Program Assurances

- Sec. 8306 of the Elementary and Secondary Education Act of 1965 (ESEA) as amended by the Every Student Success Act of 2015 (ESSA) requires that LEAs shall have on file with the State educational agency a single set of assurances, applicable to each program for which a plan or application is submitted.

- Each LEA will acknowledge general assurances addressing all federal programs and specific program assurances where an allocation is received.

- This acknowledgement occurs on the My GaDOE Portal annually.

- The Superintendent’s sign-off on the consolidated application denotes agreement to each assurance.

- Review annually. Some programs have updates for FY21.
Internal Controls

• Internal controls can be defined as a process, implemented by an LEA, designed to provide reasonable assurance regarding the achievement of objectives in the following categories: effectiveness and efficiency in operations, reliability of reporting for internal and external use, and compliance with applicable laws and regulations (2 CFR §200.61).
Written Procedures

Page 25 of the Federal Programs Handbook

- Required:
  - Cash Management
  - Allowability
  - Equipment Management
  - Conflict of Interest
  - Procurement
  - Conducting Technical Review of Proposals
  - Compensation – Personal Services
  - Travel
  - Segregation of Duties

- Some internal controls are captured in LEA board policies and some are informal and maintained in the LEA federal programs division’s written procedures.
- Written procedures must include all federal programs – not just Title I Part A.
- Written processes and procedures governing the LEA implementation of federal grants should be reviewed routinely and revised as needed.

  – Process for drawing down funds
  – Process and authorizations for budget revisions
  – Period of performance and when obligations are made
  – Process for carryover

Creating Budgets - Chart of Accounts

• GA Code requires a statewide uniform computerized budget and accounting system.
• Updated chart of accounts is found here.
• Example from an expenditure report: 414-1750-2213-116
  • 414 (FUND: Government Funds),
  • 1750 (PROGRAM: Title I, Part A),
  • 2213 (FUNCTION: Instructional Staff Training),
  • 116 (OBJECT: Stipends)
Budgets

Budget for each program:

- LEAs must submit a program budget for each applicable program in the consolidated application each fiscal year.
- The budget must be approved by the appropriate program manager or specialist before funds are available through Georgia’s Grants Accounting Online Report System (GAORS).
- Budgets should be submitted as soon as the LEA CLIP is approved and no later than October 1.
- This will ensure the LEA implements its supplemental support services for children when, or very soon after, the school year begins.
- Amendments to original budgets are accepted throughout the year (see page 55).

Identified needs are the core of the budget development and approval process.

Budgets and Assurances

• GaDOE staff will review budgets for information that is necessary for approval. We are working to streamline what is required on the budget narrative.

• From the General Assurances that all LEAs acknowledge:
  • As a condition of receiving the federal funds for which application is made in this Consolidated Application, the applicant’s local board of education (Applicant) assures the following:
    • each such program will be administered in accordance with all applicable statutes, regulations, program plans, and applications;

• What does this mean?
  • LEAs are assuring GaDOE that all plans for expenditures fall within the requirements of the federal grant.
  • This assurance is how GaDOE can streamline what is asked for during budget review.
  • LEAs are responsible. GaDOE reviews deeper during monitoring; independent/state auditors review deeper during those activities.
Minimum Budget Details

• Information to establish allocability, reasonable, necessary and consistency with CLIP, SIP, grant requirements, and 2 CFR 200 requirements

• Number of personnel should be listed; school/location is helpful

• Itemization of items as appropriate:
  • Cost per item X number of items

• For required prior approval items, such as equipment with a per unit cost over 5k or program income, the details should include that prior approval has been given

• Refrain from use of the phrases such as; will include; including but not limited to, etc.

• Spell out acronyms or abbreviations

• Some programs may require additional details based on statute. We are reviewing what we require to ensure we streamline where applicable.
Budgets and Assurances

ADVANCED ORGANIZER:

• GaDOE Technical Assistance Series for all Programs
  • Allowability – How should funds be used? How may funds be used?
  • Assurances – What is our LEA acknowledging for our federal grants?

Look for details in our FP weekly updates!
Indirect Cost Rates – FY20 and Moving Forward

The indirect cost rate is calculated for a **fiscal year (12 months)** and must be applied to actual expenditures each fiscal year. Since federal funds are available for 15 months:

- July 2020 – June 2021 will apply the FY21 rate
- July 2021 – September 2021 will use the FY21 rate for budgeting until the FY22 rate is determined by GaDOE.
- LEAs will submit a budget amendment when the FY22 rate is determined. This will clearly separate FY21 from FY22 indirect costs.
  - Once the FY22 rate is identified, the district can choose to apply the **smaller** of the two rates to the entire 15-month grant period.

Indirect costs are only drawn down after the rate has been appropriately applied to expenditures.

LEAs will continue using their current FY20 Restricted Indirect Cost rates from July 1, 2020 through September 30, 2020 on allowable 2020 federal grant award expenditures. An LEA can choose to waive the requirement to amend their budget for the 2020 grant award to apply the FY 2021 indirect cost rate to the July-September expenditures. The 2021 federal grant awards will use the FY 2021 rates from July 1, 2020 to June 30, 2021 period of availability.

Drawing Down Funds from GAORS

- GAORS = Grants Accounting Online Reporting System
- LEAs draw down federal funds on a reimbursement basis for all allowable expenditures incurred in their respective participating federal program.
- GaDOE allows one drawdown per month (see page 35 for specifics)
- Monthly drawdown must match incurred expenditures
- LEAs must keep supporting documentation on file
The GaDOE requires each LEA receiving Federal grant funds to submit a completion report no later than 30 days after the initial 15-month period of availability ends.

Completion reports are due on **October 30**.

Completion reports may be accessed online through the Grants Accounting Online Reporting System (GAORS).

A completion report defines the total amount of the original grant award and the total amount of funds that were expended by an LEA during the initial 15-month period of availability.

Grants Accounting uses completion reports to determine the amount of unexpended funds and the amount of funds available for carryover for each LEA.
Carryover Funds

Local Educational Agencies (LEAs) are permitted to carry over federal funds not expended within the fiscal year awarded to the next fiscal year.

While the law permits LEAs to carry over funds, LEAs are expected to expend the fiscal year allocation within that fiscal year.

An approved original budget is required before carryover funds can be applied.

Each federal program’s carryover procedures are outlined in the handbook.
Transferability of Funds Between Federal Programs

Under ESSA, LEAs may transfer funds they receive by formula under certain programs to other programs to better address local needs.

The ESSA amended the transferability authority by changing the programs from and to which an LEA may transfer funds and removing limits on the amount of funds that may be transferred.
An LEA may transfer funds, to better address local identified needs, from the following programs:

- Title II, Part A – Supporting effective instruction
- Title IV, Part A – Student support and academic enrichment grants

ESEA section 5103(b)(2)
An LEA may transfer funds, to better address local identified needs, to the following programs:

- **Title I, Part A** – Improving the academic achievement of the disadvantaged
- **Title I, Part C** – Education of migratory children
- **Title I, Part D** – Prevention and intervention programs for children and youth who are neglected, delinquent, or at-risk
- **Title II, Part A** – Supporting effective instruction
- **Title III, Part A** – Language instruction for English leaners and immigrant students
- **Title IV, Part A** – Student support and academic enrichment grants
- **Title V, Part B** – Rural education

ESEA section 5103(b)
Transferability of Funds Between Federal Programs

Page 60 of the Federal Programs Handbook

• An LEA does not have to apply for transferability authority; it already has that authority (ESSA section 5103(b))

• Notification to GaDOE – 2 options for FY21:
  • Option #1 – notify GaDOE via a CLIP amendment or a new FY21 CLIP (CLIP online and S-CLIP)
  • Option #2 – follow handbook procedures:
    • An LEA must notify the state, in writing (email), of its intent to transfer funds, including the amount, to another program at least 30 days prior to the transfer and prior to submitting the budget for approval. Please send the notification to:
      • Originating program’s manager or designee
      • Receiving program’s manager or designee
      • GaDOE’s Grants Accounting Department
        • Regina Hailey (rhailey@doe.k12.ga.us)
        • Della Kilpatrick (dkilpatr@doe.k12.ga.us)
Transferability of Funds Between Federal Programs

- Funds transferred into *other eligible ESSA programs* are subject to *all rules and regulations* of *that ESSA program*.

