

# Indicator 17

## FY21 SSIP-SDE Collective Support Identified Districts

### State Systemic Improvement Plan (SSIP)

Consistent, Intentional and Pervasive Work

Student Success: Imagine the Possibilities  
Targeted Support and Improvement Schools for SSIP

# Indicator 17: Regulatory Requirement

- The Office of Special Education Programs (OSEP) has required that each State Educational Agency (SEA) develop a **State Systemic Improvement Plan(SSIP)** that includes a **comprehensive, multi-year focus** on improving results for students with disabilities.
- Each state must develop a plan that will outline the development of strategies to increase state capacity to structure and lead meaningful change in Local Educational Agencies (LEAs).
- While the primary focus of the plan is on improvement for students with disabilities, the State must also address in its SSIP how the State will use its general supervision systems to improve implementation of the requirements of Individuals with Disabilities Education Act (IDEA).

# What is the focus of the SSIP?

- In 2013-2014 the state decided based upon data analysis and stakeholder input to focus the State Systemic Improvement Plan (SSIP) Indicator 17 on **graduation**.
- The state rate for SWD graduation rates was 39.5%.
- It set the SIM-R (State Identified Measurable Result) goal to increase graduation rates for students with disabilities to 65% or higher using the Annual Event Rate.

# Who participates in the SSIP?

- 2013-2014 began with a selection of 50 identified districts.
- Currently 49/50 have met or exceeded the goal.
- In 2018-2019, we moved to provide collective supports with the Division for School and District Effectiveness for the **Targeted Support Improvement Districts and Schools** for SWD graduation and making progress for SWD Achievement. The goal of TSI is to reach 67% graduation for all students.
- 12 Districts were identified as TSI/SSIP Districts. They are Atlanta Public Schools, Bibb County, Clarke County, Clayton County, DeKalb County, Douglas County, Meriwether County, Muscogee County, Newton County, Richmond County, Seminole County and Treutlen County.
- All districts receive universal supports through the School Completion Toolkit, statewide professional learning, and GLRS targeted assistance in Collaborative Communities.

# How is the Annual Event Graduation Rate Calculated?

- The numerator represents the number of SWD who exited in the reporting year with a general education diploma, regardless of when they entered high school or how many years it took to earn the diploma.
- The SWD count includes only students who are identified as SWD when they exit.
- The denominator represents the number of SWD who exit in the reporting year with 1) a general education diploma + 2) a special education diploma (or certificate), + 3) as a dropout (9th-12th grade)

# Total SWD graduating with General Education Diploma

## Total SWD who exited

(including drop-outs- any grade, Special Education Diplomas, Certificates of Attendance)

