Module #4 – Postsecondary Goals
Alignment with State Priorities

Georgia’s Systems of Continuous Improvement

Division Priority

IEP Development and Implementation
Transition Planning Survey - Rationale

- The monitoring priorities and indicators of the OSEP State Performance Plan (SPP) mandate that youth with IEPs aged 16 and above have an “IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age, appropriate transition assessment, transition services, including courses of study that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student’s transition service needs.”
What is Indicator 13?

• (SPP/APR - Indicator # 13) A description of how the LEA will increase the percentage of SWD who are transition-aged students who have coordinated and measurable IEP goals that will lead to attainment of post-secondary goals.
Transition in IDEA

- Component of the IEP
- Addresses critical elements on transition
- Federally mandated
- School district responsibility
Learning Targets

Activity #1

Jason is a tenth-grade student at Dundee High School. Based on the results from the Dundee School District’s transition questionnaire given on August 24, 2018 by Jason’s teacher, he stated that he enjoys playing games, watching television and videos on the computer. His favorite game is UNO. He likes walking to class and going to the mall with his friends with his class. His teacher stated that he likes seeing people from his church when they go to the grocery stores. His parents indicated on the parent questionnaire and survey sent home on August 24, 2018 that his favorite thing to do at home is play with his UNO cards and go to church to handout the programs before the service. Parents also stated that Jason likes cleaning his room, but he does not like to move his games and put up his cards.

Both of his teachers and his parents agree that his strengths are helping others which include making sure all the students in class have all their school supplies (pencils, papers, manipulatives, backpacks) and his ability to recall the bell schedule and remember when it’s time to change classes. Jason doesn’t like when the class reads aloud but he does like listening to stories on the computer using his headphones, which he uses at home as well. Jason also has strengths in math including adding and subtracting simple fractions (especially when the class cooks and he must double the recipe).

On the Dundee School District Career Interest Inventory taken with his teacher on August 23, 2018, the scores indicate possible jobs in the retail/service industry. Teachers provided information to the parents about graduation requirements, transition services and information about Project Search, which the parents are interested in for Jason. They would like for him to graduate with his peers but would like for him to stay in school if he can be in the Project Search program and Vocational Rehabilitation will help with supportive employment.

Activity #1

Post-Secondary Outcome Goals for Jason:

• Employment: After graduation, Jason will be employed in a retail setting with supports.
• Independent Living: After graduation, Jason will live at home with his parents.
Two Different Ways of Looking at Transition Planning

**LETTER of the Law**
- Focus on IDEA Regulation for Transition
- Identify Minimal Requirement
- Compliance with IDEA only
- Narrow Impact on Adult Outcomes for Students with Disabilities

**SPIRIT of the Law**
- Understand Spirit and Intent of IDEA
- Identify Possibilities for a Quality Adult Life
- Expand the Focus of Transition Planning and Services
- Large Impact on Adult Outcomes for Students with Disabilities

Compliance  
Best Practices
It’s a Plan!

• The transition plan is part of the IEP, not separate
• Plan early and discuss goals and activities accordingly and update as the student completes during the year
• Coordinate with the appropriate team members to ensure activities and services are being implemented
• Follow-up with the student and family
• Maintain communication with counselor
