Georgia’s Specially Designed Instruction (SDI) Project

What Does IDEA Say?
According to IDEA Sec. 300.39(b), “(3) Specially designed instruction means adapting, as appropriate to the needs of an eligible child under this part, the content, methodology, or delivery of instruction— (i) To address the unique needs of the child that result from the child’s disability; and (ii) To ensure access of the child to the general curriculum, so that the child can meet the educational standards within the jurisdiction of the public agency that apply to all children.”

Goals

- Define & implement data-based individualization framework for successful SDI
- Build a common language and definition of Specially Designed Instruction (SDI)
- Identify 5 key elements of implementation fidelity
- Establish essential elements of SDI
- Identify the “what” and “why” of SDI

Five-Year Implementation Plan
