The Georgia Family – Friendly Partnership School Awards

2014 Award Application Packet

The Georgia Department of Education (GaDOE) launched the Georgia Family – Friendly Partnership School initiative in the summer of 2010 to assist Title I schools, families and communities in working together to create welcoming environments that lead to increased student achievement. A welcoming environment increases family engagement which, in turn, helps students earn better grades, graduate from high school and enroll in post-secondary education. This award takes the initiative a step further by recognizing Title I schools that have gone above and beyond to create an environment where families and community members feel they belong, and in turn, play an important role in supporting their school’s student success.

Application Deadline

Completed application packets must be received on or before 4:00 p.m. on

Thursday, November 14, 2013

The following four factors should be considered when assessing a school’s welcoming environment:

1. **Physical Environment**
   The physical appearance of the school building and surrounding areas such as the main entrance, halls, parking lots, signage and landscaping.

2. **Personal Contact**
   The visible interactions between school staff and families and/or community members, such as acknowledging parents or guests in the school, friendly greetings from front office staff, or public recognition for parents and community members that volunteer and contribute to school and student success.

3. **Communication**
   The way that the school keeps families and the community informed through sources such as a welcome letter, up-to-date school calendar of events and holidays, a staff directory, announcements on social media Websites or a school map for visitors. Information for parents should be provided in various languages and should be easy to understand.

4. **School Practices and Policies**
   The opportunity for families and community members to provide feedback, actively contribute by serving on committees that address policies and procedures, or participate in parent organizations that are inclusive of the entire school community.

**Eligibility**

To be considered for the Georgia Family – Friendly Partnership School Award, a school must meet the following requirements:

- The school must be identified as a **schoolwide** Title I school.
- The school must not be designated as a Priority School or Focus School under the Georgia Waiver for ESEA Requirements.
- The school was a not Family-Friendly Partnership School Award Finalist in the previous year.
- The school may not have been a Family-Friendly Partnership School Award recipient within the last five years.

Selection Process

All Title I schools that meet eligibility requirements are invited to apply by submitting a complete application packet according to the application guidelines. A panel of respected educators, parents, and community members from across the state will assess the applications and select up to twenty finalists.

School principals will be notified of their schools’ selection in December, and the judges will conduct school site visits between January and April 2014. Site visits are not announced in advance. During the site visits judges will conduct a surprise walk-through and interview school staff and visitors to assess the school’s welcoming environment. Following the school visits the judges will decide on the 2014 Georgia Family-Friendly Partnership Schools. Up to ten schools may be honored with the award each year. Winners will be notified by formal letter and phone call in either April or May of 2014.

Finalists are selected based on the written application only. Once a school is designated a finalist, the scoring process starts over and winners will be determined solely on the school visit and interview process.

Winners

Schools that are honored with the Georgia Family – Friendly Partnership School Award will be designated as a Family – Friendly School by the Georgia Department of Education for five years from the date the award is announced. In addition to holding this title of distinction, each winner will also receive:

- A letter of recognition from the State School Superintendent
- A press release from the GaDOE that may be shared with local media
- A banner or plaque recognizing the school’s accomplishment
- A Welcome Mat to place at the front entrance of the school identifying it as a Family – Friendly Partnership School
- A special recognition in the Georgia Family – Friendly Partnership School Award spotlight publication which will feature stories and promising practices from the finalists and winners
- A special professional learning opportunity provided by The Ritz-Carlton Leadership Center

**Section F: Essay**

The Georgia Family—Friendly Partnership School Initiative is built around the National PTA’s Six Standards for Family—School Partnerships.

**Standard 1: WELCOMING ALL FAMILIES**
Families are active participants in the life of the school, and feel welcomed, valued, and connected to each other, to school staff, and to what students are learning and doing in class.

**Standard 2: COMMUNICATING EFFECTIVELY**
Families and school staff engage in regular, two-way, meaningful communication about student learning.

**Standard 3: SUPPORTING STUDENT SUCCESS**
Families and school staff continuously collaborate to support students’ learning and healthy development both at home and at school, and have regular opportunities to strengthen their knowledge and skills to do so effectively.

**Standard 4: SPEAKING UP FOR EVERY CHILD**
Families are empowered to be advocates for their own and other children, to ensure that students are treated fairly and have access to learning opportunities that will support their success.

**Standard 5: SHARING POWER**
Families and school staff are equal partners in decisions that affect children and families and together inform, influence, and create policies, practices, and programs.

**Standard 6: COLLABORATING WITH THE COMMUNITY**
Families and school staff collaborate with community members to connect students, families and staff to expanded learning opportunities, community services and civic participation.

*On the following four pages, use the standard narratives above as well as the initiative's supplemental handouts as a guide to describe what makes your school family—friendly. Make sure your answer includes evidence of implementation in addition to impact data or positive outcomes that have resulted from the standards implementation for each of the six standards. Particular emphasis should be placed on how you are reaching out to those families who are traditionally referred to as hard to reach families. It is also recommended that more focus be placed on describing particular, innovative family engagement programing or strategies where applicable rather than listing all activities that apply to the standard.*