- LEAs must draw down funds from the originating program *first*.

- Equitable services requirements are not waived, and timely and meaningful consultation must occur prior to transferring funds from one program into another program.

- LEAs should think about how the transfer of funds will impact any of their required set-asides and the Title I, Part A 85% drawdown requirement.

- RECOMMENDATION: CLIPs should be updated to show the funds transferred and to ensure stakeholders are informed of LEA plans.
Consolidation of Administrative Funds

- The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), allows a local educational agency (LEA) flexibility to consolidate funds for administration of one or more ESSA programs, upon approval of the Georgia Department of Education (GaDOE).

- The authority for the consolidation of funds for local administration is found in ESSA Sec. 8201 and Sec. 8203.
Consolidating federal administrative funds may provide LEAs with greater flexibility in the administration of federal ESSA programs by:

- allowing them to charge administrative costs to an administrative pool instead of assigning specific costs to specific programs.
- not having to keep separate records, but rather do semi-annual certifications for employees whose job duties and responsibilities are allowable, and therefore included, under the consolidated administrative funds requirements.

Consolidation of Administrative Funds

Page 42 of the Federal Programs Handbook

- An LEA must notify the GaDOE of its intention to consolidate administrative funds each school year by August 1. Send the email notification to federalprograms@doe.k12.ga.us.

- The LEA will then complete the Consolidation of ESSA Administrative Funds – LEA Level, School Year 20XX – 20XX form.

- The LEA will attach the fully completed form to the Attachments tab in the Consolidated Application portal for the appropriate fiscal year and complete a Consolidated Federal Administrative Funds budget within the Consolidated Application portal.

- The GaDOE’s approval of the budget will serve as the overall approval of the request.

- If a micro-purchase is questioned, a review of websites would be sufficient to establish the cost as reasonable. (USDE FAQs on 2 CFR Part 200, Subpart D Question 19, March 17, 2016)
- USDE FAQs on 2 CFR Part 200, Subpart D Question 10, March 17, 2016 states that including vendors who are contractors in writing RFPs limits competition.
Capital Equipment Prior Approvals

Prior approval is needed for any individual item purchase over $5,000.00. Use a 700 series object code when budgeting.

Each program manager must approve prior to budget approval; documentation attached to budget in the Con App (program approval form; email from manager, etc.).

Contact your program specialist or manager for specifics.
Section 427 of the United States Department of Education's General Education Provisions Act (GEPA) requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take in order to ensure equitable access to, and participation in, its federally-assisted programs for students, teachers, and other program beneficiaries with special needs. GaDOE will check to ensure a GEPA statement is provided by the LEA each fiscal year.
GEPA 427

LEAs should complete GEPA tab on the portal by October 1.

LEA Coordinator or Superintendent has the ability to enter the response. However, only the Superintendent will submit to GaDOE.
Prayer Certification

LEAs must submit the constitutionally-protected prayer certification and submit to the GaDOE on or before October 01, 2020. Please:

- I, Superintendent of [District Name], having knowledge of the policies of the aforementioned local education agency, hereby certify that the aforementioned LEA does not have a policy that prevents, or otherwise denies participation in, constitutionally protected prayer in public schools. This certification is based on the guidance published in the Federal Register on February 28, 2003.

- I, certify that the LEA has not received any complaints alleging noncompliance with the Guidance since the most recent complaint.

- I, certify that the LEA has received a complaint (or complaints) alleging noncompliance with the Guidance since the most recent complaint.

Please submit the completed Prayer Certification to the Georgia Department of Education (GaDOE) by October 01, 2020.
LEAs must specify in the budget line item description whether the strategy/intervention is supported by a **strong, moderate, or promising evidence base or demonstrates a rationale** that is documented by a logic model on file with the LEA.

- This requirement applies to these budget function codes: 1000, 2100, 2210, 2213, 2400, 2900.
- **Supporting documentation will be reviewed during monitoring visits.**
Parent Notices

**Notice to Parents of Participating English Learners in Title I or Title III Supplemental Language Programs**

- Evidence must include the notification in a format and language the parents can understand.
- Distribution of notification using at least one distribution method.
- Not later than 30 (calendar) days after the beginning of the school year; For newly identified ELs, notify during the first two weeks of the EL being placed in a supplemental language program
- Refer to Section 1112(e)(3)(A) and 1112(e)(4)

- In Georgia, LEAs are required to notify parents in all LEA schools or programs.
- LEA notifications MUST use the language of the law.
- In Georgia, notifications must occur within 30 calendar days from the start of school or upon enrollment.
- LEAs must maintain records of annual notifications.
Parent Notices

Parent 20 Day Notification

When to Send
• Traditional LEAs send notification when teachers do not meet GaPSC certification requirements
• Charter/ Strategic Waiver LEAs
  • Regular Education Teachers: When teachers do not meet LEA PQ requirements (as outlined in annual CLIP application)
  • Special Education Teachers: When teachers do not meet GaPSC certification requirements

Guidance
• Guidance and sample available on PQ webpage of the GaDOE website
• In Georgia, notification requirements apply to ALL teachers in all LEA schools/programs.
• Clearance certificate requirements are not subject to 20 Day Notification.
• 20 Day Notifications are not required for paraprofessionals and substitute teachers.
• In Georgia, notifications must occur within 10 business days following the four consecutive weeks.
Educational Flexibility (Ed-Flex)

- Ed-Flex is a tool to help states pursue innovative ways to improve achievement levels for all students.

- States with Ed-Flex authority can help LEAs focus on ideas and solutions in a timely manner by having the Ed-Flex authority in place when they plan (i.e., within the CLIP).

- With Ed-Flex authority, a state doesn’t have to request individual waivers from ED, with the associated review and response delays.

- Additional information is [here](#).
FY20 Waivers and Flexibility – School Closures

• Carryover limitations waived by program (FY20 carryover into FY21)

• Period of availability for FY19 funds

• Title IV, Part A – FY20 formula grant awards will remain open for 27 months. A completion report will be submitted at the end of the 27-month period (instead of the 15-month period).

• Title IV, Part A – FY20 budget and expenditures by content area; limitation on % of funds for technology equipment.

• Indirect cost rates - LEAs will continue using their current FY20 Restricted Indirect Cost rates from July 1, 2020 through September 30, 2020 on allowable 2020 federal grant award expenditures. An LEA can choose to waive the requirement to amend their budget for the 2020 grant award to apply the FY 2021 indirect cost rate to the July-September expenditures. The 2021 federal grant awards will use the FY 2021 rates from July 1, 2020 to June 30, 2021 period of availability.

