Georgia Department of Education Using the PL Tab

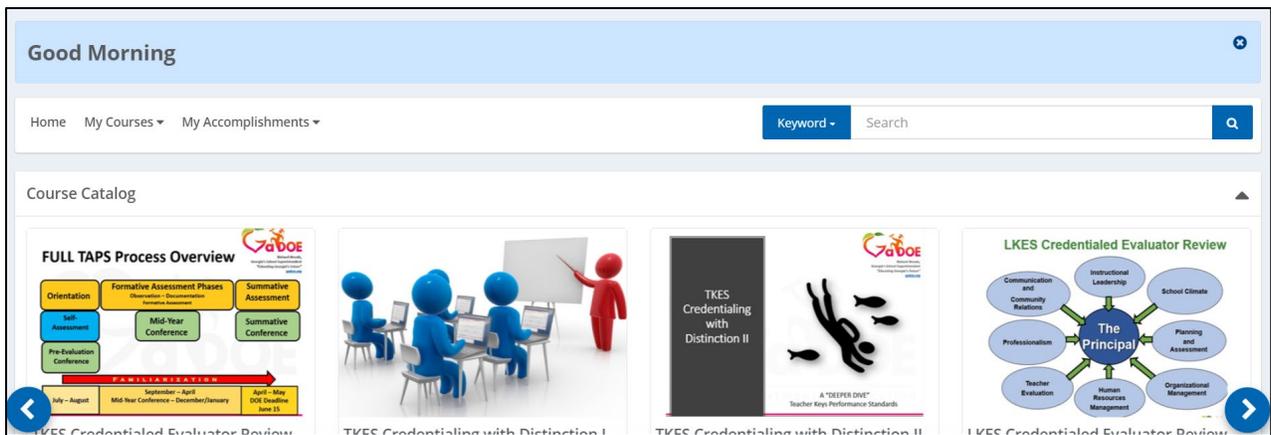

PL or Professional Learning: This tab provides users with opportunities to select various courses or trainings to deepen understanding of a specific topic. PL is also integrated into the TKES/LKES platform titled PLO. The same courses are available. PL Tab is designed for users to self-register and take courses as desired. TKES/LKES platform, allows evaluators to recommend or require professional learning to an evaluatee. All registered, recommended, and required training is available via PL Tab and via the PLO option in TKES. One system, two access points.

Accessing PL

1. District users will need to log into the District SIS or Student information System to access the Statewide Longitudinal Data System (SLDS).
2. Access SLDS, then click on the **PL Tab**.

3. The main landing page for PL will display.