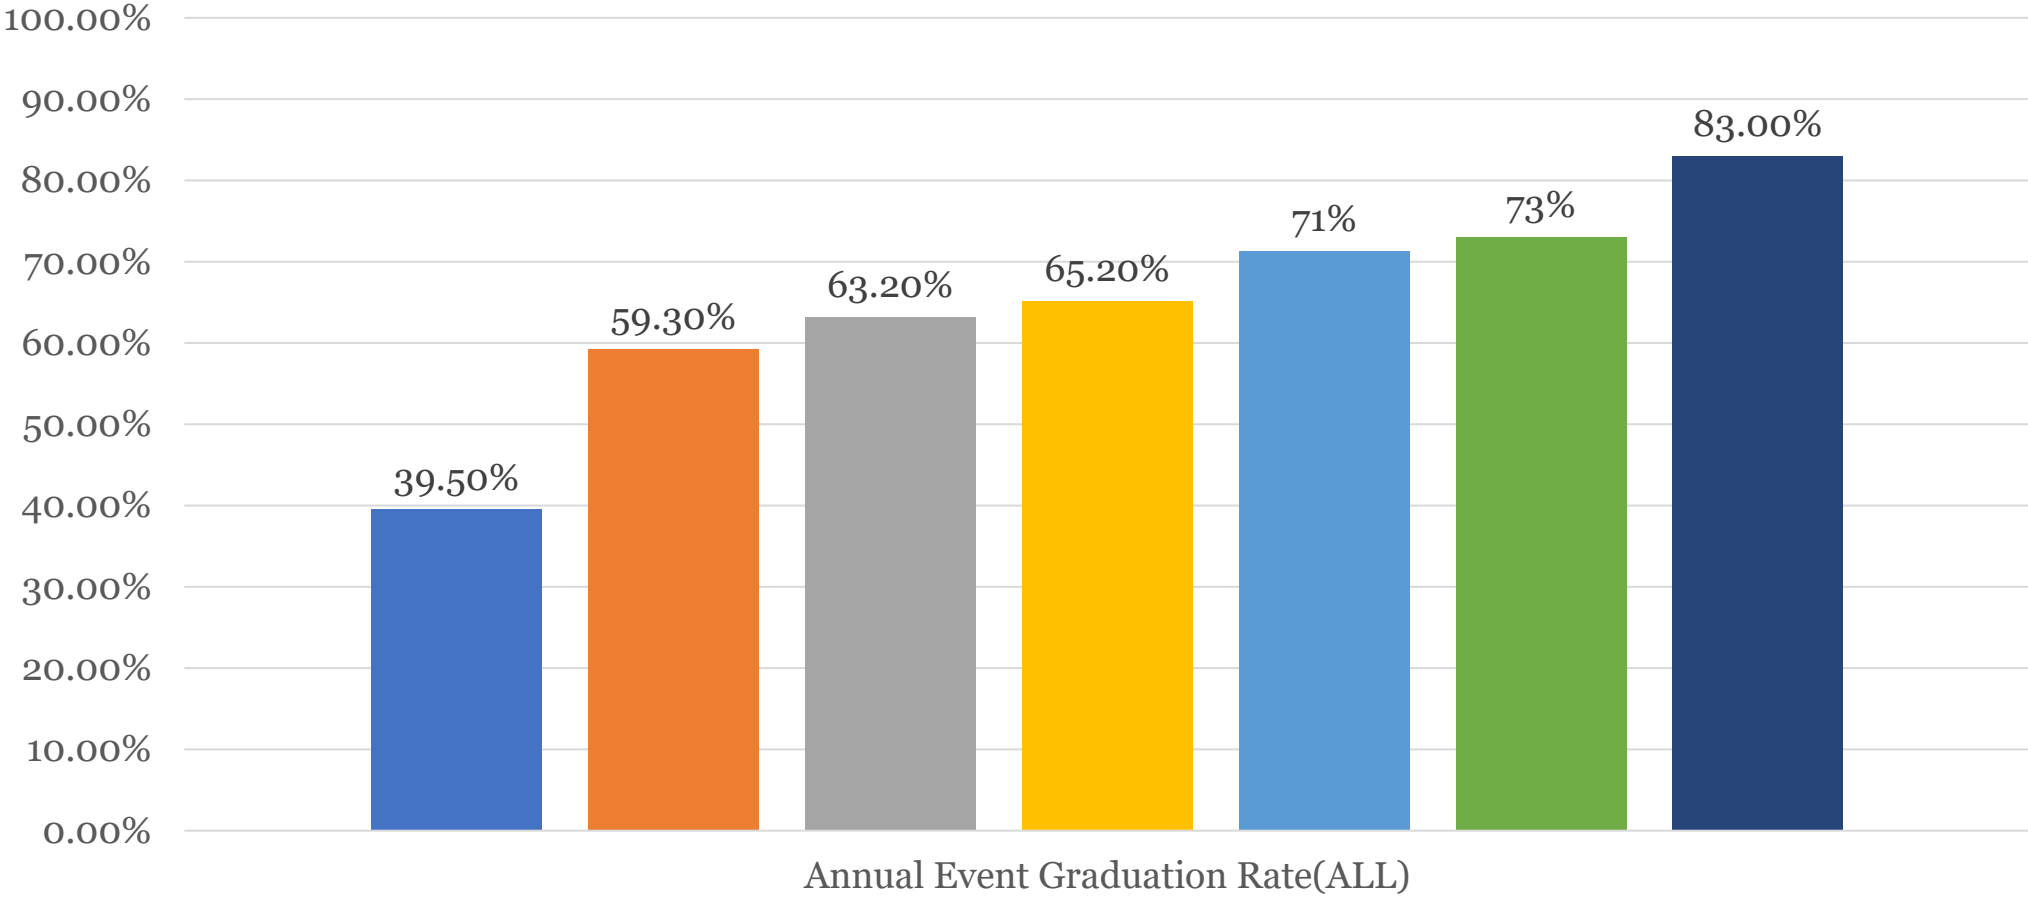

$$\frac{223}{345} = 64.6\%$$