Schoolwide Plans

- Schoolwide plans must include all contributing programs. Schoolwide plans will include specific actions/interventions for carrying the intent and purpose statements of all consolidating programs and school specific priorities.

- LEAs and schools may use their own plan templates that meet the needs of the district and school but must include all required schoolwide components.

- Schools are not required by ESSA to prepare the Schoolwide plan in isolation and are, in fact, welcome to merge the plans required by the LEA and/or other funding sources as long as the required schoolwide programs are addressed.

- It is recommended that if a schoolwide plan contains activities/interventions from other funding sources that this is easily distinguishable in the plan.

- A copy of the review checklist is available online. The schoolwide plan checklist is not required to be submitted; however, a process for how LEAs monitor planning and implementation is required.

Supplement Not Supplant
Supplement Not Supplant
Title I, Part A

• **Reminder**: Supplement Not Supplant (SNS) is no longer determined at the school expenditure level for Title I, Part A.

• Supplemental activities are determined at the district level where there must be a methodology demonstrating non-federal funds (state and local funds) are distributed to all schools across the district in a predetermined and equitable manner, so that federal funds have the opportunity to make a difference.
Supplement Not Supplant

• Equitable distribution of non-federal funds (state and local) requires that:

  o Title I school funds can only supplement the amount of funds that would, in the absence of Title I funds, be available from non-federal sources including funds needed to provide services that are required by law for children with disabilities and English Learners.
    ESEA Section 1118(b)(1)

  o The basic funding of an LEA’s schools must be Title I neutral (without consideration of Title I, Part A funds)
What Is A Resource Allocation Methodology/Plan?

• A Resource Allocation Methodology/Plan (RAM/P) is an individualized and a locally developed document that explains how an LEA plans to equitably allocate its state and local funds to operate all the schools in the district. For practicality, only expenditures that directly affect instructional practices in a school will be considered.

• No federal funds should be included in these calculations in order to allow the LEA to demonstrate that it is meeting all supplement not supplant regulations regarding dispensing federal funds at the school level.
Guidance on Resource Allocation Methodology/Plans

• “Are there LEAs that, in whole or in part, do not need to have a methodology (RAM/P) to comply with ESEA section 1118(b)(2)?”

• “Yes” and will only apply in the following scenarios:
  o An LEA need not have a RAM/P to comply with ESEA section 1118(b)(2) if it has -
    a. One school;
    b. Only Title I schools; or
    c. A grade span that contains only:
       • a single school,
       • non-Title I schools, or
       • only Title I schools
Guidance on Resource Allocation Methodology/Plans

- The Georgia Department of Education (GaDOE) recommends the development of a RAM/P by all LEAs to efficiently monitor equitable funding at all schools and to facilitate the use of alternate comparability compliance, when necessary.

- The United States Department of Education has released non-regulatory guidance on **Supplement not Supplant**

- Attach the FY21 RAM/P to the General Attachments Tab in the Consolidated Application by July 1

  o Please refer to the FY21 Title I Budget Review Checklist located under “Other Resources” webpage on the GaDOE Federal Programs, Title I, Part A Web site for a complete list of required attachments

• Title I Education Program Specialists may request a school’s SWP/TAP plan be uploaded for review if additional information is required to support budgeted items if not completed within the SLDS platform
Title I, Part A
Navigating the Consolidated Application
Source of Budgeted Funds

• The FY21 official allocation for the LEA will appear in the ConApp when each program is added

• The FY21 allocation is made up from:
  o FY21 Title I, Part A allocation
  o Transferred funds from Title II or Title IV (if applicable)
  o FY20 “LEA” Title I, Part A carryover amounts (will be added after Completion Reports are finalized - usually not until November)
Title I, Part A Carryover

- LEAs may carry over up to 15% of unspent Title I funds from the prior year.
- Generally, LEAs that have exceeded the 15-percent carryover limit can request a waiver every three years. Georgia has received approval of a waiver request to ED to remove the 15% carryover threshold with FY20 Title I, Part A funds.
- LEAs will not need to submit a waiver request since all unspent FY20 Title I, Part A funds will be automatically carried over, after the FY20 Completion Report is submitted.
Maintenance of Effort

• Maintenance of Effort (MOE)
  o An LEA must meet MOE per ESEA Sections 1118 and 8521
  
  o Aggregate MOE for each fiscal year (FY18 and FY19) has been pre-populated
  
  o Amount for the fiscal year ending June 30, 2019, must be at least 90-percent of amount for fiscal year ending June 30, 2018
  
  o If the LEA fails to meet this requirement for one or more of the five immediately preceding fiscal years, allocation funds will be adjusted for all ESEA programs (Section 8521)
Maintenance of Effort

- Maintenance of Effort (MOE)
  - Currently, all LEAs have MET MOE for FY21.
  - An MOE waiver (located on the Title I website) is provided for charter schools that were not in existence during the comparison years.
  - The FY21 MOE Report will be located in the Consolidated Application.

Set-Asides
District Set-Asides

• **Set-asides are for district level activities only**
  These items/initiatives are budgeted first (before funds are allocated to Title I schools)

• Some set-asides are *required*, and others are *optional*

• Activities that are included in the set-asides must be charged to the district’s facility code – for most districts this is 8010
  
  o Providing additional school level staff, technology, materials, and/or supplies to Title I schools should be through the school allocation and not district set-asides. Placing school level initiatives as a set-aside could cause a school to be served out of rank order
District Set-Asides

• The set-aside page and the school allocation page link to one another, but do not link to the budget detail page.

• The total amount of the set-asides plus the total amount allocated to schools on the school allocation tab must equal the district’s FY21 allocation.

• There must be no unallocated funds.

• If a required set-aside is not applicable, the set-aside must be listed, with zero dollars, and a statement must be included indicating why a set-aside is not applicable.
  
  o Example: N&D Set-aside: There are no N&D programs or schools in the district. The district does not receive a set-aside.
Set-Asides Tab – Required Section

This is a work section to indicate administrative funds that will not be a part of the per pupil allocations. These funds must be budgeted in the current fiscal year’s budget, on the appropriate budget detail page as earmarked.

Add Custom Set Aside
Required District Set-Asides

• Neglected and Delinquent Children (N&D) Set-Aside
  o The amount of the set-aside must be equal to or greater than the amount listed on the GaDOE FY21 allocation sheet

• Homeless Set-Aside
  o All LEAs are required to set-aside funds to address the needs of homeless children
  o LEAs must identify one of four methods used to determine the set-aside amount
    • Identify homeless student needs and fund accordingly
    • Obtain a count of homeless students and multiply by the district’s Title I, Part A per-pupil allocation (PPA)
    • Reserve an amount greater than or equal to the district’s McKinney-Vento subgrant request
    • Reserve a specific percentage of the district’s poverty level or its Title I, Part A allocation
  o Explain the method used to determine the set-aside amount and show the calculation in the Consolidated Application set-aside description
Required District Set-Asides

• 1% Parent and Family Engagement Set-Aside
  
  o A district with a Title I, Part A allocation greater than $500,000 must reserve at least one percent of its allocation for parent and family engagement activities

  o If a transferability option is utilized, the 1% Parent and Family Engagement set-aside must be recalculated to reflect the increase in the Title I budget if the total amount including transferred funds exceed $500,000

  o If the LEA is a Consolidation of Funds (CoF) district, the 1% may be included in the CoF for each participating Title I school

  o At least 90 percent of the required one percent set-aside must be distributed among the district’s Title I schools unless a school or all schools in the district decide to use their share of the reservation to support a district-level activity for parents
Required District Set-Asides

