- Consolidated Schoolwide Financial Checklist
  - Please review the Financial Checklist to assist with Consolidation. It is a general checklist that should be modified by each school district to their specific processes. The checklist should address all key points to consider when implementing the Consolidation of Funds Initiative.

- Consolidation and Cross-Functional Monitoring
  - Participating in a new initiative requires additional time and effort on the part of Federal programs and finance office staff throughout the year. Therefore, to offer some additional flexibility given this reality, first year participating LEAs who are also scheduled for Cross-Functional Monitoring may request a one year deferment, by emailing Associate Superintendent for Federal Programs, Mr. Craig Geers, at cgeers@doe.k12.ga.us.
