FY22 CLIP Options
What should an LEA consider when selecting their option?

- IS THE LEA IN NEED OF A FORMALIZED PROCESS FOR ESTABLISHING A PLAN SPECIFIC TO THE NEEDS TO BE ADDRESSED WITH ITS FEDERAL FUNDS UNDER THE ESEA/ESSA LAW?

- WERE THERE A SIGNIFICANT NUMBER OF RECOMMENDATIONS GIVEN BY THE GADOE FY20 CLIP REVIEW TEAM DURING ITS REVIEW OF THE LEA’S FY20 ONLINE or SUBMISSION?

Note: This option will provide the necessary guidance, structure, and support for new LEAs completing a CLIP for the first time.

School Year
District:

CLIP Online

The CLIP Online option is the GaDOE’s main ESSA plan collection path and includes the tools, templates, and resources necessary to complete the LEA’s annual application for using its federal awards.

Streamlined CLIP (S-CLIP)

The Streamlined CLIP (S-CLIP) option is an alternative ESSA plan collection path. An LEA that already has in place a locally developed school improvement process and/or current strategic plan and/or charter system contract may choose this path to complete the LEA’s annual application for using its federal awards.

Identifying Needs

- Conduct a comprehensive needs assessment, consulting many sources of data to determine what needs improving
- Identify overarching needs
- Identify root causes to address the identified needs
Data Collection Analysis

- The LEA team will review their progress toward the Georgia District Performance Standards (GDPS).
  - Why? To create a common understanding of what the LEA believes are the strengths and challenges.
- GDPS are grouped by system.
- GaDOE does not evaluate responses.
Data Collection Analysis
Sections 2.1 - 2.5

**GDPS - Learning and Teaching (Standard 1): Engages and supports all schools in systematic processes for curriculum design to align instruction and assessments with the required standards.**

- **Exemplary**
  - The district continuously engages and supports all schools in systematic processes for curriculum design to align instruction and assessments with the required standards. District staff work to build the capacity of schools for design efforts.

- **Operational**
  - The district engages and supports all schools in systematic processes for curriculum design to align instruction and assessments with the required standards.

- **Emerging**
  - The district processes for engaging and supporting schools in curriculum design without district process or support.

- **Not Evident**
  - District schools are left to work in isolation on curriculum design without district processes or support.

**Review Your Data**

**Self-Ratings**

Insights Data Dashboards

From discipline and attendance to perception and bullying, the Georgia Insights School Climate dashboard allows users to see the data behind the school climate star rating.

The Georgia Insights Milestones dashboard allows users to see how students are performing across core content areas and achievement levels at the school, district, and state levels.

The Georgia Insights Financial Information dashboard allows users to view detailed breakdowns of revenues and expenditures for districts and schools.

Using Georgia Insights, find comparison schools for the components of the school climate rating.

The Georgia Insights Teacher Pipeline dashboard allows users to see demand by district and supply from state providers.

The Georgia Insights Literacy dashboard allows users to see grade-level reading rates to Lexile scores by district and school.
Data Collection and Analysis

CCRPI reports show how districts are performing on important indicators and are intended to inform educators, parents, and community stakeholders as they work collaboratively to improve student outcomes.
Section 2.6 will help the LEA organize the results of their data review. This question pattern is repeated for each of the four categories:

- Perception
- Process
- Achievement
- Demographics

• GaDOE does not evaluate these responses.
Data Collection and Analysis

• Perception Data
  • Examples: student perceptions about school climate issues (health survey, violence, prejudice, bullying, etc.); student/parent perceptions about the effectiveness of programs or interventions; student understanding of relationship of school to career or has an academic plan

• Process Data
  • Examples: student participation in school activities, sports, clubs, arts; student participation in special programs such as peer mediation, counseling, skills conferences; parent/student participation in events such as college information meetings and parent workshops

Guiding Questions

• What is our data telling us?
• What additional (leading, real-time) data should we consider as we identify overarching needs?
• Are all subgroups of students performing at the optimal level?
• What trends and patterns are observed for all students and each sub-group? Be specific.
• Are there any extraordinary or external factors impacting student learning (i.e., digital learning due to the pandemic)?
• What are the important trends and patterns that will support the identification of student, teacher, and leader needs?