• 1% Parent and Family Engagement
  o If a school or all schools decide to give their share to support a districtwide activity the **Districtwide Parent Activity - Project Assurance** form, signed by each participating principal, must be attached to the Title I Attachments tab of the Consolidated Application
  o If 90 percent of the total one percent required set-aside is being distributed among Title I schools, the amount distributed for each school should be indicated in the **Parent Involvement column** on the School Allocation page
  o This column should **only** include parent and family engagement funds that are distributed from the required **one percent set-aside**. Any additional parent and family engagement set-aside funds, or the parent and family engagement funds that schools use as part of their school allocation, should **not** be included in this column

Note: Keep documentation (expenditure details) of the calculation for carryover on file for monitoring
Required District Set-Asides

• Additional Parent and Family Engagement Funds

  o Parent and family engagement district set-aside expenditures should be budgeted in function code 2100 and expended at the district level (8010)

Reminder: Parent and family engagement funds being budgeted as a part of the school’s allocation must be budgeted in 2100 and charged to the school’s facility code.
Required District Set-Asides

• Private School Equitable Services Set-Aside

  o Use the FY21 Title I Private School Proportionate Share Calculation Spreadsheet to assist in writing the description. (See next slide for data to be used for description.)

  - When rezoning or the opening of a new school occurs in an LEA:
    - The LEA must track each student from the “old” school using the enrollment data (October 1, 2019 FTE Count) and poverty data (FRL) from October 2019 to the student’s “new” school
    - Or
    - Wait and use the FY21 October FTE count (October 6, 2020 and FY21 FRM data (October 2020)
  - Attach supporting documentation for such changes to the Title I Attachments tab:

• Rezoning and CEP
  o As with schools using FRL data, when rezoning or the opening of a new school occurs in an LEA, the LEA must ensure that the direct certified FRL data reported for the schools is accurate.
  
  o The School Nutrition office at the GaDOE has developed a mechanism to assist LEAs that are rezoning schools or opening new schools. LEAs that are rezoning schools or opening new schools should consult with their LEA School Nutrition office to receive updated data for CEP.
  
  o Attach supporting documentation to the Title I Attachments tab for such changes:
    ▪ Narrative explaining the re-zoning process
    ▪ Eligible Attendance Area Worksheet indicating changes must be attached
    ▪ FTE enrollment data
    ▪ Revised CEP Data Form for Title I

Public School Allocations

• **Per-Pupil Amount (PPA)**
  - Must allocate funds to schools in rank order or rank order by grade span grouping
  - Schools above 75-percent poverty must be ranked and served first, even if grade span grouping
  - ESSA Section 1113(a)(3)(B) - LEAs **MAY** serve high schools above 50% poverty as part of the above stated 75% threshold grouping
  - All attendance areas with 35-percent or greater poverty or which are above the average poverty for the district may be served
  - Must indicate amount allocated per poverty child
  - Re-check the poverty percentage and rank order to verify that no schools were skipped
Public School Allocations

- Rank order option for schools using CEP that have poverty rates at 100%
- The district **may** group these schools as a separate “grade span” and use the 1.0 percentage of poverty prior to determine rank order within this group alone

125-Percent Rule

• If an LEA serves any school below 35 percent poverty, section 1113(c)(2)(A) of the ESEA requires the LEA to allocate an amount for each low-income child in each participating Title I school that is at least 125 percent of the LEA’s allocation per low-income child

• An LEA’s allocation per low-income child is the LEA’s total Title I allocation before any reservations divided by the number of public school and private school low-income children in the LEA
125-Percent Rule

• If schools with less than 35-percent poverty are served, calculate participating school allocation:

District allocation divided by number of low-income children (public and private) in the district times 125-percent. The district must allocate at least this amount per low-income child in every school being served.

Formula

District Allocation ÷ Total District Free/Reduced Count = Per Pupil Amount

Per Pupil Amount X 1.25 = Minimum Per Pupil Amount
Public School Allocations

• **Type:** List schools as Schoolwide Program (SWP) or Targeted Assistance (TA) Program if receiving Title I funds, or N&D programs. All non-Title I schools in the district are listed as None (accuracy is very important).

  o Schools listed as SWP must have been SWP prior to FY20 or have an approval letter from the Title Programs Division on file at the district

  o **THIS PORTION OF THE SCHOOL ALLOCATION TAB MUST BE COMPLETED (NOT NECESSARILY SUBMITTED) NO LATER THAN SEPTEMBER 18, 2020**

• **Staff:** The number of staff **paid** with Title I funds (reported in whole numbers, not fractions or FTE) should match budget detail. The “Other” staff column include school-level staff other than teachers or paraprofessionals. “Other” positions must be defined in the budget. Job descriptions may be requested to be attached to the Title I Attachments tab for clarification.

• Schools that are consolidating funds do NOT need to include the number of federally paid staff.
Public School Allocations

• **Estimated Participants**
  o **TA:** Estimated number served in reading and/or mathematics
  o **SWP:** Must serve both reading and mathematics; number of participants must equal total school enrollment minus pre-kindergarten
  o **N&D programs:** Estimated number served in reading and/or mathematics

**Special Note:**
Schools may serve subjects other than reading and math with Title I funds. Our requirements include only reporting reading and math. Any subject served must be identified in the District/School CNA and District/School Improvement Plan(s).

Title I, Part A
Budgeting Details
Budget Details

• All budgeted items must be based on a comprehensive needs assessment and be adequately addressed in the CLIP and School Level Plans (SWP, TA or SIP)
  o Schools’ identified needs and their plans drive the budget
  o LEAs and their Title I schools must be able to justify that all expenditures are directly related to the needs assessment
  o The plans/budget must include an instructional program for each Title I school being served based upon the identified needs
Budget Details

• All costs must:
  • Be allocable, reasonable & necessary
    - Supplement Not Supplant addressed via RAM/P
  • Conform with grant’s terms
  • Be legal under federal, state and local law; be consistent with federal, state, and local policies and procedures that apply to the grant
  • Be consistently treated concerning identification as a direct or indirect cost; cannot charge direct costs to a program if similar charges are indirect under state programs
  • Be in accordance with Generally Accepted Accounting Principles (GAAP)
  • Not used to meet cost sharing or matching requirements of any other grant program
Budget Details

• Costs Must be Necessary and Reasonable
  o Must be necessary for the performance or administration of the grant or follow sound business practices
  o Fair market prices
  o Act with prudence under the circumstances
  o No significant deviation from established prices
  o An identified need and written in plans
  o Practical aspects of necessary
    ▪ Do I really need this?
    ▪ Is this the minimum amount I need to spend to meet my need?
  o Practical aspects of reasonable
    ▪ Do I have the capacity to use what I am purchasing?
    ▪ Did I pay a fair rate?
    ▪ If I were asked to defend this purchase, would I be comfortable?
Budget Details

• Questionable expenditures may need further explanation during the approval process

• LEAs requesting to use Title I funds for field trips must submit an Educational Field Trip Budget Approval form to the LEA’s Title I program specialist for approval prior to budgeting the field trip. The approval form must be attached to the Title I Attachments tab

• The Budget Detail pages are not linked back to either the Set-Asides tab or the School Allocations tab

• There should be no un-budgeted funds
Budget Details

• Do not budget items for capital expense (object code in the 700 series) unless prior approval has been obtained from the Title I program manager.

