What is Embark?

- **Local: Campus Based Program at UGA - Embark UGA**
  Embark UGA will increase the opportunities for UGA students who have experienced foster care and/or homelessness through the organization of a resource and referral network on campus that supports and promotes success and well-being beyond an education.

- **Statewide: Embark Georgia Network**
  The Embark Georgia statewide network serves public four and two year post-secondary professionals and institutions to ensure connectivity, share best practices, and provide information exchange among youth, community based stakeholders, and K-12 educators in support of youth who have experienced foster care and homelessness.

- **National: Embark Georgia is a founding state among the National Association for Student Affairs Professionals (NASPA) Socioeconomic and Class Issues in Higher Education (SCIHE) Knowledge Community, which seeks to support underrepresented students access supports across higher education campuses.**

Definition of foster youth

**Foster care** means 24-hour substitute care for children placed away from their parents or guardians and for whom the State agency has placement and care responsibility. This includes, but is not limited to, placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and preadoptive homes.
Definition of Homeless/Unaccompanied youth

Individuals whose nighttime residence is NOT:
• Fixed: stationary, permanent, and not subject to change
• Regular: used on a predictable, routine, or consistent basis
• Adequate: sufficient for meeting both the physical and psychological needs typically met in the home
(42 U.S.C §11434A(2)(B)(i))

Unaccompanied Homeless Youth (UHY):
• Homeless and not in the physical custody of a parent or guardian; in practical terms, this means the youth does not live with the parent or guardian.

Barriers to Accessing Higher Education

Lack of:

- Access to parental financial information and support
- Financial means to live independently and safely
- Financial self-sufficiency once enrolled in college
- Housing options, especially in small towns or rural areas
- Balance between school and other responsibilities
- Adult guidance and support
- Information about available support systems

Presentation by Cyekeia Lee, NAEHCY post-secondary coordinator

Barriers to Retention

- **Uncertain how to ask for help**
- Study skills and other basic know-how not well developed
- Difficulty navigating college system
- Most are first-generation, low-income students
- Housing instability

Foster youth are three times more likely to persist in college if they participate in a campus support program for foster youth