Root cause analysis (RCA) is a tool used to identify the real cause of a problem. It is the process of defining, understanding, and solving a problem. A root cause should be foundational, actionable, wide-reaching, and alterable.
Select Interventions

- Research many sources to determine the solutions that have a good chance of meeting the identified needs
- Consider all the evidence for needed improvement
- Research possible interventions
- Determine if LEA has the capacity to implement the possible interventions

Improvement Goals

Identify Two Equity Gaps

Improvement Goals

Goal Definition:
- Starting with the needs and root causes; ending with the goal.
- Includes determining if the need is also an equity gap.
Improvement Goals

Develop SMART Goals

Types of Goals

- **Process Goals**
  Drive the implementation of school improvement efforts.

- **Performance Goals**
  Advance the mission of schools and districts by defining achievement benchmarks.

SMART Goal
SMART is an acronym for:
- **Specific**
- **Measurable**
- **Attainable**
- **Relevant**
- **Time-bound**
Improvement Goals

Goal Implementation:
• Starting with the goal, moving to identifying the action steps to address gaps and the subgroups
• Add as many action steps to address the goal that are needed by choosing

Let’s break this apart…
Improvement Goals

2.2 Overarching Need # 1

Goal Definition

Goal: Improve Reading.

Evidence-based Action Steps: Describe the evidence-based action steps to be taken to achieve the goal.

Action Step # 1

Enter some text here
Plan Implementation

• Create action steps that will support the LEA in meeting the identified goal

• Action steps should include:
  • What will specifically be implemented
  • The position(s)/role(s) that will be responsible for implementation
  • The timeline for implementation of the action step
  • The artifacts that will be collected to show the action step was implemented
  • The data that will be collected to evaluate the effectiveness of the action step
  • How often the work and effectiveness of the action step/intervention will be monitored
  • The funding source(s) that could be used to implement the action step
Improvement Goals

Decide on Specific Action Steps

**Guiding Questions:**

- What action steps will the LEA implement to address the identified SMART goal? Be explicit.
- Do the action steps align with the Georgia Systems of Continuous Improvement and the structures associated with the selected system(s)?
- Do the action steps identify intended outcomes so that you know what to monitor?
- If consolidating federal funds, do the action steps meet the intent and purpose of each program?
- What targeted supports are in place to address the identified needs of your subgroups?

Progress Monitoring

A CLIP progress monitoring tool is available in the SLDS.

- The Progress Monitoring tools is available after a CLIP (Online or S-CLIP) is initially approved by GaDOE.
- Both the District Administrator and the District Superintendent roles can view, edit, and select the evidence of progress status applicable to each action step of the CLIP.
- LEAs are encouraged to convene the CLIP stakeholder group to review the status of the CLIP action steps and complete the progress monitoring application.
- GaDOE Continuous Improvement Teams (CIT) will collaboratively review the CLIP Online progress monitoring submission, not to approve it but rather to simply gain insight into how the LEA is progressing in implementing its approved plan.

Reporting Periods:

- July 1– December 31 (reporting window open during the month of January)
- January 1 – May 1 (reporting window open during the month of May)

A navigation guide is available [here](#).
CLIP Amendments

An LEA needing to amend the CLIP may do so at any point during the year. The process is as follows:

1. The superintendent will log in to the SLDS CLIP and select “Request an Amendment”. The request includes a space for a short description of the purpose of the amendment.
2. The superintendent will submit the request to GaDOE.
3. GaDOE will receive and approve the request. An email will be sent to the LEA confirming the approval and availability of the CLIP for amending.
4. After the LEA amends the CLIP, the superintendent will submit the amended CLIP to GaDOE for review.
5. The LEA’s GaDOE Continuous Improvement Team (CIT) will review the submission and either approve or request revisions.