• A copy of the capital expense prior approval communication from GaDOE (Title I program manager) must be attached to the Title I Attachments tab.
Budget Details

• Districts have the option to budget expenditures by individual schools or by combining schools by grade spans for one-line item. However, it should be evident in the budget detail how the funds are to be used and for which school(s).

• Districts that combine schools together in detailed expenditure entries should provide one of the following:

  o Very detailed descriptions delineating each school’s amount

  o A copy of each school’s budget attached to the Title I Attachments tab
Budget Details

• Title I employee benefits may be combined into a single line item rather than being entered separately for every category and function
  o Benefits would be combined and listed under Object Code 200
  o Budget separately by function 1000, 2210, 2213, 2230, etc.
  o Each function entry must list the specific benefits included (i.e. FICA, TRS, state health, dental, vision, life insurance)

GOOD PRACTICE
Keep documentation on these expenditures to verify amounts budgeted for monitoring and/or auditing purposes
District Set-Asides

Title I recommends, as a best practice, to use the exact titles (all caps) to consistently name set-asides and add to the beginning of budget detail descriptions.

- **Required Set-Asides:**
  - N&D SET-ASIDE:
  - HOMELESS SET-ASIDE:
  - 1% PARENT INVOLVEMENT SET-ASIDE:
  - PRIVATE SCHOOL EQUITABLE SERVICES SET-ASIDE:

- **Optional Set-Asides:**
  - ADMINISTRATIVE SET-ASIDE:
  - ADDITIONAL PARENT AND FAMILY ENGAGEMENT SET-ASIDE:
  - PARENT AND FAMILY ENGAGEMENT CARRYOVER SET-ASIDE:
  - INDIRECT COST SET-ASIDE:
  - AUDIT COST SET-ASIDE:
  - PRIVATE SCHOOL EQUITABLE SERVICES CARRYOVER SET-ASIDE:
  - EXTENDED LEARNING SET-ASIDE:
  - PROFESSIONAL LEARNING SET-ASIDE:
  - SCHOOL IMPROVEMENT INITIATIVES SET-ASIDE:
  - SUPPLEMENTAL EL LANGUAGE SUPPORT SET-ASIDE:
  - FOSTER CARE TRANSPORTATION SET-ASIDE:
  - CONSOLIDATION OF ADMINISTRATIVE FUNDS SET-ASIDE:
Budget Details

• Check budget details to be sure that the correct amount for each set-aside appears and is clearly labeled in the budget along with the appropriate function and object code.

• Clearly identify each set-aside at the beginning of the description in the budget detail.
  - **Adequate Examples:**
    - N&D SET-ASIDE: After school tutoring for the children at Flowering Branch Children’s Shelter
    - PROFESSIONAL LEARNING SET-ASIDE: Differentiated Instruction training for all the Title I schools in district
    - PRIVATE SCHOOL EQUITABLE SERVICES SET-ASIDE: St. James: After school tutoring
  - **Inadequate Examples:**
    - After school tutoring
    - Homeless transportation
Budget Details

• Be mindful of the following:

  o Instructional coaches – where budgeted (district set-aside vs. school allocation)

  o Instructional coaches used in TA programs
    ▪ Must be necessary and reasonable
    ▪ Must also be able to document that the coach works only with those teachers who teach Title I served students

  o Gifted or Advanced Placement training without consideration of how the strategies will be used to support the at-risk students

Prior to Budget Submission

• The Title I Budget Review Checklist is located on the Other Resources webpage on the Title I Website.

• The checklist details what items are needed for budget submission.

• Using the Title I Budget Review Checklist to review budget BEFORE submission is strongly recommended.
Prior to Budget Approval

- Must have an approved CLIP

- All outstanding audit and monitoring findings must be cleared. This includes any audit findings for School Nutrition Program (SNP)

- The budget may be held if there are unresolved complaints about the LEA

- The state homeless coordinator must review the homeless set-aside to ensure compliance
Schoolwide Consolidation of Federal Funds (Fund 400)

- Attach the Schoolwide Program (Fund 400) worksheet to the Program Information tab within the schoolwide application

- Be sure the budget From Program and To Program columns indicate that the funds have been moved from Title I, Part A to Schoolwide Program

- If this has not been done, the funds will not move to the Schoolwide Program budget
  - Object code 881 must be used with any function code for moving funds to Schoolwide Consolidation of Funds
Schoolwide Consolidation of Federal Funds (Fund 400)

• The total amount of funds moved to Schoolwide Program must equal the total allocation of the schoolwide schools

• Parent and Family Engagement funds distributed to Title I schools from the district set-aside are not consolidated in Schoolwide Program (Fund 400)
REMEMBER!

• All Title I, Part A expenditures and services must:
  o Be addressed in the school/district comprehensive needs assessment, CLIP and Title I plan(s) [SWP, TAP, or SIP]
  o Provide an instructional program for each school being served
  o Address the academic needs of the students at-risk of failing state academic assessment in the school/district
  o Be supplemental, allowable and allocable
  o Be reasonable and necessary
  o **August 18** is the due date for the Letter of Intent for a school to become Schoolwide in FY22.
Budget Considerations
Parent and Family Engagement

• **Technology Training**: Funds for technology training to assist parents in learning how to use the Internet to communicate with the school, access the parent portal including the Statewide Longitudinal Data System (SLDS), or use other online student academic achievement resources (may include education about the harms of copyright piracy)

• **Technology Resources**: Funds for technology resources or software used to assist schools in better communicating with parents regarding Title I information
Budget Considerations
Parent and Family Engagement

- **Transportation and Childcare**: Funds for transportation and childcare to enable Title I parents to participate in Title I school-related meetings and training sessions (e.g., Annual Title I Parent Meeting)

The Title II, Part A allocation formula changes due to

- Change in state hold harmless percentages as outlined in ESSA
- Annual congressional budget approval
- Annual adjustments to US Census Data
- Annual adjustments for the opening and closing of charter school LEAs

- Many LEAs that consolidate funds, transfer Title II, Part A funds prior to consolidation. In order to prevent loss of funds in the carryover process, please reach out to the program specialist in the receiving grant to discuss carryover limitations.
- Reach out to Title II, Part A specialists with allowability questions

How do you know when you are supplanting?

- Funds made available under Title II, Part A shall be used to supplement and not supplant non-Federal funds that would otherwise be used for activities authorized under Title II, Part A (Sec. 2301)

- When determining whether or not an expenditure would create a presumption of supplanting, the LEA should consider these questions:
  - Is the program or activity that the LEA wants to fund required under state, local, or another federal law? If it is, then it is supplanting.
  - Were state or local funds used in the past year to pay for the program or activity? If they were, it is supplanting.

Title II, Part A Budget Attachment: Class Size Reduction (CSR)

Is Class Size Reduction still an option?

• Title II, Part A funds used to implement CSR must supplement non-federal funds that would otherwise be used to reduce class size.

• Class Size Reduction is one of many strategies an LEA might implement to address needs in student academic achievement.

