Functional Monitoring (CFM) process and those results are reported for Indicator 13.

• LEAs, not in the current CFM process, can opt-in to the transition plan review process to potentially improve their compliance percentage and LEA determination.
**Age-appropriate Assessments**
The collection of evidence and artifacts that documents a student's interests, preferences and strengths.

**Measurable Postsecondary Outcome Goals**
Goals for after high school in the areas of education/training, employment, and independent living.

**Course of Study**
Reflects the academic course work to reach the postsecondary goals.

**Measurable Annual Goals**
Facilitates movement towards meeting the postsecondary goals.

**Activities**
Provides the opportunities for exploration and skill development to achieve the annual goal.

**Services**
Specially designed instruction, related services, community interaction, and collaboration within school.

**Student Invited**
Evidence that indicates the student was invited to participate in the IEP Team meeting.

**Agency Representation**
Evidence that a representative from an agency that is likely to provide or pay for services is invited, if appropriate.

**Parental Consent**
Prior parental consent for the invitation of an agency representative must be evident.
Required Components for Transition Plans

• **Age-appropriate Assessments**
  The collection of evidence and artifacts that documents a student’s interests, preferences and strengths.

• **Measurable Postsecondary Outcome Goals**
  Goals for after high school in the areas of *education/training, employment, and independent living*.

• **Course of Study**
  Reflects the academic course work to reach the postsecondary goals.
Required Components

• **Measurable Annual Goals**
Facilitates movement towards meeting the postsecondary goals.

• **Activities**
Provides the opportunities for exploration and skill development to achieve the annual goal.

• **Services**
Specially designed instruction, related services, community interaction, and collaboration within school.
Required Components

• **Student Invited**
Evidence that indicates the student was invited to participate in the IEP Team meeting.

• **Agency Representation**
Evidence that a representative from an agency that is likely to provide or pay for services is invited, if appropriate.

• **Parental Consent**
Prior parental consent for the invitation of an agency representative must be evident.

Graduation Rate

Georgia Alternate Assessment (GAA) and OSEP's Position on Regular Graduates
**SPP/APR INDICATOR 1**

**Indicator 1: Graduation**
Percent of youth with Individualized Education Programs (IEPs) exiting from high school with a regular high school diploma. (20 U.S.C. 1416 (a)(3)(A))
# Graduation Calculations in Georgia

<table>
<thead>
<tr>
<th>Adjusted Cohort Calculation</th>
<th>618 Data – Annual Event Calculation</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>ESSA (CCRPI)</strong></td>
<td><strong>OSEP (APR)</strong></td>
</tr>
<tr>
<td>SWD (9th-12th) who graduate in four years with a regular high school diploma or state defined alternate diploma* ÷ SWD who form the adjusted cohort for the graduating class</td>
<td>SWD (age 14-21) who exit special education by graduating with a regular diploma ÷ SWD (age 14-21) who exit high school by: graduating with a regular diploma, graduating with a state defined alternate diploma, receiving a certificate, <strong>reaching maximum age, or dropping out</strong></td>
</tr>
</tbody>
</table>

*Georgia began the alternate diploma track for students with the most significant cognitive disabilities in SY 2020-2021. The first alternate diploma graduates will likely be at the end of the 2023-2024 SY. **Georgia does not use reaching maximum age.
Graduation Rate Comparison

**Adjusted Cohort Calculation**
**ESSA (CCRPI)**
- Includes only high school students who exit school
- Students must graduate in 4 years*
- Alternate Diploma counts as "regular" graduate

*except State Defined Alternate Diploma students for whom cohort reassignment is made

**Annual Event Calculation**
**OSEP (APR)**
- Includes all students ages 14-21 who exit school and were enrolled on July 1st in GA
- Students do not have to graduate in 4 years
- Alternate Diploma does not count as a "regular" diploma
Regular Graduates are defined as:

- students with disabilities receiving a high school diploma identical to that for which students without disabilities are eligible, and
- students with disabilities receiving a diploma that is fully aligned to State standards.

Students with disabilities receiving a diploma aligned with alternate standards cannot count toward the percentage of students receiving a regular diploma for APR calculation purposes.

Students with disabilities who exited high school with a diploma that did not meet the same standards as students without disabilities are classified as receiving a certificate for APR calculation purposes.
Implications for Georgia

• Beginning with the FY2021 graduates, students with disabilities who did not meet the same graduation requirements as students without disabilities were not included as regular graduates in the Annual Event calculation.

• State and LEA rates for graduation for students with disabilities were impacted on the APR reports only.

• LEAs with many students who were regular diploma graduates participating in the GAA had a lower graduation rate on the APR.
Implications for Georgia - Continued

• The calculation change resulted in a dramatic decrease in SPP/APR graduation rate.
• Georgia will need to request a reset baseline and new targets.
• Longitudinal data, current baseline and targets, and proposed reset baseline and targets follow.
## APR Graduation Rate for SWD

Students with the Most Significant Cognitive Disabilities

Student Eligibility Criteria
Intellectual Functioning

• A child with a disability or disabilities that are not temporary in nature and that significantly impact intellectual functioning and adaptive behavior(s).

• Students with the most significant cognitive disabilities are students who require repeated, extensive, direct, individualized instruction and substantial supports to achieve measurable gains across all content areas and settings.
Students with Significant Disabilities

• Most of our students with significant disabilities are eligible for services under moderate, severe, and profound intellectual disabilities. Some students with a mild intellectual disability in addition to sensory or behavioral/emotional disabilities may also be included. Some students with a significant disability may function in the moderate, severe, or profound range and are eligible under categories such as Autism (AU), Significant Developmental Delay (SDD), Traumatic Brain Injury (TBI), or Other Health Impairment (OHI).

• These students may enter special education during early childhood, continue special education services through their 22 birthday, and are instructed using the Alternate Content Standards.

• These students have varied receptive and expressive communication skills.

• There is a high probability that these students will require significant supports across their lifespan.
Eligibility Criteria Questions 1 and 2

Does the student require intensive, individualized instruction in a variety of instructional settings?

- Across all educational settings

Does the student have a significant cognitive disability?

- Review of student records
Eligibility Criteria Question 3

Does the student require specialized supports to demonstrate age-appropriate adaptive behavior?

- Language, reading and writing, money, time, number concepts
- Interpersonal skills
- Activities of daily living
Eligibility Criteria 4

Does the student require specialized supports to access and participate in the grade-level GSE that require modifications based on the student’s Present Level of Academic Achievement and Functional performance (PLAAFP)

• Learning is linked to [Extended Content Standards](#)
• Requires extensive instruction
• Accesses information in alternative ways
SPP/APR INDICATOR 7

Indicator 7: Preschool Outcomes
Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved:

A. Positive social-emotional skills (including social relationships);
B. Acquisition and use of knowledge and skills (including early language/communication and early literacy); and
C. Use of appropriate behaviors to meet their needs.

(20 U.S.C. 1416 (a)(3)(A))