• If LEA is considering using Class Size Reduction as a strategy, the evidence-base level must correspond to the grade span and/or content area to which the LEA is reducing class size. The evidence-based level must be provided in the LEA’s DIP and/or budget description.
FY21 Federal Programs Budget Planning
Title II, Part A Budget Attachment: Class Size Reduction (CSR)

- CSR Teachers must be supplemental to those required by State Board rule 160-5-1-.08, Class Size, or class size maximum officially established by Charter LEAs or Strategic Waiver School Systems
- Documentation (submitted as attachments in the Consolidated Application) to verify Title II, Part A funds expended to reduce class size are supplementing non-federal funds
  - FY21 Class Size Reduction Workbook
    - Appropriate worksheet (Self-Contained Classes or Departmentalized Classes) completed for each school implementing CSR
  - Master schedule in chart format for schools implementing CSR
    - Title II, Part A – elementary, middle, and high schools
  - Official verification of LEA established class size maximums (2020-21) for Charter LEAs and Strategic School Waiver Systems

Title II, Part A Budget Updates

• Budget Attachment: Prioritization of Funds to School Level for CSI/TSI schools only
• Equitable Services Calculations
• Professional Development Definition
• Administrative Costs
• Indirect Cost Calculations
• Data Collection Forms
## PRIORITIZING FUNDS – 2102 (b)(2)(C)

All LEAs must prioritize Title II, Part A funds to schools that are (1) state identified [comprehensive (CSI) and /or targeted (TSI)] AND (2) which have the highest poverty.

*LEAs may budget other funds to achieve these requirements, however this must be documented prior to budget approval.*

## PRIVATE SCHOOLS – 2101(d)(2)(l) and Sec. 8501

The LEA must comply with providing equitable services to private schools located within the LEA’s **geographic boundaries** for Title II, Part A.

*Each LEA’s private school calculations for equitable services are located on the Ombudsman webpage. No Budget Attachment Needed.*
## FY21 Federal Programs Budget Planning
### Title II, Part A Budget Attachment: Prioritizing Funds to School Level

Under ESSA Section 2102, LEAs must use a portion of their federal dollars to address gaps in equity and support schools identified by states for improvement. As of December 2018, in consultation with USDE, Accordingly, an LEA must prioritize funds to schools served by the agency who are state identified as [Comprehensive Support and Improvement (CSI)/Targeted Support and Improvement (TSI)]. However, an LEA has discretion in how it prioritizes to these schools. For example, an LEA might allocate all or part of its Title II, Part A funds only to CSI schools, or to CSI and TSI schools, because those schools have the greatest need for Title II, Part A funds to improve academic achievement. On the other hand, an LEA might look at the needs of CSI and TSI schools, consider all the funds from various sources available to meet those needs, and determine that, due to other available resources, a CSI or TSI school does not need priority for Title II, Part A funds. This would then make the Title II, Part A funds available to other priority schools in the LEA. Specifically, LEAs should prioritize funds to increase student achievement and provide low-income and minority students greater access to effective teachers. In Georgia, LEA's must demonstrate this prioritization for CSI and TSI Schools with budget submission. There is not one method for determining allocations. LEAs should choose a methodology that most closely aligns with the LEA’s needs and resources and still in compliance with the law. Sample rationales are located on the next tab.

• See your GADOE ESOL QBE Allocation Sheets
How do we know if we received a Title III, Part A allocation?

- Title III, Part A statute requires states to award Title IIIA subgrants ≥ $10,000 to school systems.

- This year, based on the March FTE EL student count, LEAs need at least 84 EL students to qualify for the $10,000 minimum award.

- Check the Grant Award Notification (GAN) section of the Consolidated Application (ConAPP) in the Portal.

**STEP 1:**

**Language Instruction for Limited English Proficient and Immigrant Students**

**Note:** The LEA's ESOL program to be described in Question 1 is NOT the LEA's Title III-funded program, as described in Questions 2 through 5. The ESOL program **must not** rely upon federal funds and must be: 1. Based on sound educational theory, 2. Adequately resourced and 3. Periodically evaluated for success. ([Castañeda v. Pickard, 1981](https://example.com))

1. **STATE-FUNDED CORE LANGUAGE PROGRAM.** Describe the LEA's state/locally-funded ESOL program, activities and materials. [Sec. 3121(a)(1)] For LEAs in which schools are consolidating Title III funds, the entirety of the language support program (federal, state and local) will be described here.
Question #1: The ESOL Language Program

- Describe the LEA’s state & locally-funded ESOL Language Program, activities and materials. [Sec. 3121 (a)(1)], not Title IIIA!
  - Include information on how the LEA is meeting the 10 OCR Requirements for ESOL.
    - Do not include information on the Title IIIA program in Question #1.
    - **NOTE:** All Title IIIA program budget items will be described in Questions #2 - #4.
  - LEAs consolidating Title III funds must describe the entire schoolwide (federal + state + local) language instruction educational program (LIEP).
Question #1 Continued:

• Include in this response the number of ESOL personnel funded (fully or partially) through state & local QBE funds.

• A number must be entered even if it’s a zero (0).
  • # of ESOL teachers
  • # of ESOL coaches, if any
  • # of district level ESOL support staff, if any (e.g. interpreters, translators, admissions staff, counselors, etc.)
Your ESOL Program should...

…fulfill the LEA’s legal obligation under Title VI of the Civil Rights Act of 1964 and the Equal Educational Opportunities Act (EEOA):

1. Identify & assess potential EL students in a timely, valid, and reliable manner (this includes WIDA Screeners)

2. Provide EL students with an educationally sound and successful ESOL language program
Your ESOL Program should...

3. Provide sufficiently well-prepared and trained staff and support for the ESOL language program

4. Ensure that EL students have equal opportunities to meaningfully participate in all curricular and extracurricular activities

5. Avoid unnecessary segregation of EL students
   (Per OCR, LEAs must carry out chosen EL program in the least segregated manner consistent with achieving the programs’ stated educational goals.)
Your ESOL Program should...

6. Ensure that EL students who have or are suspected of having a disability under IDEA or Section 504 are identified, located, and evaluated in a timely manner & that the language needs of EL students with disabilities are considered in evaluations and delivery of services.

7. Meet the needs of EL students whose parents opt them out of ESOL
Your ESOL Program should...

8. Monitor & evaluate EL students in ESOL to ensure their progress towards English proficiency and grade-level content standards (this includes administration of the yearly ACCESS assessment)
   • Exit EL students when they meet the state and LEA’s exit criteria
   • Monitor exited EL students to ensure they were not prematurely exited and to remedy any academic deficits
Your ESOL Program should...

9. Evaluate the effectiveness of the LEA’s ESOL program to ensure EL students are acquiring English proficiency and the program is reasonably calculated to allow EL students to attain parity of participation in the standard instructional program within a reasonable period of time.

10. Ensure meaningful communication with limited English proficiency parents.

Legal Obligations

ESOL & Title III, Part A Differences
• Title III funds **cannot** be used to fulfill an LEA’s obligations under Title VI & EEOA to provide a language instruction educational program to all ELs, that is educationally sound and has been proven successful.

• Title III **may not** fund anything that is required under other Federal, state, and local public funds.

• Therefore, Question #1 is very different from your answers to questions #2, #3, and #4.

Step #3: Building the Budget
Budget Tips:

• Follow all guidelines in the *Federal Programs Handbook* and in today’s *Overarching Budget Training*

• Use State Function & Object Code descriptions

• Remember to include resources necessary to implement the *EL Program Plan* as indicated in the *CLIP* Action Steps in order to meet identified EL students’, teachers’ and families’ needs.

• Collaborate with other federal programs to coordinate and braid funds, when possible.
Grant Administration

• Calculate **2%** of the *original FY21 allocation*
  • Must round down in order to not exceed 2%
  • Does not apply to Indirect Costs
• Direct admin costs include:
  • Costs related to directly administering and managing the grant.
  • Cost of Title IIIA Director’s participation in conferences and trainings focused on managing a federal grant
  • Audit cost, when applicable.

Critical Updates—FY20 Budget

FY20 budget to remain open until September 2021

- Waivers applicable to meet evolving needs
  - CLIP amendments not required
  - “20/20/Portion”
  - 15% cap on infrastructure
- Maintain clarity between FY20/FY21 accounting
- Facilitate Equitable Services—no need to request carryover
- Funds expire 9/2021
- Includes funds carried from FY19

- Completion Reports may be submitted once 100% of funds are expended

**Title IV, Part A - Flexibility Waivers Approved by the U.S. Department of Education**

In April 2020, the U.S. Department of Education (ED) approved Georgia’s waiver requests based on flexibilities outlined in the CARES Act. This request directly impacted the Title IV, Part A grant in that statutory minimums and expenditure caps were waived for FY20. Due to these flexibilities that apply only to the FY20 grant, LEAs will keep this grant open and wait to submit a completion report on October 31, 2021. This will allow the district to continue to expend the funds with the approved flexibilities that apply only to the FY20 grant through the period of availability – September 2021. This adjusted process should not interfere with the district’s internal fiscal year closeout responsibilities.
Critical Updates—FY20 Budget

FY20 funds must be allocable and allowable to the grant

- Improving student academic achievement
  - CARES vs IVA
- Assigned a Focus Area
- Budget Summary Workbook required *(Pending Con App enhancements)*
- FY19 Carryover Workbook required (for LEAs that have not submitted it—see Area Specialist)
- Program Monitoring/Effectiveness Measurement data required *(Pending Con App enhancements)*
- Completion Reports may be submitted once 100% of funds are expended

- FULL vs Partial CoF**
Critical Updates—FY20 Budget

Information communicated to finance directors

- There will be two different Title IV, Part A grant awards that are operating simultaneously in the same grant award period and fiscal year.

- School systems should either implement the flip-funds process or another mechanism to ensure the grant award activity is not comingled.

- Expenditures charged to each grant award must be identified separately.

Questions
Next Session: Title I, Part C
Title I, Part C
Education of Migratory Children

Margarita Munoz, Region 1 MEP Coordinator
Marisela Trejo, Region 2 MEP Coordinator
Title I, Part C
Education of Migratory Children

The Title I Part C is a unique Federal Program

Funds are allocated from USDE to GaDOE to meet the unique educational needs of migratory students that result from the effects of their migratory lifestyle, and those other needs that are necessary to permit these students to participate effectively in school, as identified through the comprehensive Statewide needs assessment.
Title I, Part C
Education of Migratory Children

The GaDOE:

• manages the program and is deeply involved in all aspects of MEP implementation in direct funded LEAs and the consortium.

• is held accountable for everything having to do with services to our eligible MEP participants (preschool, K-12 enrolled, out-of-school youth and dropouts)

• ensures that MEP funds are used to close the achievement GAP and ensure that ALL migrant participants meet academic proficiency levels on state assessments and/or local assessments.
Migratory Children are Title I Students and May Qualify for other Title programs
Coordination of MEP Services

• By coordinating with other programs, the MEP ensures that the needs of migrant children/youth are met through a variety of sources in a way that it *leverages other program funds and optimizes the use of MEP funds* for the unique needs of ALL migrant participants.

• Making use of CARE’s ACT funding that supports at risk student populations and including MEP participants.
Title I Part C: MEP Funds

- Allocations for LEAs are formula based
- LEAs with larger migrant participant counts and allocations receive funds directly
- LEAs with smaller participant counts and allocations of less than $15,000 are part of the MEP consortium
- Abraham Baldwin Agricultural College (ABAC) is the MEP consortium fiscal agent
MEP Budget

• The migrant students’ unique needs identified during the CNA process are the driving force behind the budget.
• The budget must address the academic needs of preschool children, K-12 students, out-of-school youth (OSY) and drop-outs (DO) through the implementation plan.
• Local programs must reflect their local demographics, i.e., if 70% of migrant participants are OSY, the LEA should plan for the bulk of their services and expenditures to be allocated toward serving the needs of OSY.
• Budget and documentation requirements are very similar to Title I, Part A.
Budgeting Hints

1. Personnel: List each MEP funded employee in a single line, specifying:
   - Position (SSP, recruiter, cert. teacher, contracted tutors)
   - Part-time or full-time and rate of pay
   - Location of services (school, homes, labor camps etc.)
   - MEP participants to be served
     - Recommended Function Codes: 1000/2100
     - Recommended Object Codes: 110/140

   - Pre-approval for hiring certified staff
     Approval for certified staff approval form

   - Don’t forget to budget for each employee’s benefits (combined line or separate)
     - Recommended Function Codes: 1000/2100
     - Recommended Object Codes: 210/220/230/260...290
Budgeting Hints

2. Identification and recruitment (ID&R) and tutorial travel

• Include a budget line item for specific travel:
  • To travel between schools to provide migrant participant tutoring services
  • For ID&R activities, such as “travel for paraprofessionals to identify and recruit eligible participants

  • Recommended Function Codes: 1000/2100
  • Recommended Object Codes: 580
Budgeting Hints

3. Supplies
• Include detail for allocability to the grant and purpose. Words like “such as”, “among others”, “include,” “etc.” cannot be used.

• Fill out the “Reasonable and Necessary Form” before allocating funds for technology projects/equipment over $5,000 and submit it to the regional coordinator for approval.
  • Recommended Function Codes: 1000/2100
  • Recommended Object Codes: 610/612/615

Reasonable and Necessary Form
4. Migrant Parent Advisory Council (PAC) & MEP Parental Engagement Activities

*Based on the LEA’s plans for the 20-21 school year, this may not need to be budgeted if virtual engagement is being planned.*

- Include funds for migrant PAC and parental engagement activities, food (light refreshments preferred) when meeting spans mealtimes, and supplies (specify all supplies needed for these meetings)
  - Recommended Function Codes: 2100
  - Recommended Object Codes: 595
- Transportation for parents or students to attend parent engagement activities, MEP programs and regional and state PAC meetings
  - Recommended Function Codes: 2100
  - Recommended Object Codes: 300/580/595
Budgeting Hints

5. Professional Development (costs should be reasonable and necessary and must be connected to the local CNA)
   • Specify the names of professional workshops/conferences (virtual opportunities are acceptable)
     • Specific local professional learning and training opportunities should directly address migrant student/participant needs as well as provide training for MEP staff in their instructional duties and responsibilities
     • Registration costs should be addressed separately under object code 810
       • Recommended Function Codes: 2210 or 2213
       • Recommended Object Codes: 580

Does the conference/workshop’s agenda provide migrant specific professional development opportunities that are aligned to the MEP goals of reading, writing and math?
6. Limited Emergency Medical, Dental, & Eye Services
   • Some medical expenditures are allowable based on reasonable & necessary circumstances when no other programs can help the child and the matter is directly related to the student’s academic achievement or keeping him/her from attending school
     • Recommended Function Codes: 2100
     • Recommended Object Codes: 595

7. Summer Programs (TENTATIVE)
   • Plan for coordination with other school programs or agencies; funds may be used for teachers/tutors, space, transportation, registration fees, and supplies
     • Specify if funds are used for facility based, home based programs, or partner agencies
Budgeting Hints

8. Services to Out-of-School Youth and Drop-outs
   • Staff and travel expenses to provide services outside the regular school day and at various locations
   • Instructional lessons & books
   • Health education materials – educational delivery component is required

9. Services to Preschool Children

   • Preschool educational materials, EXITO materials, etc.
Budgeting Hints

10. Other Allowable Expenditures:
   • After-school programs or Saturday programs
   • Printing of Georgia MEP publications and materials
   • Cell phones for 100% MEP funded recruiters/SSPs who travel outside the school building regularly for home visits and recruitment (LEA must have cell phone policy)
   • Transportation to send selected migrant youth to summer camps funded by GaMEP
   • Transportation to attend MEP college events
   • Audit cost and indirect cost
Meals and Snacks for Migrant Participants

- There are many programs available through Federal School Nutrition

- In general, Title I, Part C funds are not to be used for food for participants

- There are rare exceptions and each case is addressed individually with the regional coordinator and program manager

- Your local school nutrition contact is well versed in all available programs and should be consulted well in advance if the need for food or snacks arises during an academic project
MEP Funded Field Trips

• Must be connected to an educational IP, reasonable and necessary, and are seldom due to limited funds

• Advanced planning and coordination with the MEP regional office

• Complete the MEP Field Trip form, submit to regional coordinator for approval and upload the approved form on the attachments tab on the portal

Field Trip Form
Expenses and Draw Downs

• LEA draw down amounts are monitored by the regional coordinators to ensure expenditures are on schedule

• Carryover, if any, must be used before it expires

• Due to population shifts, some LEAs may no longer have the same MEP participant populations in the district and may face spending challenges. Carryover funds may be held at the state to ensure they are spent before expiration
MEP Forms

Available on the GaDOE MEP website

• Field Trip Approval
• Reasonable and Necessary
• Certified Staff Approval

Allocations of School Improvement Grants for the FY21 School Year

Grants approved by the state board on June 18, 2020 are awarded to the district on behalf of identified schools to support school improvement efforts, attendance at GaDOE required professional learning, and adherence to the guidelines expressed in the MOA.
School Improvement Grant 1003(a)

• Schools will collaborate with their continuous improvement team to identify how funds can be used to support the school improvement plans. They will complete a budget and Justification of Expenses form for the allocation of 1003 school improvement funds.

• The justification will specify how the funds will be spent on evidence-based interventions (strong, moderate, promising) beginning July 1, 2020 through September 30, 2021.

• Districts will also complete a District Plan of Support for identified schools, describing district support above and beyond the support provided to non-identified schools.

School Improvement Grant 1003(g)

Purpose
School Improvement Grants (SIGs), authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965 (ESEA), are grants to state educational agencies (SEAs) that SEAs use to make competitive sub-grants to local educational agencies (LEAs) that demonstrate the greatest need for the funds and the strongest commitment to use the funds to provide adequate resources in order to substantially raise the achievement of students in their lowest-performing schools. SIG is not one of the programs extended through ESSA. FY21 is the final year for 1003(g) School Improvement Grants.

Next Session: McKinney Vento Grants and Homeless Set-Aside
Title I, Part A Homeless Set-Aside and
Title IX, Part A McKinney-Vento Education for Homeless Children and Youth (EHCY) Program

Presenter: Eric McGhee, Program Manager
McKinney-Vento Homeless Program

Required District Set-Asides

• According to ESSA Title I, Part A, all LEAs must reserve (set-aside) such funds as are necessary to provide comparable services to homeless children [Section 1113 (c)(3)(i)]

• LEAs must use one of four methods on the next slide to calculate the set-aside. Determining appropriate amount requires coordination between Title I and the Homeless Education Department
McKinney-Vento Homeless Program

Required District Set-Asides

- Four possible methods to calculate the homeless set-aside:
  - Identify homeless student needs and fund accordingly
  - Obtain a count of homeless students and multiply by the district’s Title I, Part A per-pupil allocation (PPA)
  - Reserve an amount greater than or equal to the district’s McKinney-Vento subgrant request
  - Reserve a specific percentage of the district’s poverty level or its Title I, Part A allocation
McKinney-Vento Homeless Program

Required District Set-Asides

- The GaDOE homeless coordinator must review the homeless set-aside prior to budget approval. LEA program managers should:
  - Explain the method used to determine the set-aside amount and show the calculation in the Consolidated Application set-aside description
  - Set-aside funds may be used to assist homeless students in all LEA schools
McKinney-Vento Homeless Program

Required District Set-Asides

- LEAs have the discretion to use set-aside funds to provide homeless students with services that are not ordinarily provided to other Title I students and that are not available from other sources.

- In determining appropriate expenditures for the funds set-aside for homeless students, it is important to note that comparable services may not necessarily mean services that are identical to the services provided to non-homeless students (i.e. uniforms, expedited evaluations, eyeglasses, transportation).

Authority regarding the use of Title I, Part A funds in the Consolidated Appropriations Act and in ESSA

- Funds available under sections 1124, 1124A, 1125 and 1125A of the ESSA may be used to provide homeless children and youths with services not ordinarily provided to other students under those sections, including supporting the liaison designated pursuant to section 722(g)(1)(J)(ii) of the McKinney-Vento Homeless Assistance Act, and providing transportation pursuant to section 722(g)(1)(J)(iii) of such Act.

- The Appropriations Act expands the use of Title I funds to support homeless children and youth for the following requirements under McKinney-Vento:
  - Local homeless liaison
  - Transportation to and from school of origin

Next Session: Title I Part D
Title I, Part A Neglected Set-Aside and
Title I, Part D, Subpart 2 Programs for Neglected and Delinquent Children
Neglected and Delinquent

Required District Set-Asides Local Institutions
The amount of the set-aside must be equal to or greater than the amount listed on the GaDOE’s FY21 allocation sheet

- Services provided must be fully described
- Funds can support only those activities that lead to a Georgia high school diploma (not GED)
- Where appropriate, the set-aside is used to serve children in local institutions for delinquent children and to serve neglected or delinquent children in community day programs
Neglected and Delinquent

Required District Set-Asides Local Institutions

• LEAs reporting neglected children on the annual N&D survey receive the Title I, Part A neglected reservation
• LEAs reporting delinquent children on the annual survey MAY receive the Title I, Part D, Subpart 2 allocation, if those LEAs reported delinquent numbers above the median of all reporting LEAs received the above allocation
• Those LEAs reporting delinquent numbers below the median are not eligible to receive the Title I, Part D, Subpart 2 allocation
Neglected and Delinquent

Required District Set-Asides Local Institutions

• LEAs that reported delinquent children but did not receive a Title I, Part A neglected reservation AND they are not eligible to receive the Title I, Part D, Subpart 2 allocation may use a portion of their regular Title I, Part A allocation to support delinquent children in Residential Treatment Facilities (RTFs), previously 618 schools.

• Please note that LEAs who did not receive a Title I, Part A neglected reservation or Title I, Part D, Subpart 2 allocation are not required to reserve a certain amount or percentage.
  o These LEAs are required to consult with RTFs to determine their educational needs. When setting aside regular Title I, Part A monies to serve these children the LEA must use a Custom Delinquent Set-Aside.
  o Set-aside amounts need to be reasonable to address the educational needs of these children. Consultation must be documented.

Potential Custom Foster Care Set-Aside

- The Title I, Part A Foster Care Education requirements under the Every Student Succeeds Act (ESSA) has no corresponding budget; however, because the requirements fall under Title I, Part A, any proposed activities that required funding could come from Title I, Part A.

- If an LEA desires to use a portion of the Title I, Part A allocation to support supplemental academic activities for children in care, then the LEA should:
  - Consult with the Title I, Part A Area Specialist
  - Develop a rational method to determine a reasonable amount to reserve to address the educational needs
  - Create a Custom Foster Care Set-Aside in the Consolidated Application under Data Collections in the Set-Aside tab
